60-2-111, AND 60-2-112, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, nationally, the concept of a single contract incorporating both the design and construction elements of highway construction has produced numerous examples of time savings in development of projects and delivery of completed projects without sacrificing quality; and

WHEREAS, the Legislature recognizes the impact that highway construction activities have on the state's economy and recognizes design-build contracting on a limited basis as a viable adjunct to, not a replacement for, the existing highway contracting process; and

WHEREAS, a pilot program to allow the Department of Transportation and the Transportation Commission the opportunity to use a design-build concept in highway contracting in select instances is an appropriate way to test the concept's efficiency in Montana.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. For the purposes of 18-8-204, 18-8-205, 60-2-111, 60-2-112, and [sections 1 through 4], the following definitions apply:

(1) "Design-build contracting" means the process of entering into a single contract between the commission and a design-build contractor in which the design-build contractor agrees to design and build a highway, structure, or facility or any other items required in a request for proposals.

(2) "Design-build contractor" means an individual, partnership, corporation, joint venture, or other legally recognized entity that is appropriately licensed in Montana and that provides the necessary design and construction services, including contract administration.

(3) "Design-build criteria package" means the document provided by the department that contains the information necessary to guide a prospective design-build contractor in the preparation and submission of a proposal for a design-build project.

(4) "Request for proposals" means a part of the design-build criteria package that contains a detailed scope of work, including design concepts, technical requirements and specifications, the time allowed for design and construction, the department's estimated cost of the project, the deadline for submitting a proposal, the selection criteria, and a copy of the contract.

(5) "Request for qualifications" means a part of the design-build criteria package that contains the desired minimum qualifications of the design-build contractor, a scope of work statement, the project requirements, the amount of reimbursement that the commission has determined will be paid to prospective design-build contractors who qualify for the short list but are not awarded a contract, and the selection criteria that the department will use in compiling the short list of prospective design-build contractors to consider.

Section 2. Design-build contracting authorized — limit on projects — reporting requirement. (1) Beginning on [the effective date of this act] through December 31, 2008, the commission and the department are authorized to establish and implement a design-build contracting pilot program for highway construction.

(2) The total cost of projects that the commission and the department authorize under the design-build contracting pilot program may not exceed $20 million.

(3) The department shall provide a report to the governor and the 61st legislature. The report must contain a benefit analysis of design-build contracting in comparison to the contracting process authorized in 60-2-111. The department shall also report to the governor and the revenue and transportation interim committee, upon request, to provide updates on the design-build contracting pilot program.

(2) From the responders to the request for qualifications, the department shall prepare a short list of the responders that it believes are most qualified, not to exceed five responders on any single project.

(3) (a) The department shall announce the short list and issue a request for proposals to each of the prospective design-build contractors on the short list, who may then submit a technical proposal to the department.

(b) A technical proposal submitted in response to a request for proposals must contain detailed descriptions of the prospective design-build contractor's approach to designing, constructing, and managing the project in accordance with the design-build criteria package. The technical proposal must also include the prospective design-build contractor's conceptual design and construction sequence and schedule.

(iii) the officer or manager either:

(A) owns 20% or more of the number of shares of stock in the corporation or owns 20% or more of the limited liability company; or

(B) owns less than 20% of the number of shares of stock in the corporation or limited liability company if the officer's or manager's shares when aggregated with the shares owned by a person or persons listed in subsection (2)(r)(iv) total 20% or more of the number of shares in the corporation or limited liability company; or

(iv) the officer or manager is the spouse, child, adopted child, stepchild, mother, father, son-in-law, daughter-in-law, nephew, niece, brother, or sister of a corporate officer who meets the requirements of subsection (2)(r)(iii)(A) or (2)(r)(iii)(B).

(s) a person who is an officer or a manager of a ditch company as defined in 27-1-731;

(t) service performed by an ordained, commissioned, or licensed minister of a church in the exercise of the church's ministry or by a member of a religious order in the exercise of duties required by the order*;*

(u) employment of a person who is not an employee or worker in this state as defined in 39-71-118(10).

(3) (a) A sole proprietor, a working member of a partnership, a working member of a limited liability partnership, or a working member of a member-managed limited liability company who represents to the public that the person is an independent contractor shall elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3 but may apply to the department for an exemption from the Workers' Compensation Act.

(b) The application must be made in accordance with the rules adopted by the department. There is a ~~$25~~ *$17* fee for the initial application. Any subsequent application renewal must be accompanied by a ~~$25~~ *$17* application fee. The application fee must be deposited in the administration fund established in 39-71-201 to offset the costs of administering the program.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) The exemption, if approved, remains in effect for ~~3~~ *2* years following the date of the department's approval. To maintain the independent contractor status, an independent contractor shall ~~every 3 years~~ submit a renewal application *every 2 years*. ~~A renewal application must be submitted for all independent contractor exemptions approved on or after July 1, 1995.~~ The renewal application and the ~~$25~~ *$17* renewal application fee must be received by the department at least 30 days before the anniversary date of the previously approved exemption.

(e) A person who makes a false statement or misrepresentation concerning that person's status as an exempt independent contractor is subject to a civil penalty of $1,000. The department may impose the penalty for each false statement or misrepresentation. The penalty must be paid to the uninsured employers' fund. The lien provisions of 39-71-506 apply to the penalty imposed by this section.

(f) If the department denies the application for exemption, the applicant may, after mediation pursuant to department rules, contest the denial by petitioning the workers' compensation court.

(4) (a) A corporation or a manager-managed limited liability company shall provide coverage for its employees under the provisions of compensation plan No. 1, 2, or 3. A quasi-public corporation, a private corporation, or a manager-managed limited liability company may elect coverage for its corporate officers or managers, who are otherwise exempt under subsection (2), by giving a written notice in the following manner:

(i) if the employer has elected to be bound by the provisions of compensation plan No. 1, by delivering the notice to the board of directors of the corporation or to the management organization of the manager-managed limited liability company; or

(ii) if the employer has elected to be bound by the provisions of compensation plan No. 2 or 3, by delivering the notice to the board of directors of the corporation or to the management organization of the manager-managed limited liability company and to the insurer.

(b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. The sign must be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

Section 2. Section 39-71-503, MCA, is amended to read:

"39-71-503. Uninsured employers' fund — purpose and administration of fund —*maintaining balance for administrative costs* — appropriation. (1) There is created an uninsured employers' fund in the state special revenue account to pay:

(a) to an injured employee of an uninsured employer the same benefits the employee would have received if the employer had been properly enrolled under compensation plan No. 1, 2, or 3, except as provided in subsection (3);

(b) the costs of investigating and prosecuting workers' compensation fraud under 2-15-2015; and

(c) the expenses incurred by the department in administering the uninsured employers' fund.

(2) The department may refer to the workers' compensation fraud office, established in 2-15-2015, cases involving:

(a) false or fraudulent claims for benefits; and

(b) criminal violations of 45-7-501.

(3) *(a)* ~~Surpluses~~ *Except as provided in subsection (3)(b), surpluses* and reserves may not be kept for the fund. The department shall make payments

that it considers appropriate as funds become available from time to time. The payment of weekly disability benefits takes precedence over the payment of medical benefits. Lump-sum payments of future projected benefits, including impairment awards, may not be made from the fund. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(b) The department shall maintain at least a 3-month balance based on projected budget costs for administration of the fund. The balance for administrative costs may be used by the department only in administering the fund.

(4) The amounts necessary *for the administration of the fund and* for the payment of benefits from ~~this~~ *the* fund are statutorily appropriated, as provided in 17-7-502, from ~~this~~ *the* fund."

Section 3. Section 39-71-504, MCA, is amended to read:

"39-71-504. Funding of fund — option for agreement between department and injured employee. The fund is funded in the following manner:

(1) (a) The department may require that the uninsured employer pay to the fund a penalty of either up to double the premium amount the employer would have paid on the payroll of the employer's workers in this state if the employer had been enrolled with compensation plan No. 3 or $200, whichever is greater. In determining the premium amount for the calculation of the penalty under this subsection, the department shall make an assessment based on how much premium would have been paid on the employer's past 3-year payroll for periods within the 3 years when the employer was uninsured.

(b) The fund shall collect from an uninsured employer an amount equal to all benefits paid or to be paid from the fund to an injured employee of the uninsured employer.

(c) In addition to any amounts recovered under subsections (1)(a) and (1)(b), the fund shall collect a penalty of $200 from an employer that fails to obtain Montana workers' compensation insurance within 30 days of notice of the requirement.

(2) (a) An uninsured employer that fails to make timely penalty or claim reimbursement payments required under this part must be assessed a late fee of $50 for each late payment.

(b) Any unpaid balance owed to the fund under this part for penalties or claim reimbursement must accrue interest at 12% a year or 1% a month or fraction of a month. Interest on unpaid balances accrues from the date of the original billing.

(c) Late fees and interest assessed pursuant to this subsection (2) must be deposited into the fund for payment of administrative expenses and benefits.

~~(2)~~*(3)* The department may enter into an agreement with the injured employee or the employee's beneficiaries to assign to the employee or the beneficiaries all or part of the funds collected by the department from the uninsured employer pursuant to subsection (1)(b)."

Section 4. Section 39-71-506, MCA, is amended to read:

"39-71-506. Lien for payment of unpaid penalties, *fees, interest,* and claims — levy and execution. (1) If, upon demand of the department, an

uninsured employer refuses to make the payments to the fund that are provided for in ~~subsections (1) and (2) of~~ 39-71-504, the unpaid penalties*, fees, interest*, and claims have the effect of a judgment against the employer at the time the payments become due. After the due process requirements of 39-71-2401(2) and (3) are satisfied, the department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the employer. After satisfying any due process requirements, the department may enforce the judgment at any time within 10 years of creation of the lien.

(2) The department may settle through compromise with an uninsured employer the amount due the fund under 39-71-504."

Section 5. Section 39-71-520, MCA, is amended to read:

"39-71-520. Time limit to appeal *to mediation — petitioning workers' compensation court — failure to settle or petition.* *(1)* A dispute concerning uninsured employers' fund benefits must be appealed to mediation within 90 days from the date of the determination or the *date that the* determination is considered final.

(2) (a) If the parties fail to reach a settlement through the mediation process, any party may file a petition before the workers' compensation court.

(b) A party's petition must be filed within 60 days of the mailing of the mediator's report provided for in 39-71-2411 unless the parties stipulate in writing to a longer time period for filing the petition.

(c) If a settlement is not reached through mediation and a petition is not filed within 60 days of the mailing of the mediator's report, the determination by the department is final."

Section 6. Collection of penalties, claim costs, late fees, and interest — liability for payment of collection costs. (1) If the department is unable to collect penalties, claim costs, late fees, or interest assessed pursuant to the provisions of this part, the department may assign the debt to a collection service or transfer the debt to the department of revenue pursuant to Title 17, chapter 4, part 1.

(2) (a) The reasonable collection costs of a collection service, if approved by the department, or assistance costs charged the department by the department of revenue pursuant to 17-4-103(3) may be added to the debt for which collection is being sought.

(b) (i) All money collected by the department of revenue is subject to the provisions of 17-4-106.

(ii) All money collected by a collection service must be paid to the department, except that the collection service may retain those collection costs or, if the total debt is not collected, that portion of collection costs that are approved by the department.

Section 7. Section 39-71-901, MCA, is amended to read:

"39-71-901. Definitions. As used in this part, the following definitions apply:

(1) "Certificate" means documentation issued by the department to an individual who is a person with a disability.

(2) "Fund" means the subsequent injury fund in the proprietary fund category.

(3) "Person with a disability" means a person who has a medically certifiable permanent impairment that is a substantial obstacle to obtaining employment or to obtaining reemployment if the ~~employee~~ *person* should become unemployed, considering such factors as the person's age, education, training, experience, and employment rejection."

Section 8. Section 39-71-911, MCA, is amended to read:

"39-71-911. Obligation to make payments on behalf of fund not ~~an~~ independent liability. ~~The~~ *Except as provided in 39-71-909 and [section 10], the* obligation imposed by this part on the insurer to make payments on behalf of the fund does not impose an independent liability on the insurer."

Section 9. Section 39-71-915, MCA, is amended to read:

"39-71-915. Assessment of insurer — employers — definition — collection. (1) As used in this section, "paid losses" means the following benefits paid during the preceding calendar year for injuries covered by the Montana Workers' Compensation Act and the Occupational Disease Act of Montana without regard to the application of any deductible, regardless of whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(2) The fund must be maintained by assessing each plan No. 1 employer, each employer insured by a plan No. 2 insurer, plan No. 3, the state fund, with respect to claims arising before July 1, 1990, and each employer insured by plan No. 3, the state fund. The assessment amount is the total amount of paid losses reimbursed from the fund in the preceding calendar year and the expenses of administration less other income. The total assessment amount to be collected must be allocated among plan No. 1 employers, plan No. 2 employers, plan No. 3, the state fund, and plan No. 3 employers, based on a proportionate share of paid losses for the calendar year preceding the year in which the assessment is collected. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(3) On or before ~~April 30~~ *May 31* each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. The amount to be assessed against the state fund must separately identify the amount attributed to claims arising before July 1, 1990, and the amount attributable to state fund claims arising on or after July 1, 1990. On or before April 30 each year, the department, in consultation with the advisory organization designated under 33-16-1023, shall notify plan No. 2 insurers and plan No. 3 of the premium surcharge rate to be effective for policies written or renewed on and after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is a proportionate amount of total plan No. 1 paid losses during the preceding calendar year that is equal to the percentage that the total paid losses of the individual plan No. 1 employer bore to the total paid losses of all plan No. 1 employers during the preceding calendar year.

(5) The portion of the assessment attributable to state fund claims arising before July 1, 1990, is the proportionate amount that is equal to the percentage that total paid losses for those claims during the preceding calendar year bore to the total paid losses for all plans in the preceding calendar year. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the subsequent injury fund assessment that is attributable to claims arising before July 1, 1990.

(6) The remaining portion of the assessment must be paid by way of a surcharge on premiums paid by employers being insured by a plan No. 2 insurer or plan No. 3, the state fund, for policies written or renewed annually on or after July 1. The surcharge rate must be computed by dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided by subsection (9).

(7) Each plan No. 2 insurer providing workers' compensation insurance and plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (6). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation subsequent injury fund surcharge". Each assessment premium surcharge must be shown as a percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner that the premium for the coverage is collected. The assessment premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium. If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge first and the remaining amount applied to the premium due.

(8) (a) All assessments paid to the department must be deposited in the fund.

(b) Each plan No. 1 employer shall pay its assessment by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter by not later than 20 days following the end of the quarter.

(d) The state fund shall pay the portion of the assessment attributable to claims arising before July 1, 1990, by July 1.

(e) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the fund.

(9) The amount of the assessment premium surcharge actually collected pursuant to subsection (7) must be compared each year to the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator provided for by subsection (6) for the following year's assessment premium surcharge."

Section 10. Concurrence of fund in settlements. (1) Petitions for compromise settlements that potentially involve payments from the fund must have written concurrence by an authorized representative of the fund prior to submission for department approval.

(2) The failure to receive written concurrence from the fund's representative relieves the fund of any liability for payment of benefits for a compromise settlement, and the obligation to pay remains with the insurer.

Section 11. Section 39-71-1004, MCA, is amended to read:

"39-71-1004. Industrial accident rehabilitation account. (1) The payments provided in 39-71-1003 must be made from the industrial accident rehabilitation account in the state special revenue fund. Payments to the account must be made each year upon an assessment by the department as follows:

(a) by each employer operating under the provisions of plan No. 1 of the Workers' Compensation Act, an amount to be assessed by the department, not exceeding 1% of the compensation paid to the employer's injured employees in Montana for the preceding calendar year;

(b) by each insurer insuring employers under the provisions of plan No. 2 of the Workers' Compensation Act, an amount to be assessed by the department, not exceeding 1% of the compensation paid to injured employees of its insured in Montana during the preceding calendar year;

(c) by the state fund, an amount to be assessed by the department, not exceeding 1% of the compensation paid by the state fund to injured employees in Montana during the preceding calendar year.

(2) Separate accounts of the amounts that were collected and disbursements that were made from the industrial accident rehabilitation account in the state special revenue fund must be kept for each of the plans. If in any fiscal year the amount that was collected from the employers under any plan exceeds the amount of payments for employees of the employers under the plan, the assessment against the employers under the plan for the following year must be reduced.

(3) The payments provided for in this section must be made to the department, which shall credit the sums paid to the industrial accident rehabilitation account in the custody of the state treasurer. Disbursements from the account must be made after approval by the department.

(4) The board of investments shall invest the money of the industrial accident rehabilitation account, and the investment income must be deposited in the industrial accident rehabilitation account.

~~(4)~~*(5)* The funds allocated or contributed as provided in this section may not be used for payment of administrative expenses of the department.

~~(5)~~*(6)* The methods and processes used to disburse rehabilitation expense payments to eligible disabled workers are procedural and do not affect the substantive rights of those disabled workers."

Section 12. Codification instruction. (1) [Section 6] is intended to be codified as an integral part of Title 39, chapter 71, part 5, and the provisions of Title 39, chapter 71, part 5, apply to [section 6].

(2) [Section 10] is intended to be codified as an integral part of Title 39, chapter 71, part 9, and the provisions of Title 39, chapter 71, part 9, apply to [section 10].

Section 13. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 194

[SB 139]

AN ACT REPLACING THE EXISTING INTERSTATE COMPACT ON JUVENILES WITH THE NEW INTERSTATE COMPACT ON JUVENILES; AMENDING SECTION 41-6-101, MCA; AND PROVIDING A CONTINGENT EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-6-101, MCA, is amended to read:

"41-6-101. Enactment — provisions. The Interstate Compact on Juveniles ~~as contained herein~~ is ~~hereby~~ enacted into law and entered into by this state with all other jurisdictions legally joining ~~therein~~ *in the compact* in the form substantially as follows:

The contracting states solemnly agree that:

~~Article I. Findings and Purposes~~

~~(1) Juveniles who are not under proper supervision and control or who have absconded, escaped, or run away are likely to endanger their own health, morals, and welfare and the health, morals, and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to:~~

~~(a) cooperative supervision of delinquent juveniles on probation or parole;~~

~~(b) the return, from one state to another, of delinquent juveniles who have escaped or absconded;~~

~~(c) the return, from one state to another, of nondelinquent juveniles who have run away from home; and~~

~~(d) additional measures for the protection of juveniles and of the public which any two or more of the party states may find desirable to undertake cooperatively.~~

~~(2) In carrying out the provisions of this compact the party states shall be guided by the noncriminal, reformative, and protective policies which guide~~

~~their laws concerning delinquent, neglected, or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.~~

~~Article II. Existing Rights and Remedies~~

~~All remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies, and procedures and shall not be in derogation of parental rights and responsibilities.~~

~~Article III. Definitions~~

~~For the purposes of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected, or dependent children; "state" means any state, territory, or possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.~~

~~Article IV. Return of Runaways~~

~~(1) The parent, guardian, person, or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person, or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person, or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent,~~

~~neglected, or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person, or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.~~

~~(2) Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person, or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding 90 days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention, or supervision for such offense of juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.~~

~~(3) The state to which a juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.~~

~~(4) "Juvenile" as used in this article means any person who is a minor under the law of the state of residence of the parent, guardian, person, or agency entitled to the legal custody of such minor.~~

~~Article V. Return of Escapees and Absconders~~

~~(1) The appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile if known at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.~~

~~(2) Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time not exceeding 90 days as will enable his detention under a detention order issued on a requisition pursuant to this article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention, or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the~~

~~delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.~~

~~(3) The state to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation cost of such return.~~

~~Article VI. Voluntary Return Procedure~~

~~Any delinquent juvenile who has absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of Article IV(1) and (2) or of Article V(1) and (2), may consent to his immediate return to the state from which he absconded, escaped, or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located, and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.~~

~~Article VII. Cooperative Supervision of Probationers and Parolees~~

~~(1) The duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian, or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies, and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian, or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted, the sending state may transfer supervision accordingly.~~

~~(2) Each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.~~

~~(3) After consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such state or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention, or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.~~

~~(4) The sending state shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.~~

~~Article VIII. Responsibility for Costs~~

~~(1) The provisions of Articles IV(3), V(3), and VII(4) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies, and officers of and in the government of a party state or between a party state and its subdivisions as to the payment of cost or responsibilities therefor.~~

~~(2) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency, or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV(3), V(3), or VII(4) of this compact.~~

~~Article IX. Detention Practices~~

~~To every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail, or lockup or be detained or transported in association with criminal, vicious, or dissolute persons.~~

~~Article X. Supplementary Agreements~~

~~The duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment, and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment, and rehabilitation. Such care, treatment, and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall:~~

~~(1) provide the rates to be paid for the care, treatment, and custody of such delinquent juveniles, taking into consideration the character of facilities, services, and subsistence furnished;~~

~~(2) provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment, and custody;~~

~~(3) provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile;~~

~~(4) provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state;~~

~~(5) provide for reasonable inspection of such institutions by the sending state;~~

~~(6) provide that the consent of the parent, guardian, person, or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and~~

~~(7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.~~

~~Article XI. Acceptance of Federal and Other Aid~~

~~Any state party to this compact may accept any and all donations, gifts, and grants of money, equipment, and services from the federal or any local government or any agency thereof and from any person, firm, or corporation for any of the purposes and functions of this compact and may receive and utilize the same subject to the terms, conditions, and regulations governing such donations, gifts, and grants.~~

~~Article XII. Compact Administrators~~

~~The governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules to carry out more effectively the terms and provisions of this compact.~~

~~Article XIII. Execution of Compact~~

~~This compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.~~

~~Article XIV. Renunciation~~

~~This compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending 6 months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X hereof shall be subject to renunciation as provided by such supplementary agreements and shall not be subject to the 6 months' renunciation notice of the present article.~~

~~Article XV. Severability~~

~~The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.~~

~~Article XVI. Rendition~~

~~(1) This amendment shall provide additional remedies and shall be binding only as among and between those party states which specifically execute the same.~~

~~(2) All provisions and procedures of Articles V and VI of this compact shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile charged with being a delinquent by reason of violating any criminal law shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in Article V of this compact shall be forwarded by the judge of the court in which the petition has been filed.~~

Article I. Purpose

(1) The compacting states to this interstate compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents, and status offenders who are on probation or parole and who have absconded, escaped, or run away from supervision and control and in doing so have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that congress, by enacting 4 U.S.C. 112, has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(2) It is the purpose of this compact, through means of joint and cooperative action among the compacting states, to:

(a) ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state;

(b) ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected;

(c) return juveniles who have run away, absconded, or escaped from supervision or control or who have been accused of an offense to the state requesting their return;

(d) make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services;

(e) provide for the effective tracking and supervision of juveniles;

(f) equitably allocate the costs, benefits, and obligations of the compacting states;

(g) establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or other criminal or juvenile justice agencies that have jurisdiction over juvenile offenders;

(h) ensure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines;

(i) establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact;

(j) establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials and establish regular reporting of compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators;

(k) monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance;

(l) coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in that activity; and

(m) coordinate the implementation and operation of the compact with the interstate compact for the placement of children, the interstate compact for adult offender supervision, and other compacts affecting juveniles, particularly in those cases in which concurrent or overlapping supervision issues arise.

(3) It is the policy of the compacting states that the activities conducted by the interstate commission created in this section are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact must be reasonably and liberally construed to accomplish the purposes and policies of the compact.

Article III. Interstate Commission for Juveniles

(1) The compacting states hereby create the "Interstate Commission for Juveniles". The interstate commission is a body corporate and joint agency of the compacting states. The interstate commission has all the responsibilities, powers, and duties set forth in this section and additional powers that may be

conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

(2) The interstate commission consists of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the state council for interstate juvenile supervision created under this section. The commissioner is the compact administrator, deputy compact administrator, or designee from that state who shall serve on the interstate commission in that capacity under or pursuant to the applicable law of the compacting state.

(3) In addition to the commissioners who are the voting representatives of each state, the interstate commission shall include individuals who are not commissioners but who are members of interested organizations. The noncommissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, interstate compact for the placement of children, interstate compact for adult offender supervision, juvenile justice and juvenile corrections officials, and crime victims. All noncommissioner members of the interstate commission must be ex officio, nonvoting members. The interstate commission may provide in its bylaws for additional ex officio, nonvoting members, including members of other national organizations, in numbers determined by the interstate commission.

(4) Each compacting state represented at any meeting of the interstate commission is entitled to one vote. A majority of the compacting states constitutes a quorum for the transaction of business unless a larger quorum is required by the bylaws of the interstate commission.

(5) The interstate commission shall meet at least once each calendar year. The presiding officer may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice must be given of all meetings, and meetings must be open to the public.

(6) The interstate commission shall establish an executive committee, which must include interstate commission officers, members, and others as determined by the bylaws. The executive committee has the power to act on behalf of the interstate commission during periods when the interstate commission is not in session, with the exception of rulemaking or amendment to the compact. The executive committee shall oversee the day-to-day activities of the administration of the compact managed by an executive director and interstate commission staff, administer enforcement and compliance with the provisions of the compact, its bylaws, and its rules, and perform other duties as directed by the interstate commission or set forth in the bylaws.

(7) Each member of the interstate commission has the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the interstate commission. A member shall vote in person and may not delegate a vote to another compacting state. However, a commissioner, in consultation with the state council, shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the compacting state at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication.

(8) The interstate commission's bylaws must establish conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure any information or official

records to the extent that they would adversely affect personal privacy rights or proprietary interests.

(9) Public notice must be given of all meetings, and all meetings must be open to the public except as set forth in the rules or as otherwise provided in the compact. (b) disclose matters specifically exempted from disclosure by statute;

(c) disclose trade secrets or commercial or financial information that is privileged or confidential;

(d) involve accusing any person of a crime or formally censuring any person;

(e) disclose information of a personal nature when disclosure would constitute a clearly unwarranted invasion of personal privacy;

(f) disclose investigative records compiled for law enforcement purposes;

(g) disclose information contained in or related to examination, operating, or condition reports prepared by, or on behalf of or for the use of, the interstate commission with respect to a regulated person or entity for the purpose of regulation or supervision of the person or entity;

(h) disclose information, the premature disclosure of which would significantly endanger the stability of a regulated person or entity; and

(i) specifically relate to the interstate commission's issuance of a subpoena or its participation in a civil action or other legal proceeding.

(10) For every meeting closed pursuant to this provision, the interstate commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public and shall reference each relevant exemptive provision. The interstate commission shall keep minutes that must fully and clearly describe all matters discussed in any meeting and must provide a full and accurate summary of any actions taken and the reasons for the actions, including a description of each of the views expressed on any item and the record of any roll call vote, reflected in the vote of each member on the question. All documents considered in connection with any action must be identified in the minutes.

(11) The interstate commission shall collect standardized data concerning the interstate movement of juveniles as directed through its rules, which must specify the data to be collected, the means of collection and data exchange, and reporting requirements. The methods of data collection, exchange, and reporting must in so far as is reasonably possible conform to up-to-date technology and coordinate the interstate commission's information functions with the appropriate repository of records.

Article IV. Powers and Duties of the Interstate Commission

(1) The interstate commission has the powers and duties to:

(a) provide for dispute resolution among compacting states;

(b) promulgate rules to effect the purposes and obligations as enumerated in this compact. A rule proposed or adopted by the interstate commission is not binding on this state unless adopted by the department.

(c) oversee, supervise, and coordinate the interstate movement of juveniles subject to the terms of this compact and any bylaws adopted and rules promulgated by the interstate commission;

(d) enforce compliance with the compact provisions and bylaws adopted and the rules promulgated by the interstate commission, using all necessary and proper means, including but not limited to the use of the judicial process;

(e) establish and maintain offices that must be located within one or more of the compacting states;

(f) purchase and maintain insurance and bonds;

(g) borrow, accept, hire, or contract for services of personnel;

(h) establish and appoint committees and hire staff that it considers necessary for the carrying out of its functions, including but not limited to an executive committee, as required by Article III, which has the power to act on behalf of the interstate commission in carrying out its powers and duties under this section;

(j) accept, receive, use, and dispose of donations and grants of money, equipment, supplies, materials, and services;

(k) lease, purchase, accept contributions or donations of, or otherwise own, hold, improve, or use any property, real, personal, or mixed;

(l) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(m) establish a budget and make expenditures and levy dues as provided in Article VIII of this compact;

(n) sue and be sued;

(o) adopt a seal and bylaws governing the management and operation of the interstate commission;

(p) perform functions that may be necessary or appropriate to achieve the purposes of this compact;

(q) report annually to the legislatures, governors, judiciary, and state councils of the compacting states concerning the activities of the interstate commission during the preceding year. The reports must include any recommendations that may have been adopted by the interstate commission.

(r) coordinate education, training, and public awareness regarding the interstate movement of juveniles for officials involved in that activity; and

(s) establish uniform standards of the reporting, collecting, and exchanging of data.

(2) The interstate commission shall maintain its corporate books and records in accordance with the bylaws.

Article V. Organization and Operation of the Interstate Commission

(1) The interstate commission shall, by a majority of the members present and voting, within 12 months after the first interstate commission meeting,

adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including but not limited to:

(a) establishing the fiscal year of the interstate commission;

(b) establishing an executive committee and other committees that may be necessary;

(c) providing for the establishment of committees and governing any general or specific delegation of any authority or function of the interstate commission;

(d) providing reasonable procedures for calling and conducting meetings of the interstate commission and ensuring reasonable notice of each meeting;

(e) establishing the titles and responsibilities of the officers of the interstate commission;

(f) providing a mechanism for concluding the operations of the interstate commission and the return of any surplus funds that may exist upon the termination of the compact after the payment or reserving of all of its debts and obligations;

(g) providing startup rules for initial administration of the compact; and

(h) establishing standards and procedures for compliance and technical assistance in carrying out the compact.

(2) (a) The interstate commission shall, by a majority of the members, elect annually from among its members a presiding officer and a vice presiding officer, each of whom has the authority and duties that may be specified in the bylaws. The presiding officer or, in the presiding officer's absence or disability, the vice presiding officer shall preside at all meetings of the interstate commission. The elected officers shall serve without compensation or remuneration from the interstate commission. However, subject to the availability of budgeted funds, the officers must be reimbursed for any ordinary and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the interstate commission.

(b) The interstate commission shall, through its executive committee, appoint or retain an executive director for the period, upon the terms and conditions and for the compensation that the interstate commission may consider appropriate. The executive director shall serve as secretary to the interstate commission, but may not be a member, and shall hire and supervise other staff as may be authorized by the interstate commission.

(3) (a) Expect for a claim arising from intentional conduct or gross negligence, the interstate commission's members, officers, executive director, and employees are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred within the course and scope of interstate commission employment, duties, or responsibilities.

(b) The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of the person's employment or duties for acts, errors, or omissions occurring within the person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents.

(c) The interstate commission shall defend an individual referred to in subsection (3)(a) in any civil action for which the individual is granted immunity under subsection (3)(a).

(d) The interstate commission shall indemnify an individual referred to in subsection (3)(a) in the amount of any settlement obtained against the individual arising out of a civil action for which the individual is granted immunity under subsection (3)(a).

Article VI. Rulemaking Functions of the Interstate Commission

(1) The interstate commission shall promulgate and publish rules in order to effectively and efficiently achieve the purposes of the compact.

(2) Rulemaking must occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant to this article. The rulemaking must substantially conform to the principles of the "Model State Administrative Procedures Act", 1981, Uniform Laws Annotated, Vol. 15, p. 1 (2000), or other administrative procedures act that the interstate commission considers appropriate, consistent with due process requirements under the United States constitution as now or later interpreted by the United States supreme court. All rules and amendments become binding as of the date specified, as published with the final version of the rule as approved by the interstate commission.

(3) When promulgating a rule, the interstate commission shall, at a minimum:

(a) publish the proposed rule's entire text stating the reasons for that proposed rule;

(b) allow and invite all persons to submit written data, facts, opinions, and arguments, which information must be added to the record and be made publicly available;

(c) provide an opportunity for an informal hearing if petitioned by 10 or more persons; and

(d) promulgate a final rule and its effective date, if appropriate, based on input from state or local officials or interested persons.

(4) The interstate commission shall allow, not later than 60 days after a rule is promulgated, any interested person to file a petition in the United States district court for the District of Columbia or in the federal district court where the interstate commission's principal office is located for judicial review of a rule. If the court finds that the interstate commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedures Act.

(5) If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the compact, cause that rule to have no further effect in any compacting state.

(6) The existing rules governing the operation of the interstate compact on juveniles superseded by this act are void 12 months after the first meeting of the interstate commission created in Article III of this compact.

(7) Upon determination by the interstate commission that a state of emergency exists, it may promulgate an emergency rule that must become

effective immediately upon adoption. However, the usual rulemaking procedures provided under this section must be retroactively applied to the rule as soon as reasonably possible, but no later than 90 days after the effective date of the emergency rule.

Article VII. Oversight, Enforcement, and Dispute Resolution by the Interstate Commission

(1) (a) The interstate commission shall oversee the administration and operations of the interstate movement of juveniles subject to this compact in the compacting states and shall monitor the activities being administered in noncompacting states that may significantly affect compacting states.

(b) The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under this compact must be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts shall take judicial notice of the compact and the rules. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the interstate commission, the interstate commission is entitled to receive all service of process in that proceeding and must have standing to intervene in the proceeding for all purposes.

(2) (a) The compacting states shall report to the interstate commission on all issues and activities necessary for the administration of the compact, as well as issues and activities pertaining to compliance with the provisions of the compact and its rules and bylaws.

(b) The interstate commission shall attempt, upon the request of a compacting state, to resolve any disputes or other issues that are subject to the compact and that may arise among compacting states and between compacting and noncompacting states. The interstate commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

(c) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact using any means set forth in Article XI of this compact.

Article VIII. Finance

(1) The interstate commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The interstate commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the interstate commission and its staff, which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the interstate commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state. The interstate commission shall promulgate a rule binding upon all compacting states that governs the assessment.

(3) The interstate commission may not incur any obligations of any kind prior to securing the funds adequate to meet the obligations. The interstate

commission may not pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(4) The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission must be subject to the audit and accounting procedures established under its bylaws and as provided under 5-13-304. However, all receipts and disbursements of funds handled by the interstate commission must be audited yearly by a certified or licensed public accountant, and the report of the audit must be included in and become part of the annual report of the interstate commission.

Article IX. The State Council

Each member state shall create a state council for interstate juvenile supervision. Although each state may determine the membership of its own state council, its membership must include at least one representative from the executive, judicial, and legislative branches of government and victims groups and the compact administrator, deputy compact administrator, or a designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Each state council shall advise and may exercise oversight and advocacy concerning that state's participation in interstate commission activities and other duties as may be determined by that state, including but not limited to development of policy concerning operations and procedures of the compact within that state.

Article X. Compacting States, Effective Date, and Amendment

(1) Any state is eligible to become a compacting state.

(2) The compact becomes effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date is the later of July 1, 2004, or upon enactment into law by the 35th jurisdiction. Thereafter, it becomes effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of nonmember states or their designees must be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

(3) The interstate commission may propose amendments to the compact for enactment by the compacting states. An amendment may not become effective and binding upon the interstate commission and the compacting states until it is enacted into law by unanimous consent of the compacting states.

Article XI. Withdrawal, Default, Termination, and Judicial Enforcement

(1) (a) Once effective, the compact must continue in force and remain binding upon each compacting state. However, a compacting state may withdraw from the compact by specifically repealing the statute that enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repeal.

(c) The withdrawing state shall immediately notify the presiding officer of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt of the notice.

(d) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any

obligations, the performance of which extends beyond the effective date of withdrawal.

(e) Reinstatement following withdrawal of any compacting state must occur upon the withdrawing state reenacting the compact or upon a later date as determined by the interstate commission.

(2) (a) If the interstate commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact or the bylaws or promulgated rules, the interstate commission may impose any of the following penalties:

(i) remedial training and technical assistance as directed by the interstate commission;

(ii) alternative dispute resolution;

(iii) fines, fees, and costs in amounts that are considered to be reasonable as fixed by the interstate commission; and

(iv) suspension or termination of membership in the compact, which may be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted and the interstate commission has determined that the offending state is in default. Immediate notice of suspension must be given by the interstate commission to the governor, the chief justice or the chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council. The grounds for default include but are not limited to failure of a compacting state to perform the obligations or responsibilities imposed upon it by this compact, the bylaws, or promulgated rules and any other grounds designated in interstate commission bylaws and rules. The interstate commission shall immediately notify the defaulting state in writing of the penalty imposed by the interstate commission and of the default pending a cure of the default. The interstate commission shall stipulate the conditions and the time period within which the defaulting state shall cure its default. If the defaulting state fails to cure the default within the time period specified by the interstate commission, the defaulting state must be terminated from the compact upon an affirmative vote of a majority of the compacting states, and all rights, privileges and benefits conferred by this compact must be terminated from the effective date of termination.

(b) Within 60 days of the effective date of termination of a defaulting state, the interstate commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council of the termination.

(c) The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including any obligations, the performance of which extends beyond the effective date of termination.

(d) The interstate commission may not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(e) Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the interstate commission pursuant to the rules.

(3) The interstate commission may, by majority vote of the members, initiate legal action in the United State district court for the District of Columbia or, at

the discretion of the interstate commission, in the federal district where the interstate commission has its offices, to enforce compliance with the provisions of the compact and its bylaws and promulgated rules against any compacting state in default. In the event that judicial enforcement is necessary, the prevailing party must be awarded all costs of the litigation, including reasonable attorney fees.

(4) (a) The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

(b) Upon the dissolution of this compact, the compact is void and is of no further effect, the business and affairs of the interstate commission are concluded, and any surplus funds must be distributed in accordance with the bylaws.

Article XII. Severability and Construction

(1) The provisions of this compact are severable, and if any phrase, clause, sentence, or provision is unenforceable, the remaining provisions of the compact remain enforceable.

(2) The provisions of this compact must be liberally constructed to effectuate its purposes.

Article XIII. Binding Effect of Compact and Other Laws

(1) Nothing in this compact prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) (a) All lawful actions of the interstate commission, including all bylaws and rules promulgated by the interstate commission, are binding upon the compacting states if adopted by the department.

(b) All agreements between the interstate commission and the compacting states are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over meaning or interpretation of interstate commission actions and upon a majority vote of the compacting states, the interstate commission may issue advisory opinions regarding the meaning or interpretation.

(d) In the event that any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by the provision upon the interstate commission is ineffective and the obligations, duties, powers, or jurisdiction remains in the compacting state and must be exercised by the agency to which the obligations, duties, powers, or jurisdiction is delegated by law in effect at the time that this compact becomes effective."

Section 2. Two-thirds vote required. Because [section 1] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 3. Contingent effective date. [This act] is effective upon receipt of written notification by the secretary of state from the director of the department of corrections that the compact has been legislatively enacted into law by the 35th compacting state.

[SB 151]

AN ACT GENERALLY REVISING THE MONTANA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT; CLARIFYING THAT THE ACT APPLIES TO INSOLVENT INSURERS AS WELL AS IMPAIRED INSURERS; ESTABLISHING PROCEDURES FOR AN ASSOCIATION TO ELECT TO CONTINUE REINSURANCE; PROVIDING FOR THE DISTRIBUTION OF DEPOSITS PAID TO AN ASSOCIATION; CLARIFYING THE SCOPE OF COVERAGE OF THE ACT; REVISING DEFINITIONS; DEFINING "BENEFIT PLAN", "INSOLVENT INSURER", "MOODY'S CORPORATE BOND YIELD AVERAGE", "PLAN SPONSOR", "PRINCIPAL PLACE OF BUSINESS", "RECEIVERSHIP COURT", "STRUCTURED SETTLEMENT ANNUITY", AND "SUPPLEMENTAL CONTRACT"; REVISING REQUIREMENTS FOR ACCOUNTS MAINTAINED BY AN ASSOCIATION; CLARIFYING THE STANDING AND GENERAL POWERS OF AN ASSOCIATION; CLARIFYING MEETING AND NEGOTIATION REQUIREMENTS; CLARIFYING THE DUTIES AND POWERS OF THE INSURANCE COMMISSIONER; REVISING AN ASSOCIATION'S POWERS PRIOR TO AND DURING THE LIQUIDATION OF A MEMBER INSURER; REVISING ASSIGNMENT AND SUBROGATION PROVISIONS; REVISING BENEFIT LIABILITY OF AN ASSOCIATION; AMENDING SECTIONS 33-10-201, 33-10-202, 33-10-203, 33-10-205, 33-10-206, 33-10-207, 33-10-210, 33-10-215, 33-10-217, 33-10-219, 33-10-220, 33-10-221, 33-10-222, 33-10-223, 33-10-224, 33-10-226, AND 33-10-227, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Association election to continue reinsurance. (1) Within 1 year after the coverage date, which is the date that the association becomes responsible for the obligations of a member insurer, the association may elect to succeed to the rights and obligations of a member insurer that accrued on or after the coverage date under an indemnity reinsurance agreement entered into by the member insurer as the ceding insurer. The association may not exercise an election with respect to a reinsurance agreement if the rehabilitator or liquidator of the member insurer has previously expressly disaffirmed the agreement.

(2) The election to succeed to the rights and obligations of the member insurer must be accomplished through notice to the supervisor, rehabilitator, or liquidator and to the affected reinsurers.

(3) If the association makes an election, the association:

(a) is responsible for all unpaid premiums due under the agreements for the periods before and after the coverage date and is responsible for the performance of all obligations to be performed after the coverage date in each contract covered, either in whole or in part, by the association. The association may charge contracts covered in part by the association the costs for reinsurance in excess of the obligations of the association, using reasonable allocation methods.

(b) is entitled to any amounts payable by the reinsurer under the agreements with respect to losses or events that occur in periods after the coverage date and that relate to contracts covered by the association, in whole or

in part. In order to receive these amounts, the association must be obligated to pay the beneficiary of the underlying policy or contract a portion of the amount equal to the excess of the amount received by the association minus:

(i) the benefits paid by the association under the policy or contract; and

(ii) any amount properly retained by the impaired or insolvent insurer for the loss or event.

(c) shall calculate, within 30 days of the election, the net balance due to or from the association under each reinsurance agreement as of the date of the association's election, giving full credit to all items paid to either the member insurer, its rehabilitator or liquidator, or the indemnity reinsurer during the period between the coverage date and the date of the association's election. Either the association or the indemnity insurer shall pay the net balance due the other within 5 days of completion of the calculation. If the rehabilitator or liquidator has received any amount under this section, the rehabilitator or liquidator shall remit it to the association as soon as practicable.

(4) If, within 60 days of the election, the association pays the premiums due for the periods before and after the coverage date that relate to the contracts covered by the association, either in whole or in part, the reinsurer may not terminate the reinsurance agreement insofar as the agreement relates to contracts covered by the association, in whole or in part, and is not entitled to set off any unpaid premium due for periods prior to the coverage date against amounts due the association.

(5) The association may transfer any rights or obligations under this section to a third-party insurer under terms agreed upon by the association and the third-party insurer.

(6) Except as otherwise expressly stated in this section, this section may not be construed to alter or modify the terms and conditions of the reinsurance agreement of an insolvent member insurer. This section is not intended to:

(a) abrogate or limit any rights of a reinsurer to claim that it is entitled to rescind a reinsurance agreement; or

(b) give a policyowner or beneficiary an independent cause of action against an insurer that is not otherwise provided for in the reinsurance agreement.

Section 2. Deposits paid to association. (1) A deposit in this state that is held pursuant to law or required by the commissioner to be held for the benefit of creditors, including policyowners, and that is not turned over to the liquidator upon entry of the final order of liquidation or upon entry of the order approving a rehabilitation plan of an insurer domiciled in this state or in a reciprocal state pursuant to 33-2-1381 must be promptly paid to the association.

(2) The association is entitled to retain a portion of any amount paid under this section equal to the percentage determined by dividing the aggregate amount of policyowner claims related to the insolvency for which the association has provided statutory benefits by the aggregate amount of all policyowner claims in this state related to the insolvency. The association shall remit to the domiciliary receiver the amount paid to the association and not retained under this section.

Section 3. Section 33-10-201, MCA, is amended to read:

"33-10-201. Short title, purpose, scope, and construction. (1) This part may be cited as the "Montana Life and Health Insurance Guaranty Association Act".

(2) The purpose of this part is to protect policyowners, insureds, beneficiaries, annuitants, payees, and assignees of life insurance policies, health insurance policies, annuity contracts, and supplemental contracts, subject to certain limitations, against failure in the performance of contractual obligations due to the impairment *or insolvency* of the insurer issuing the policies or contracts.

(3) To provide this protection:

(a) an association of insurers is created to enable the guaranty of payment of benefits and of continuation of coverages;

(b) members of the association are subject to assessment to provide funds to carry out the purpose of this part; and

(c) the association is authorized to assist the commissioner, in the prescribed manner, in the detection and prevention of insurer impairments *or insolvencies*.

(4) This part applies to direct, nongroup life, health, *and* annuity *policies and contracts*~~,~~ and *their* supplemental ~~policies or~~ contracts, to certificates under direct group policies and contracts, and to unallocated annuity contracts issued by member insurers, except as limited by this part. Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement ~~agreements~~ *annuities*, lottery ~~contracts~~ *annuities issued in connection with government lotteries*, and any immediate or deferred annuity contracts.

(5) This part provides coverage for policies and contracts specified in subsection ~~(6)~~ *(4)*:

(a) to persons who are owners of or certificate holders under covered policies or *contracts, other than unallocated annuity contracts and structured settlement annuities that are provided for in subsections (6) and (7)*, ~~in the case of unallocated annuity contracts, to the persons who are contract holders~~ if the persons:

(i) are residents; or

(ii) are not residents, but only under all of the following conditions:

(A) the insurers that issued the policies are domiciled in this state;

(B) the insurers have not held a license or certificate of authority in the state in which the persons reside;

(C) the state has an association similar to the association created under this part; and

(D) the persons are not eligible for coverage by that association; and

(b) to persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees of the persons covered under subsection (5)(a).

(6) With respect to unallocated annuity contracts, this part provides coverage to:

(a) persons who are the owners of unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; and

(b) persons who are owners of unallocated annuity contracts issued in connection with government lotteries if the owners are residents.

(7) (a) With respect to structured settlement annuities, this part provides coverage to a person who is:

(i) a payee under a structured settlement annuity;

(ii) a beneficiary of a payee if the payee is deceased; or

(iii) a resident payee, regardless of where the contract owner resides.

(b) This part also applies to a payee of a structured settlement annuity contract who is not a resident if:

(i) the contract owner of the structured settlement annuity is a resident, the insurer that issued the structured settlement annuity is domiciled in this state, or the state in which the contract owner resides has an association similar to the association created by this part; and

(ii) the payee, beneficiary, or contract owner is not eligible for coverage by the association in the state in which the payee or contract owner resides.

(8) This part does not provide coverage to:

(a) a person who is a payee or a beneficiary of a contract owner who is the resident of another state if the payee or beneficiary is afforded any coverage by the association of another state; or

(b) a person described in subsection (5) if the person is afforded any coverage by the association of another state.

(9) (a) This part is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this part is provided coverage under the laws of any other state, the person may not be provided coverage under this part.

(b) In determining the application of this subsection (9) to situations in which a person, such as an owner, payee, beneficiary, or assignee, could be covered by the associations of more than one state, this part must be construed in conjunction with other state laws to result in coverage by only one association.

~~(6)~~*(10)* ~~This part covers persons specified in subsection (5)(a) for direct, nongroup life, health, annuity, and supplemental policies and contracts, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, except as limited by this part. Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, allocated and unallocated funding agreements, structured settlement agreements, lottery contracts, and immediate or deferred annuity contracts.~~ This part does not ~~apply to~~ *provide coverage for*:

(a) policies or contracts or any part of the policies or contracts *not guaranteed by the member insurer or* under which the risk is borne by the ~~policyholder~~ *policyowner*;

(b) a policy or contract or part of the policy or contract assumed by the impaired *member* insurer under a contract of reinsurance, other than reinsurance for which assumption certificates have been issued;

(c) any portion of a policy or contract to the extent that the rate of interest on which it is based *or the interest rate, crediting rate, or similar factor determined*

by the use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(i) averaged over the period of 4 years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting 2 percentage points from Moody's corporate bond yield average averaged for that same 4-year period or for the lesser period if the policy or contract was issued less than 4 years before the association became obligated; and

(ii) on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting 3 percentage points from Moody's corporate bond yield average as is most recently available;

(d) any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees, ~~or~~ members, *or others* to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or ~~similar entity~~ *other person* under:

(i) a multiple employer welfare arrangement, as defined in section 514 of the Employee Retirement Income Security Act of 1974, as amended;

(ii) a minimum premium group insurance plan;

(iii) a stop-loss group insurance plan; or

(iv) an administrative services only contract;

(e) any portion of a policy or contract to the extent that it provides dividends, ~~or~~ experience rating credits, *or voting rights* or provides that any fees or allowances be paid to any person, including the ~~policy~~ *policyowner* or contract ~~holder~~ *owner*, in connection with the service to or administration of the policy or contract;

(f) any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state;

(g) any unallocated annuity contract issued to *or in connection with* an employee benefit plan that is protected under the federal pension benefit guaranty corporation *regardless of whether the federal pension benefit guaranty corporation is liable to make any payments with respect to the employee benefit plan*; ~~and~~

(h) any portion of any unallocated annuity contract that is not issued to or in connection with a specific employee, union, or association of natural persons benefit plan or a government lottery.~~;~~

(i) an obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the policyowner or contract owner, including without limitation:

(i) claims based on marketing materials;

(ii) claims based on side letters, riders, or other documents that were issued by the insurer without meeting applicable requirements for filing policy forms or for policy approval;

(iii) misrepresentations of or regarding policy benefits;

(iv) extracontractual claims; or

(v) a claim for penalties or consequential or incidental damages;

(j) a contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee, which in each case is not an affiliate of the member insurer; or

(k) a portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policyowner's or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this part. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this section, the interest or changes in value determined by using the procedures defined in the policy or contract must be credited as if the contractual date of crediting interest or changes in value was the date of impairment or insolvency and the interest or changes in value are not subject to forfeiture.

~~(7)~~*(11)* This part must be liberally construed to effect the purpose under subsections (2) and (3), which constitute an aid and guide to interpretation.

~~(8)~~*(12)* This part may not be construed to reduce the liability for unpaid assessments of the insureds of an impaired *or insolvent* insurer operating under a plan with assessment liability."

(3) In carrying out its duties under subsection (1), the association may request that there be imposed policy liens, contract liens, moratoriums on payments, or other similar means; and ~~such~~ *the* liens, moratoriums, or similar means may be imposed if the commissioner:

(a) finds that the amounts ~~which~~ *that* can be assessed under this part are less than the amounts needed to ~~assure~~ *ensure* full and prompt performance of the ~~impaired~~ *insolvent* insurer's contractual obligations or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, moratoriums, or similar means to be in the public interest; and

(b) approves the specific policy liens, contract liens, moratoriums, or similar means to be used.

(4) Before being obligated under subsection (1), the association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans, and ~~such~~ *the* temporary moratoriums and liens may be imposed if they are approved by the commissioner.

(5) The association ~~shall have no liability~~ *is not liable* under 33-10-219 or this section for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides by statute or regulation for residents of this state protection substantially similar to that provided by this part for residents of other states.

(6) (a) If proceeding under this section, the association may, with respect to life and health insurance policies *and annuities*:

(i) ~~assure~~ *ensure* payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer for claims incurred:

(A) with respect to group policies *or contracts*, not later than the earlier of the next renewal date under the policy or contract or 45 days, but in~~no~~ *any* event *not* less than 30 days, after the date on which the association becomes obligated with respect to the policies *or contracts*;

(B) with respect to individual policies *or contracts*, not later than the earlier of the next renewal date, if any, under the policies *or contracts* or 1 year, but in ~~no~~ *any* event *not* less than 30 days, from the date on which the association becomes obligated with respect to the policies *or contracts*;

(ii) make diligent efforts to provide all known insureds, *annuitants,* or group ~~policyholders~~ *policyowners* with respect to group policies, 30 days' notice of the termination of the benefits provided; and

changes in any provision of the policy or had a right only to make changes in premium by class.

(b) (i) In providing the substitute coverage required under subsection (6)(a)(iii), the association may offer to reissue the terminated coverage or issue an alternative policy.

(ii) Alternative policies must contain at least the minimum statutory provisions required in this state and provide benefits that are not unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates that it shall adopt. The premium must reflect the amount of insurance to be provided and the age and class of risk of each insured, but may not reflect any changes in the health of the insured after the original policy was last underwritten.

(iii) Alternative policies issued by the association shall provide coverage of a type similar to that of the policy issued by the ~~impaired or~~ insolvent insurer, as determined by the association.

(d) If the association elects to reissue terminated coverage at a premium different from that charged under the terminated policy, the premium must be set by:

(i) the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner; or

(ii) a court of competent jurisdiction.

(e) The association's obligation with respect to coverage under any policy *or contract* of the ~~impaired or~~ insolvent insurer or under any reissued or alternative policy ceases on the date the coverage or policy is replaced by another similar policy by the ~~policyholder~~ *policyowner*, insured, or association.

(f) When proceeding under this section with respect to a policy or contract carrying guaranteed minimum interest rates, the association shall ensure the payment or crediting of a rate of interest consistent with 33-10-201(10).

(7) In carrying out its duties under this section, the association may, subject to the approval of the receivership court, issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

(a) in lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for:

(c) the alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

(8) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage terminates the association's obligations under the policy or coverage under this part with respect to the policy or coverage, except with respect to any claims incurred or any net cash surrender value that may be due in accordance with the provisions of this part.

(9) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer belong to and are payable at the direction of the association, and the association is liable only for unearned premiums due to policyowners or contract owners arising after the entry of the order of liquidation.

(10) The protection provided by this part does not apply when any guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the insolvent insurer that is other than this state."

Section 15. Section 33-10-222, MCA, is amended to read:

"33-10-222. Stay of proceedings — reopening default judgments. (1) All proceedings in which the impaired *or insolvent* insurer is a party in any court in this state ~~shall~~ *must* be stayed 60 days from the date an order of liquidation, rehabilitation, or supervision is final to permit proper legal action by the association on any matters germane to its powers or duties.

(2) As to a judgment under any decision, order, verdict, or finding based on default, the association may apply to have ~~such~~ *the* judgment set aside by the same court that made ~~such~~ *the* judgment and ~~shall~~ *must* be permitted to defend against ~~such~~ *the* suit on the merits."

Section 16. Section 33-10-223, MCA, is amended to read:

"33-10-223. Assignment by beneficiaries — subrogation. (1) Any person receiving benefits under this part ~~shall~~ *must* be ~~deemed~~ *considered* to have assigned ~~his~~ *the person's* rights under the covered policy *or contract, pertaining to any causes of action against the person for losses resulting from or otherwise relating to the covered policy or contract,* to the association to the extent of the benefits received because of this part whether the benefits are payments of contractual obligations or continuation of coverage *or provision of substitute or alternative coverage*. The association may require an assignment to it of ~~such~~ *the* rights by any payee, ~~policy~~ *policyowner* or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this part upon ~~such~~ *the* person. The association

~~shall~~ *must* be subrogated to these rights against the assets of any impaired insurer.

(2) The subrogation rights of the association under this section ~~shall~~ have the same priority against the assets of the impaired insurer as that possessed by the person entitled to receive benefits under this part.

(3) In addition to the rights detailed in this section, the association has all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, beneficiary, or payee of a policy or contract with respect to the policy or contract, including without limitation, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received pursuant to this part, against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity, except for any person responsible solely by reason of serving as an assignee with respect to a qualified assignment under section 130 of the Internal Revenue Code.

(4) If subsections (1) through (3) are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations must be reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policy or a portion of the policy covered by the association.

(5) If the association has provided benefits with respect to a covered obligation and a person recovers any amount to which the association has rights as described in this section, the person shall pay to the association the portion of the recovery attributable to the policy or a portion of the policy covered by the association."

Section 17. Section 33-10-224, MCA, is amended to read:

"33-10-224. Extent of liability. *(1)* The benefits for which the association may become liable may not exceed the lesser of:

~~(2) (a)~~*(b) (i) except as provided in subsection (2),* with respect to any one life, regardless of the number of policies or contracts:

~~(iii)~~*(C)* $100,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;

~~(b)~~*(ii)* with respect to each individual participating in a governmental retirement plan established under section 401, 403(b), or 457 of the Internal Revenue Code and covered by an unallocated annuity contract or with respect to the beneficiaries of each individual, if deceased, in the aggregate, $100,000 in

present value annuity benefits, including net cash surrender and net cash withdrawal values~~.~~*;* ~~However, the association is not liable to expend more than $300,000 in the aggregate with respect to any one individual under subsection (2)(a) and this subsection.~~

~~(c)~~*(iii)* with respect to any one contract ~~holder~~ *owner* covered by any unallocated annuity contract not included in subsection ~~(2)(b)~~ *(1)(b)(ii)*, $5 million in benefits, irrespective of the number of contracts held by that contract ~~holder.~~ *owner;*

If one or more unallocated annuity contracts are covered contracts under this part and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage must be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state, and in any event, the association is not obligated to cover more than $5 million in benefits with respect to all these unallocated contracts.

(2) The association is not obligated to cover more than:

(a) an aggregate of $300,000 in benefits with respect to any one life under subsections (1)(b)(i), (1)(b)(ii), and (1)(b)(iii), except with respect to benefits for basic hospital, medical, and surgical insurance and major medical insurance under subsection (1)(b)(i), in which case the aggregate liability of the association may not exceed $500,000 with respect to any one individual; and

(3) The limitations set forth in this section are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this part may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights.

(4) In performing its obligations to provide coverage under this part, the association is not required to guarantee, assume, reinsure, or perform or cause to be guaranteed, assumed, reinsured, or performed the contractual obligations of the impaired or insolvent insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract."

"33-10-227. Assessments — abatement — basis for ratesetting. (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at the times and for the amounts as the board finds necessary. The board shall collect the assessments after 30 days' written notice to the member insurers before payment is due.

(2) There are two classes of assessments, as follows:

(a) Class A assessments must be made for the purpose of meeting administrative costs and other general expenses not related to a particular impaired *or insolvent* insurer.

(b) Class B assessments must be made to the extent necessary to carry out the powers and duties of the association under 33-10-219 and 33-10-220~~(1)~~ with regard to an impaired *or insolvent* insurer.

(3) (a) The amount of any Class A assessment for each account must be determined by the board. The amount of any Class B assessment must be divided among the accounts in the proportion that the premiums received by the impaired *or insolvent* insurer on the policies covered by each account bear to the premiums received by the insurer on all covered policies.

(b) Class B assessments against member insurers for each account must be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account bear to the premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired *or insolvent* insurer may not be made until necessary to implement the purposes of this part. Classification of assessments under subsection (2) and computation of assessments under this subsection must be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account may not in any ~~one~~ *1* calendar year exceed 2% of the insurer's premiums in this state on the policies covered by the account.

(5) In the event an assessment against a member insurer is abated or deferred, in whole or in part, because of the limitations set forth in subsection (4), the amount by which the assessment is abated or deferred must be assessed

against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in either account, does not provide in any ~~one~~ *1* year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds must be assessed as soon ~~thereafter~~ *after that year* as permitted by this part.

(6) If a 1% assessment for any subaccount of the life insurance account and the annuity account in any 1 year does not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subsection (3)(b), the board shall assess all subaccounts of the life insurance account and the annuity account for the necessary additional amount, subject to the maximum assessment stated in subsection (4).

(7) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that amount, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

(8) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this part, to consider the amount reasonably necessary to meet its assessment obligations under this part.

(9) The association shall issue to each insurer paying an assessment under this part a certificate of contribution, in a form prescribed by the commissioner, for the amount paid. All outstanding certificates must be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in that form and for the amount, if any, and period of time that the commissioner may approve."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-51-204, MCA, is amended to read:

"39-51-204. Exclusions from definition of employment. (1) The term "employment" does not include:

(a) domestic or household service in a private home, local college club, or local chapter of a college fraternity or sorority, except as provided in 39-51-202(3). If an employer is otherwise subject to this chapter and has domestic or household service employment, all employees engaged in domestic or household service must be excluded from coverage under this chapter if the employer:

(i) does not meet the monetary payment test in any quarter or calendar year, as applicable, for the subject wages attributable to domestic or household service; and

(ii) keeps separate books and records to account for the employment of persons in domestic or household service.

(b) service performed by a dependent member of a sole proprietor for whom an exemption may be claimed under 26 U.S.C. 152 or service performed by a sole proprietor's spouse for whom an exemption based on marital status may be claimed by the sole proprietor under 26 U.S.C. 7703;

(c) service performed as a freelance correspondent or newspaper carrier if the person performing the service, or a parent or guardian of the person performing the service in the case of a minor, has acknowledged in writing that the person performing the service and the service are not covered. (B) receives payment for service from individual clientele; and

(C) leases, rents, or furnishes all of the cosmetologist's or barber's own equipment, skills, or knowledge; and

(iii) whose contract gives rise to an action for breach of contract in the event of contract termination. The existence of a single license for the cosmetology salon or barbershop may not be construed as a lack of freedom from control or direction under this subsection.

(f) casual labor not in the course of an employer's trade or business performed in any calendar quarter, unless the cash remuneration paid for the service is $50 or more and the service is performed by an individual who is regularly employed by the employer to perform the service. CHAPTER NO. 199

[SB 103]

AN ACT PROVIDING FOR CONTINGENT FUND TRANSFERS FROM THE ORPHAN SHARE STATE SPECIAL REVENUE ACCOUNT TO THE HAZARDOUS WASTE/CERCLA ACCOUNT AND TO THE ENVIRONMENTAL QUALITY PROTECTION FUND ACCOUNT; PROVIDING FOR THE REPAYMENT OF CONTINGENT FUND TRANSFERS; AMENDING SECTIONS 75-10-621, 75-10-704, AND 75-10-743, MCA; AND PROVIDING AN EFFECTIVE DATE AND A CONTINGENT TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-621, MCA, is amended to read:

"75-10-621. Hazardous waste/CERCLA special revenue account. (1) There is a hazardous waste/CERCLA special revenue account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the hazardous waste/CERCLA account:

(a) revenue obtained from the interest income of the resource indemnity trust fund under the provisions of 15-38-202, together with interest accruing on that revenue;

(b) all proceeds of bonds or notes issued under 75-10-623 and all interest earned on proceeds of the bonds or notes; and

(c) revenue from penalties or damages collected under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended in 1986 (CERCLA).

(3) Appropriations may be made from the hazardous waste/CERCLA account only for the following purposes and subject to the following conditions:

(a) funds are statutorily appropriated, as provided in 17-7-502(4), to the CERCLA match debt service account necessary to make principal, interest, and premium payments due on CERCLA bonds;

(b) not more than one-half of the interest income received for any biennium from the resource indemnity trust fund may be appropriated on a biennial basis for:

(i) implementation of the Montana Hazardous Waste Act, including regulation of underground storage tanks and the state share to obtain matching federal funds;

(ii) implementation of Title 75, chapter 10, part 6, pertaining to state assistance to and cooperation with the federal government for remedial action under CERCLA;

(iii) expenses of the department in administering and overseeing the implementation of Title 75, chapter 10, parts 4 and 6; and

(iv) state expenses relating to investigation and remedial action for any hazardous substance defined in 75-10-602; and

(c) to the extent funds are available after the appropriations in subsections (3)(a) and (3)(b), the department may, as appropriate, seek authorization from the legislature or, when the legislature is not in session, through the budget amendment process provided for in Title 17, chapter 7, part 4, to spend funds for:

(i) state participation in remedial action under section 104 of CERCLA;

(ii) state costs for maintenance of sites at which remedial action under CERCLA has been completed; and

(iii) the state share to obtain matching federal funds for underground storage tank corrective action.

(4) For the purposes of subsection (3)(c), the legislature finds that a need for state special revenue to obtain matching federal funds for underground storage tank corrective action or for remedial action under section 104 of CERCLA constitutes a serious unforeseen and unanticipated circumstance for the purpose of meeting the definition of "emergency" in 17-7-102. The legislature further finds that the inability of the department to match the federal funds as the funds become available would seriously impair the functions of the department in carrying out its responsibilities under Title 75, chapter 10, parts 4 and 6.

(5) There is no dollar limit to the hazardous waste/CERCLA account. ~~Unused~~ *Except as provided in subsection (6), unused* balances remain in the account until appropriated by the legislature for the purposes specified in this section.

(6) (a) If funds are transferred from the orphan share fund to the hazardous waste/CERCLA account pursuant to 75-10-743(10), the department shall, subject to the limitations in subsections (6)(b) and (6)(c) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the hazardous waste/CERCLA account to the orphan share fund the unencumbered amount remaining in the hazardous waste/CERCLA account at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the hazardous waste/CERCLA account.

(b) The total amount transferred pursuant to subsection (6)(a) may not exceed the total amount transferred to the hazardous waste/CERCLA account pursuant to 75-10-743(10).

(c) Subsection (6)(a) does not apply to the proceeds of bonds or notes sold pursuant to 75-10-623, to interest on the proceeds of those bonds or notes, or to appropriations of those proceeds or interest."

Section 2. Section 75-10-704, MCA, is amended to read:

"75-10-704. Environmental quality protection fund. (1) There is in the state special revenue fund an environmental quality protection fund to be administered as a revolving fund by the department. The department is

authorized to expend amounts from the fund necessary to carry out the purposes of this part.

(2) ~~The~~ *Except as provided in subsection (9), the* fund may be used by the department only to carry out the provisions of this part and for remedial actions taken by the department pursuant to this part in response to a release of hazardous or deleterious substances.

(3) The department shall:

(a) except as provided in subsection (7), establish and implement a system, including the preparation of a priority list, for prioritizing sites for remedial action based on potential effects on human health and the environment; and

(b) investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(4) There must be deposited in the fund:

(a) all penalties, forfeited financial assurance, natural resource damages, and remedial action costs recovered pursuant to 75-10-715;

(b) all administrative penalties assessed pursuant to 75-10-714 and all civil penalties assessed pursuant to 75-10-711(5);

(c) funds appropriated to the fund by the legislature;

(d) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

(e) funds received from the interest income of the fund;

(f) funds received from settlements pursuant to 75-10-719(7); and

(g) funds received from the interest paid pursuant to 75-10-722.

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the fund through the budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingency account established pursuant to 75-1-1101.

(7) (a) There is established a state special revenue account for all funds donated or granted from private parties to remediate a specific release at a specific facility. There must be deposited into the account the interest income earned on the account. A person is not liable under 75-10-715 solely as a result of contributing to this account.

(b) Funds donated or granted for a specific project pursuant to this subsection (7) must be accumulated in the fund until the balance of the donated or granted funds is sufficient, as determined by the department, to remediate the facility pursuant to the requirements of 75-10-721 for which the funds are donated.

(c) If the balance of the fund created in this subsection (7), as determined by the department pursuant to the requirements of 75-10-721, is not sufficient to remediate the facility within 1 year from the date of the initial contribution, all

donated or granted funds, including any interest on those donated or granted funds, must be returned to the grantor.

(d) If the balance for a specific project is determined by the department to be sufficient to remediate the facility pursuant to the requirements of 75-10-721, the department shall give that site high priority for remedial action, using the funds donated under this subsection (7).

(e) This subsection (7) is not intended to delay, to interfere with, or to diminish the authority or actions of the department to investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(f) The department shall expend the funds in a manner that maximizes the application of the funds to physically remediating the specific release.

(8) (a) A person may donate in-kind services to remediate a specific release at a specific facility pursuant to subsection (7). A person who donates in-kind services is not liable under 75-10-715 solely as a result of the contribution of in-kind services.

(b) A person who donates in-kind services with respect to remediating a specific release at a specific facility is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss of or damage to property, or economic loss.

(c) Immunity from liability, pursuant to subsection (8)(b), does not apply in the case of a release that is caused by conduct of the entity providing in-kind services that is negligent or grossly negligent or that constitutes intentional misconduct.

(d) When a person is liable under 75-10-715 for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance, the person may not avoid that liability or responsibility under 75-10-711 by subsequent donations of money or in-kind services under the provisions of subsection (7) and this subsection (8).

(e) Any donated in-kind services that are employed as part of a remedial action pursuant to this subsection (8) must be approved by the department as appropriate remedial action.

(9) (a) If funds are transferred from the orphan share fund to the environmental quality protection fund pursuant to 75-10-743(10), the department shall, subject to the limitation in subsection (9)(b) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the environmental quality protection fund to the orphan share fund the unencumbered amount remaining in the environmental quality protection fund at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the environmental quality protection fund.

(b) The total transferred pursuant to subsection (9)(a) may not exceed the total amount transferred to the environmental quality protection fund pursuant to 75-10-743(10).”

Section 3. Section 75-10-743, MCA, is amended to read:

"75-10-743. (Temporary) Orphan share state special revenue account — reimbursement of claims — payment of department costs. (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-752 and, *except as provided in subsection (10),* to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) all penalties assessed pursuant to 75-10-750(12);

(b) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

(c) funds allocated from the resource indemnity and ground water assessment tax proceeds provided for in 15-38-106;

(d) unencumbered funds remaining in the abandoned mines state special revenue account;

(e) interest income on the account;

(f) funds received from settlements pursuant to 75-10-719(7); and

(g) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsection (8), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of *a* petition provided *for* in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-752 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, ~~the orphan share fund must pay~~ the department's costs incurred in defending the orphan share *must be paid from the orphan share fund* in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-752 shall pay all the orphan share's allocated share of the department's costs incurred in

defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(7) (a) ~~On August 21, 2002, $1,000 is transferred from the orphan share fund to the general fund.~~ If sufficient money remains in the orphan share fund on June 29, 2003, $999,000 must be transferred to the general fund.

(b) If any money remains in the orphan share fund after June 30, 2005, *after the transfer of any funds is made pursuant to subsection (10)* and after outstanding claims are paid, the money must be deposited in the general fund.

(8) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(10) For the biennium beginning July 1, 2003, and subject to the provisions of [section 4], the department may transfer funds from the orphan share fund to the environmental quality protection fund established in 75-10-704, the hazardous waste/CERCLA account established in 75-10-621, or both. The total amount transferred pursuant to this subsection may not exceed $600,000. (Terminates June 30, 2005—sec. 30, Ch. 415, L. 1997.)"

Section 4. Contingent appropriation of orphan share funds. (1) Subject to the limitation in subsection (3), there is transferred from the orphan share account established in 75-10-743 to the environmental quality protection fund established in 75-10-704 an amount not to exceed $600,000 during the biennium beginning July 1, 2003, if the expenditures from the environmental quality fund exceed revenue available to the fund. The money transferred pursuant to this subsection may be appropriated to the department of environmental quality subject to the appropriation from the environmental quality protection fund in [House Bill No. 2]. The total expenditures in each fiscal year of the biennium may not exceed the appropriation made in [House Bill No. 2].

(2) Subject to the limitation in subsection (3), there is transferred from the orphan share account established in 75-10-743 to the hazardous waste/CERCLA special revenue account established in 75-10-621 an amount not to exceed $600,000 during the biennium beginning July 1, 2003, if the expenditures from the hazardous waste/CERCLA account exceed revenue available to the account. The money transferred pursuant to this subsection may be appropriated to the department of environmental quality subject to the appropriation from the hazardous waste/CERCLA account in [House Bill No. 2]. The total expenditures in each fiscal year of the biennium may not exceed the appropriation made in [House Bill No. 2].

(3) The total of the amounts transferred and appropriated pursuant to subsections (1) and (2) may not exceed $600,000.

(22) (a) an offer or sale of securities by a cooperative association organized under the provisions of Title 35, chapter 15 or 17, or under the laws of another state that are substantially the same as the provisions of Title 35, chapter 15 or 17, if the offer and sale are only to members of the cooperative association or the purchase of the securities is necessary or incidental to establishing membership in the cooperative association;

(b) a cooperative organized under the laws of another state may not take advantage of the exemption created by this subsection (22) unless, not less than 10 days before the issuance or delivery of the securities, the cooperative has furnished the commissioner with a general written description of the transaction and any other information the commissioner may require by rule or otherwise. The commissioner shall promulgate rules establishing a list of states whose laws are considered substantially the same as Title 35, chapter 15 or 17, for the purposes of this subsection (22)."

CHAPTER NO. 204

[HB 373]

AN ACT REVISING THE MONTANA STRIP AND UNDERGROUND MINE RECLAMATION LAWS; CLARIFYING THE POLICY AND FINDINGS; CLARIFYING CERTAIN DEFINITIONS AND DEFINING CERTAIN TERMS; REDUCING THE TIME REQUIRED FOR THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO APPROVE OR DISAPPROVE MINOR REVISIONS; MODIFYING PERMIT APPLICATION REQUIREMENTS; CLARIFYING HYDROLOGIC BALANCE RECLAMATION REQUIREMENTS; MODIFYING AREA MINING REQUIREMENTS; MODIFYING THE REQUIREMENTS FOR PLANTING VEGETATION FOLLOWING GRADING OF A DISTURBED AREA; PROVIDING STANDARDS FOR SUCCESSFUL REVEGETATION; CLARIFYING THAT VEGETATION THAT IS PLACED OR SEEDED BECOMES THE PROPERTY OF THE LANDOWNER AFTER THE BOND IS RELEASED; ALLOWING REVISION OF PERMIT AND RECLAMATION PLAN APPLICATIONS IN ORDER TO INCORPORATE THE PROVISIONS OF THIS ACT; AMENDING SECTIONS 82-4-202, 82-4-203, 82-4-221, 82-4-222, 82-4-231, 82-4-232, 82-4-233, 82-4-234, 82-4-235, AND 82-4-236, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-202, MCA, is amended to read:

"82-4-202. Policy — findings. (1) It is the declared policy of this state and its people to:

(a) maintain and improve the state's clean and healthful environment for present and future generations;

(b) protect its environmental life-support system from degradation;

(c) prevent unreasonable degradation of its natural resources;

(d) restore, enhance, and preserve its scenic, historic, archaeologic, scientific, cultural, and recreational sites;

(e) demand effective reclamation of all lands disturbed by the taking of natural resources and maintain state administration of the reclamation program;

(f) require the legislature to provide for proper administration and enforcement, create adequate remedies, and set effective requirements and standards ~~(~~, especially as to reclamation of disturbed lands~~)~~, in order to achieve ~~the aforementioned~~ *those* objectives; and

(g) provide for the orderly development of coal resources through strip or underground mining to ~~assure~~ *ensure* the wise use of these resources and prevent the failure to conserve coal.

(2) The legislature ~~hereby~~ finds and declares that:

(a) in order to achieve the ~~aforementioned~~ policy objectives *enumerated in subsection (1),* promote the health and welfare of the people, control erosion and pollution, protect domestic stock and wildlife, preserve agricultural and recreational productivity, save cultural, historic, and aesthetic values, and ~~assure~~ *ensure* a long-range dependable tax base, it is reasonably necessary to require~~, after March 16, 1973,~~ that all strip-mining and underground-mining operations be limited to those for which 5-year permits are granted, that ~~no~~ *a* permit *may not* be issued until the operator presents a comprehensive plan for reclamation and restoration and a coal conservation plan, together with an adequate performance bond, and the plan is approved, that certain other things must be done, that certain remedies are available, that certain lands because of their unique or unusual characteristics may not be strip-mined or underground-mined under any circumstances, all as more particularly appears in the remaining provisions of this part, and that the department be given authority to administer and enforce a reclamation program that complies with Public Law 95-87, the Surface Mining Control and Reclamation Act of 1977, as amended;

(b) this part ~~be deemed to be~~ *is* an exercise of the authority granted in the Montana constitution~~, as adopted June 6, 1972,~~ and, in particular, a response to the mandate expressed in Article IX ~~thereof~~ *of the constitution* and ~~also be deemed to be~~ *that this part is also* an exercise of the general police power to provide for the health and welfare of the people~~.~~*;*

(c) coal mining alters the character of soils and overburden materials and that duplication of premining topography, soils, and vegetation composition is not practicable;

(d) the standard for successful reclamation of lands mined for coal is the reestablishment of sustainable land use comparable to premining conditions or to higher or better uses; and

(e) standards for successful reclamation must be well-defined, consistent, and attainable so that mine operators can reclaim lands disturbed by mining with confidence that the release of performance bonds can be achieved."

Section 2. Section 82-4-203, MCA, is amended to read:

"82-4-203. Definitions. Unless the context requires otherwise, in this part, the following definitions apply:

(1) "Abandoned" means an operation in which a mineral is not being produced and that the department determines will not continue or resume operation.

(2) "Adjacent area" means the area outside the permit area where a resource or resources, determined in the context in which the term is used, are or could reasonably be expected to be adversely affected by proposed mining operations, including probable impacts from underground workings.

~~(2)~~*(3)* (a) "Alluvial valley floor" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities.

(b) The term does not include upland areas that are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion~~,~~ *and* deposits by unconcentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(4) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area,

including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls, spoil piles, and coal refuse piles eliminated, so that:

(a) the reclaimed terrain closely resembles the general surface configuration if it is comparable to the premine terrain. For example, if the area was basically level or gently rolling before mining, it should retain these features after mining, recognizing that rolls and dips need not be restored to their original locations and that level areas may be increased.

(b) the reclaimed area blends with and complements the drainage pattern of the surrounding area so that water intercepted within or from the surrounding terrain flows through and from the reclaimed area in an unobstructed and controlled manner;

(c) postmining drainage basins may differ in size, location, configuration, orientation, and density of ephemeral drainageways compared to the premining topography if they are hydrologically stable, soil erosion is controlled to the extent appropriate for the postmining land use, and the hydrologic balance is protected as necessary to support postmining land uses within the area affected and the adjacent area; and

(d) the reclaimed surface configuration is appropriate for the postmining land use.

~~(3)~~*(5)* "Aquifer" means any geologic formation or natural zone beneath the earth's surface that contains or stores water and transmits it from one point to another in quantities that permit or have the potential to permit economic development as a water source.

~~(4)~~*(6)* (a) "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited.

(b) The term includes:

(i) all land overlying any tunnels, shafts, or other excavations used to extract the mineral;

(ii) lands affected by the construction of new railroad loops and roads or the improvement or use of existing railroad loops and roads to gain access and to haul the mineral;

(iii) processing facilities at or near the mine site or other mine-associated facilities, waste deposition areas, treatment ponds, and any other surface or subsurface disturbance associated with strip mining or underground mining; and

(iv) all activities necessary and incident to the reclamation of the mining operations.

~~(8)~~*(10)* (a) "Coal preparation" means the chemical or physical processing of coal and its cleaning, concentrating, or other processing or preparation.

(b) The term does not mean the conversion of coal to another energy form or to a gaseous or liquid hydrocarbon, except for incidental amounts that do not leave the plant, nor does the term mean processing for other than commercial purposes.

~~(9)~~*(11)* "Coal preparation plant" means a commercial facility where coal is subject to coal preparation. The term includes commercial facilities associated with coal preparation activities but is not limited to loading buildings, water treatment facilities, water storage facilities, settling basins and impoundments, and coal processing and other waste disposal areas.

(13) "Cropland" means land used for the production of adapted crops for harvest, alone or in rotation with grasses and legumes, that include row crops, small grain crops, hay crops, nursery crops, orchard crops, and other similar crops.

~~(11)~~*(14)* "Degree" means a measurement from the horizontal. In each case, the measurement is subject to a tolerance of 5% error.

~~(12)~~*(15)* "Department" means the department of environmental quality provided for in 2-15-3501.

(17) "Ephemeral drainageway" means a drainageway that flows only in response to precipitation in the immediate watershed or in response to the melting of snow or ice and is always above the local water table.

~~(13)~~*(18)* "Failure to conserve coal" means the nonremoval or ~~nonutilization~~ *nonuse* of minable and marketable coal by an operation. However, the nonremoval or ~~nonutilization~~ *nonuse* of minable and marketable coal that occurs because of compliance with reclamation standards established by the department is not considered failure to conserve coal.

(24) "Hydrologic balance" means the relationship between the quality and quantity of water inflow to, water outflow from, and water storage in a hydrologic unit, such as a drainage basin, aquifer, soil zone, lake, or reservoir, and encompasses the dynamic relationships among precipitation, runoff, evaporation, and changes in ground water and surface water storage as they relate to uses of land and water within the area affected by mining and the adjacent area.

~~(15)~~*(25)* "Imminent danger to the health and safety of the public" means the existence of any condition or practice or any violation of a permit or other requirement of this part in a strip- or underground-coal-mining and reclamation operation that could reasonably be expected to cause substantial physical harm to persons outside the permit area before the condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not willingly be exposed to the danger during the time necessary for abatement.

(26) "Industrial or commercial" means land used for:

(a) extraction or transformation of materials for fabrication of products, wholesaling of products, or long-term storage of products. This includes all heavy and light manufacturing facilities.

(28) "Land use" means specific uses or management-related activities, rather than the vegetative cover of the land. Land uses may be identified in combination when joint or seasonal uses occur and may include land used for support facilities that are an integral part of the land use. Violation of a water quality standard, whether or not an existing water use is affected, is material damage.

~~(17)~~*(31)* "Method of operation" means the method or manner by which the cut, open pit, shaft, or excavation is made, the overburden is placed or handled, water is controlled, and other acts are performed by the operator in the process of uncovering and removing the minerals that affect the reclamation of the area of land affected.

~~(18)~~*(32)* "Minable coal" means that coal that can be removed through strip- or underground-mining methods adaptable to the location that coal is being mined or is planned to be mined.

~~(19)~~*(33)* "Mineral" means coal and uranium.

~~(20)~~*(34)* "Operation" means:

The permit is renewable upon each 5-year anniversary after issuance upon application to the department at least 240 but not more than 300 days prior to the renewal date so long as the operator is in compliance with the requirements of this part, the rules adopted to implement this part, and the reclamation plan provided for in 82-4-231 and agrees to comply with all applicable laws and rules in effect at the time of renewal. The renewal is further

subject to the denial provisions of 82-4-227, 82-4-234, and 82-4-251. On application for renewal, the burden is on the opponents of renewal to demonstrate that the permit should not be renewed. A permit must terminate if the permittee has not commenced strip- or underground-mining operations pursuant to the permit within 3 years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that the extensions are necessary by reason of litigation precluding the commencement or threatening substantial economic loss to the permittee or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee is considered to have commenced strip- or underground-mining operations at the time the construction of the synthetic or generating facility is initiated.

(2) As a condition to the issuance of each permit issued under this part, an authorized representative of the department shall, without advance notice, have the right of entry to, upon, or through a strip- or underground-mining operation or any premises in which any records required to be maintained under this part are located and may, at reasonable times and without delay, have access to copy any records and inspect any monitoring equipment or method of operation required under this part. When an inspection results from information provided to the department by any person, the department shall notify that person when the inspection is proposed to be made and that person must be allowed to accompany the inspector during the inspection.

(3) During the term of the permit, the permittee may submit an application for a revision of the permit, together with a revised reclamation plan, to the department. The department may not approve the application unless it finds that reclamation in accordance with this part would be accomplished. Application for minor revision must be approved or disapproved within a reasonable time, depending on the scope and complexity, but ~~in no case longer than 120 days~~ *within 60 days, which may be extended by an additional 30 days by mutual agreement of the department and the applicant*. Applications for major revisions are subject to all the permit application requirements and procedures."

(ii) the capability of the land prior to any mining to support a variety of uses, giving consideration to soil characteristics, topography, and vegetative cover; and

(iii) the productivity of the land prior to mining, including appropriate classification as prime farm land, as well as the average yield of food, fiber, forage, or wood products from land under high levels of management;

~~(n)~~*(q)* a coal conservation plan; and

~~(o)~~*(r)* other or further information as the department may require.

(2) The application for a permit must be accompanied by two copies of all maps meeting the requirements of subsections (2)(a) through ~~(2)(n)~~ *(2)(q)*. The maps must:

The certification must be signed and notarized. The department may reject a map as incomplete if its accuracy is not attested.

(n) contain other or further information as the department may require.

(3) If the department finds that the probable total annual production at all locations of any strip-mining or underground-coal-mining operation applied for will not exceed 100,000 tons, any determination of probable hydrologic

consequences that the department requires and the statement of result of test borings or core samplings must, upon written request of the operator, be performed by a qualified public or private laboratory designated by the department. The department shall assume the cost of the determination and statement to the extent that it has received funds for this purpose.

(4) In addition to the information and maps required by this section, each application for a permit must be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, subsidence stabilization, water control, grading work, highwall reduction, topsoiling, planting, and revegetating, and a reclamation plan for the area affected by the operation, which proposals must meet the requirements of this part and rules adopted under this part. The reclamation plan must address the life of the operation and indicate the size, sequence, and the timing of the subareas for which it is anticipated that individual permits will be sought.

(5) Each applicant for a coal mining permit shall submit as part of the application a certificate issued by an insurance company authorized to do business in the state, certifying that the applicant has in force for the strip-mining or underground-mining and reclamation operations for which the permit is sought a public liability insurance policy~~,~~ or evidence that the applicant has satisfied other state or federal self-insurance requirements. This policy must provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of strip-mining or underground-coal-mining and reclamation operations, including use of explosives, and entitled to compensation under applicable provisions of state law. The permittee shall maintain the policy in full force and effect during the term of the permit and any renewal until all reclamation operations have been completed.

(6) Each applicant for a strip-mining or underground-mining reclamation permit shall file a copy of ~~his~~ *the applicant's* application for public inspection with the clerk and recorder at the courthouse of the county in which the major portion of mining is proposed to occur."

Section 5. Section 82-4-231, MCA, is amended to read:

"82-4-231. Submission of and action on reclamation plan. (1) As rapidly, completely, and effectively as the most modern technology and the most advanced state of the art will allow, each operator granted a permit under this part shall reclaim and revegetate the land affected by the operation, except that underground tunnels, shafts, or other subsurface excavations need not be revegetated. Under the provisions of this part and rules adopted by the board, an operator shall prepare and carry out a method of operation, a plan of grading, backfilling, highwall reduction, subsidence stabilization, water control, and topsoiling and a reclamation plan for the area of land affected by the operation. In developing a method of operation and plans of grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation, all measures must be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, subsidence, landslides, water pollution, and hazards dangerous to life and property.

(2) The reclamation plan must set forth in detail the manner in which the applicant intends to comply with 82-4-232 through 82-4-234 and this section

and the steps to be taken to comply with applicable air and water quality laws and rules and any applicable health and safety standards.

(3) The application for permit or major revision of a permit, which must contain the reclamation plan, must be submitted to the department.

(4) The department shall determine whether the application is administratively complete. An application is administratively complete if it contains information addressing each application requirement in 82-4-222 and the rules implementing that section and all information necessary to initiate processing and public review. The department shall notify the applicant in writing of its determination no later than 90 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items that the application must address. The application is presumed administratively complete as to those requirements not specified in the notice.

(5) If the department determines that an environmental impact statement on the application is required, it shall notify the applicant in writing at the same time it gives the applicant notice pursuant to subsection (4).

(6) After the applicant receives notice that the application is administratively complete, the applicant shall publish notice of filing of the application once a week for 4 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. The department shall notify various local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the proposed mining will take place of the application and provide a reasonable time for them to submit written comments. Any person having an interest that is or may be adversely affected or the officer or head of any federal, state, or local governmental agency or authority may file written objections to the proposed initial or revised application for permit or major revision within 30 days of the applicant's published notice. If written objections are filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 30 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons for its decision within 60 days of the informal conference. The department may arrange with the applicant upon request by any party to the administrative proceeding for access to the proposed mining area for the purpose of gathering information relevant to the proceeding.

(7) The filing of written objections or a request for an informal conference may not preclude the department from proceeding with its review of the application as specified in subsection (8).

(8) (a) The department shall review each administratively complete application and determine the acceptability of the application. During the review, the department may propose modifications to the application or delete areas from the application in accordance with the requirements of 82-4-227. A complete application is considered acceptable when the application is in compliance with all of the applicable requirements of this part and the regulatory program pursuant to this part.

(b) If the applicant significantly modifies the application after the application has been determined administratively complete in accordance with subsection (4), the department shall under this section either deny the

application or conduct a new review, including an administrative completeness determination, public notice, and objection period.

(c) If an environmental impact statement is determined to be necessary prior to making a permit decision, the department shall complete and publish the final environmental impact statement at least 15 days prior to the date of issuance of the written findings pursuant to subsection (8)(f).

(d) Except as provided in 75-1-208(4)(b), within 120 days after it determines that an application is administratively complete, the department shall notify the applicant in writing whether the application is or is not acceptable. If the application is not acceptable, the department shall set forth the reasons why it is not acceptable, and it may propose modifications, delete areas, or reject the entire application. All items not specified as unacceptable in the department's notification are presumed to be acceptable. Except as provided in 75-1-208(4)(b), if the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 120 days of the date of receipt whether the revised application is acceptable. If the revision constitutes a significant modification under subsection (8)(b), the department shall conduct a new review, beginning with an administrative completeness determination.

(e) When the application is determined to be acceptable, the department shall publish notice of its determination once a week for 2 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. Any person having an interest that is or may be adversely affected may file a written objection to the determination within 10 days of the department's last published notice. If a written objection is filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 20 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons for the decision within 10 days of the informal conference.

(f) Except as provided in 75-1-208(4)(b), the department shall prepare written findings granting or denying the permit or major revision application in whole or in part ~~no~~ *not* later than 45 days from the date the application is determined acceptable. However, if lands subject to the federal lands program are included in the application for permit or major revision, the department shall prepare and submit written findings to the federal regulatory authority. If the department's decision is to grant the permit, the department shall issue the permit on the date of its written finding or, if any federal concurrence is necessary, on the date when the concurrence is obtained. If the application is denied, specific reasons for the denial must be set forth in the written notification to the applicant.

(g) If the department fails to act within the times specified in this subsection (8), it shall immediately notify the board in writing of its failure to comply and the reasons for the failure to comply.

(9) The applicant, a landowner, or any person with an interest that is or may be adversely affected by the department's permit decision may within 30 days of that decision submit a written notice requesting a hearing. The notice must contain the grounds upon which the requester contends that the decision is in error. The hearing must be held within 30 days of the request. For purposes of a hearing, the department may order site inspections of the area pertinent to the application. The department shall within 20 days of the hearing notify the

person who requested the hearing, by certified mail, and all other persons, by regular mail, of the findings and decisions. A person who presided at the informal conference may not preside at the hearing or participate in the decision.

(10) In addition to the method of operation, grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1), shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid-producing, toxic, undesirable, or creating a hazard;

(b) as directed by rules, seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

(f) adopt measures to prevent land subsidence unless the department approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner, with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant is required to show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health or to domestic livestock or a viable agricultural operation, or violate any other restrictions the department may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in a manner that will prevent or minimize land subsidence. The remaining waste material must be disposed of as provided by this part and the rules of the board.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of those resources when practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in ~~associated offsite~~ *adjacent* areas and to the quality and quantity of water in surface water and ground water systems both during and after strip- or underground-coal-mining operations and during reclamation *as necessary to support postmining land uses and to prevent material damage to the hydrologic balance in the adjacent area* by:

(i) avoiding acid or other toxic mine drainage by measures including but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content that adversely affects downstream water upon being released to water courses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but the contributions may not be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to subsection (10)(k)(ii)(A) prior to commencement of strip- or underground-mining operations, with the structures to be certified by a qualified registered engineer and to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations that requires the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; ~~and~~

(vii) designing and constructing reclaimed channels of intermittent streams and perennial streams to ensure long-term stability; and

~~(vii)~~*(viii)* any other actions that the department may prescribe *to protect the hydrologic balance as necessary to support postmining land uses within the area affected and to prevent material damage to the hydrologic balance in adjacent areas*;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except when the department determines that the resulting impoundment of water in the auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in proximity to the channel so as to seriously alter the normal flow of water;

(q) meet other criteria that are necessary to achieve reclamation in accordance with the purposes of this part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions that constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in a manner that prevents a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the throwing, dumping, or piling or otherwise placing of any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land that is under permit and for which a bond has been posted under 82-4-223 or place the materials described in this section in a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of that area of land. An operator shall conduct the strip- or underground-mining operation in a manner that protects areas outside the permit area."

Section 6. Section 82-4-232, MCA, is amended to read:

"82-4-232. Area mining required — bond — alternative plan. (1) *(a)* Area strip mining, a method of operation that does not produce a bench or fill bench, is required where strip mining is proposed. ~~All highwalls must be reduced and the steepest slope of the reduced highwall may be no greater than 20 degrees from the horizontal. Highwall reduction must be commenced at or beyond the top of the highwall and sloped to the graded spoil bank. Reduction, backfilling, and grading must eliminate all highwalls and spoil peaks.~~ The area of land affected must be ~~restored~~ *backfilled and graded* to the approximate original contour of the land. *However:*

(i) consistent with the adjacent unmined landscape elements, the operator may propose and the department may approve regraded topography gentler than premining topography in order to enhance the postmining land use and develop a postmining landscape that will provide greater moisture retention, greater stability, and reduced soil losses from runoff and erosion;

(ii) postmining slopes may not exceed the angle of repose or lesser slope as is necessary to achieve a long-term static safety factor of 1.3 or greater and to prevent slides;

(iii) permanent impoundments may be approved if they are suitable for the postmining land use and otherwise meet the requirements of this part, as provided by board rules; and

(iv) reclaimed topography must be suitable for the approved postmining land use.

(b) Spoil from the first cut is not required to be transported to the last cut if highwalls are eliminated, box cut spoils are graded to blend in with the surrounding terrain, and the approximate original contour of the land is achieved.

(c) When directed by the department, the operator shall construct in the final grading diversion ditches, depressions, or terraces that will accumulate or control the water runoff. ~~Additional restoration work may be required by the department according to rules adopted by the board.~~

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the board. These rules may require any measure to accomplish the purpose of this part.

(3) For coal mining on prime farmlands, the board shall establish by rule specifications for soil removal, storage, replacement, and reconstruction, and the operator must as a minimum be required to:

(a) segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity; and if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by other acid or toxic material;

(b) segregate the B horizon of the natural soil, or underlying C horizon or other strata, or a combination of such horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil; and if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by acid or toxic material;

(c) replace and regrade the root zone material described in subsection (3)(b) with proper compaction and uniform depth over the regraded spoil material; and

(d) redistribute and grade in a uniform manner the surface soil horizon described in subsection (3)(a).

(4) All available topsoil must be removed in a separate layer, guarded from erosion and pollution, and kept in such a condition that it can sustain vegetation of at least the quality and variety it sustained prior to removal, provided that the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil. After the operation has been backfilled and graded, the topsoil or the best available subsurface deposit of material that is best able to support vegetation must be returned as the top layer.

(5) As determined by rules of the board, time limits must be established requiring backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, subsidence stabilization, sealing, grading, and topsoiling must be completed before necessary equipment is moved from the operation.

(6) (a) The permittee may file a request with the department for the release of all or part of a performance bond or deposit. Within 30 days after any application for bond or deposit release has been filed with the department, the permittee shall submit a copy of an advertisement notice placed at least once a week for 4 successive weeks in a newspaper of general circulation in the locality of the prospecting or mining operation. The notice is considered part of any bond release application and must contain a notification of the precise location of the land affected, the number of acres, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the

results achieved as they relate to the permittee's approved reclamation plan. In addition, as part of any bond release application, the permittee shall submit copies of letters that the permittee has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality of the operation, notifying them of the permittee's intention to seek release from the bond.

(b) Upon receipt of the request and copies of the notification made under subsection (6)(a), the department shall, within 30 days, conduct an inspection and evaluation of the reclamation work involved. In the evaluation, the department shall consider, among other things, the degree of difficulty in completing any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance or future occurrence of the pollution, and the estimated cost of abating the pollution. The department shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond within 60 days of the filing of the request if ~~no~~ *a* public hearing is *not* held pursuant to subsection (6)(f) or, if a public hearing is held pursuant to that subsection, within 30 days after the hearing.

(c) The department may release the bond or deposit in whole or in part if it is satisfied the reclamation covered by the bond or deposit or portion of the bond or deposit has been accomplished as required by this part according to the following schedule:

(i) When the permittee completes the plugging, backfilling, regrading, and drainage control of a bonded area in accordance with the approved reclamation plan, the department shall release 60% of the bond or collateral for the applicable permit area.

(ii) After revegetation has been established on the regraded lands in accordance with the approved reclamation plan, the department shall, for the period specified for operator responsibility of reestablishing revegetation, retain that amount of bond for the revegetated area that would be sufficient for a third party to cover the cost of reestablishing revegetation. Whenever a silt dam is to be retained as a permanent impoundment, the portion of bond may be released under this subsection (6)(c)(ii) if provisions for sound future maintenance by the operator or the landowner have been made with the department. ~~No~~ *Any* part of the bond or deposit may *not* be released under this subsection (6)(c)(ii):

(A) as long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements of 82-4-231(10)(k); or

(B) before soil productivity for prime farm lands to which the release would be applicable has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices, as determined from the soil survey.

(iii) When the permittee has successfully completed all prospecting, mining, and reclamation activities, the department shall release the remaining portion of the bond, but not before the expiration of the period specified for responsibility and not until all reclamation requirements of this part are fully met.

(d) If the department disapproves the application for release of the bond or a portion of the bond, it shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure the release and allowing opportunity for a public hearing.

(e) When an application for total or partial bond release is filed with the department, it shall notify the municipality in which a prospecting or mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(f) Any person with a valid legal interest that might be adversely affected by release of the bond or the responsible officer or head of any federal, state, or local governmental agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to the operations has the right to file written objections to the proposed release from bond to the department within 30 days after the last publication of the notice provided for in subsection (6)(a). If written objections are filed and a hearing is requested, the department shall inform all the interested parties of the time and place of the hearing and, within 30 days of the request for the hearing, hold a public hearing in the locality of the operation proposed for bond release. The date, time, and location of the public hearing must be advertised by the department in a newspaper of general circulation in the locality for 2 consecutive weeks, and the hearing must be held in the locality of the operation proposed for bond release or at the state capital, at the option of the objector, within 30 days of the request for the hearing.

(g) Without prejudice to the rights of the objectors or the permittee or the responsibilities of the department pursuant to this section, the department may establish an informal conference to resolve written objections.

(h) For the purpose of the hearing under subsection (6)(f), the department may administer oaths; subpoena witnesses or written or printed materials; compel the attendance of witnesses or the production of materials; and take evidence, including but not limited to site inspections of the land affected and other operations carried on by the permittee in the general vicinity. A verbatim record of each public hearing required by this section must be made, and a transcript must be made available on the motion of any party or by order of the department.

(7) All disturbed areas must be reclaimed in a timely manner to conditions that are capable of supporting the land uses that they were capable of supporting prior to any mining or to higher or better uses as approved pursuant to subsection (8).

~~(7)~~*(8) (a)* An operator may propose *a higher or better use as an alternative postmining land use. If the landowner is not the operator, the operator shall submit written documentation of the concurrence of the landowner or the land management agency with jurisdiction over the land. The department may approve the proposed alternative postmining land use only if it meets all of the following criteria:*

(i) There is a reasonable likelihood for achievement of the alternate land use.

(ii) The alternate land use does not present any actual or probable hazard to the public health or safety or any threat of water diminution or pollution.

(iii) The alternate land use will not:

(A) be impractical or unreasonable;

(B) be inconsistent with applicable land use policies or plans;

(C) involve unreasonable delay in implementation; or

(D) cause or contribute to violation of federal, state, or local law. ~~alternative plans other than backfilling, grading, highwall reduction, topsoiling, or seeding to a permanent diverse vegetative cover if the restoration will be consistent with the purpose of this part. These plans must be submitted to the department, and after consultation with the landowner, if the plans are approved by the department and complied with within the time limits determined by the department as being reasonable for carrying out the plans, the backfilling, grading, highwall reduction, topsoiling, or revegetation requirements of this part may be modified by the department. An operator who proposes alternative plans that will affect an existing permit shall comply with the notice requirement of 82-4-222(1)(l).~~

~~(8) If alternate revegetation is proposed, a management plan must be submitted showing how the area will be used and any data necessary to show that the alternate postmining land use can be achieved. Any plan must require the operation at a minimum to:~~

~~(a) restore the land affected to a condition capable of supporting the use that it was capable of supporting prior to any mining operation or to a higher or better use of which there is a reasonable likelihood, if the use or uses do not present any actual or probable threat of water diminution or pollution, and if the permit applicant's proposed land use following reclamation is not determined to be impractical, unreasonable, or inconsistent with applicable land use policies and plans, would not involve unreasonable delay in implementation, and would not violate federal, state, or local law; and~~

~~(b) prevent soil erosion to the extent achieved prior to mining.~~

(b) As used in this section, the term "landowner" includes a person who has sold the surface estate to the operator with an option to repurchase the surface estate after mining and reclamation are complete.

(9) The reclamation plan must incorporate appropriate wildlife habitat enhancement features that are integrated with cropland, grazing land, pastureland, land occasionally cut for hay, or other uses in order to enhance habitat diversity, with emphasis on big game animals, game birds, and threatened and endangered species that have been documented to live in the area of land affected, and to enhance wetlands and riparian areas along rivers and streams and bordering ponds and lakes. Incorporation of wildlife habitat enhancement features does not constitute a change in land use to fish and wildlife habitat and may not interfere with the designated land use.

(10) Facilities existing prior to mining, including but not limited to public roads, utility lines, railroads, or pipelines, may be replaced as part of the reclamation plan."

Section 7. Section 82-4-233, MCA, is amended to read:

"82-4-233. Planting of vegetation following grading of disturbed area. (1) ~~Except as provided in subsection (4), after the operation has been backfilled, graded, topsoiled, and approved by the department, the operator shall prepare the soil and plant the legumes, grasses, shrubs, and trees that are necessary to establish on the regraded areas and all other lands affected a diverse, effective, and permanent vegetative cover of the same seasonal variety native to the area of land to be affected and capable of self-regeneration and plant succession at least equal in extent of cover to the natural vegetation of the area except that introduced species may be used in the revegetation process where desirable and necessary to achieve the approved postmining land use plan. The vegetative cover must be capable of:~~

~~(a) feeding and withstanding grazing pressure from a quantity and mixture of wildlife and livestock at least comparable to that which the land could have sustained prior to the operation;~~

~~(b) regenerating under the natural conditions prevailing at the site, including occasional drought, heavy snowfalls, and strong winds; and~~

~~(c) preventing soil erosion to the extent achieved prior to the operation.~~ *The operator shall establish on regraded areas and on all other disturbed areas, except water areas, surface areas of roads, and other constructed features approved as part of the postmining land use, a vegetative cover that is in accordance with the approved permit and reclamation plan and that is:*

(a) diverse, effective, and permanent;

(b) composed of species native to the area or of introduced species when desirable and necessary to achieve the postmining land use and when approved by the department;

(c) at least equal in extent of cover to the natural vegetation of the area; and

(d) capable of stabilizing the soil surface in order to control erosion to the extent appropriate for the approved postmining land use.

(2) ~~The seed or plant mixtures, quantities, method of planting, type and amount of lime or fertilizer, mulching, irrigation, fencing, and any other measures necessary to provide a suitable permanent diverse vegetative cover must be defined by rules of the board.~~ *The reestablished plant species must:*

(a) be compatible with the approved postmining land use;

(b) have the same seasonal growth characteristics as the original vegetation;

(c) be capable of self-regeneration and plant succession;

(d) be compatible with the plant and animal species of the area; and

(e) meet the requirements of applicable seed, poisonous and noxious plant, and introduced species laws or regulations.

(3) Reestablished vegetation must be appropriate to the postmining land use so that when the postmining land use is:

(a) cropland, the requirements of subsections (1)(a), (1)(c), (2)(b), and (2)(c) are not applicable;

(b) pastureland or grazing land, reestablished vegetation must have use for grazing by domestic livestock at least comparable to premining conditions or enhanced when practicable;

(c) fish and wildlife habitat, forestry, or recreation, trees and shrubs must be planted to achieve appropriate stocking rates.

~~(3)~~*(4)* All underground shafts, tunnels, or other excavations are excluded from the provisions of subsection (1).

~~(4)~~*(5)* For land that was mined, disturbed, or redisturbed after May 2, 1978, and that was seeded prior to January 1, 1984, using a seed mix that was approved by the department ~~pursuant to subsection (2)~~ and on which the reclaimed vegetation otherwise meets the requirements of ~~subsection~~ *subsections* (1) *and (2)* and applicable state and federal seed and vegetation laws and rules, introduced species are considered desirable and necessary to achieve the postmining land use and may compose a major or dominant component of the reclaimed vegetation."

Section 8. Section 82-4-234, MCA, is amended to read:

"82-4-234. Commencement of reclamation. The operator shall commence the reclamation of the area of land affected by ~~his~~ *the operator's* operation as soon as possible after the beginning of strip mining or underground mining of that area in accordance with plans previously approved by the department. Those grading, backfilling, subsidence stabilization, topsoiling, and water management practices that are approved in the plans ~~shall~~ *must* be kept current with the operation as defined by rules of the board, and a permit or supplement to a permit may not be issued if, in the discretion of the department, these practices are not current. ~~A permittee may not, without department approval, disturb any area that has been seeded pursuant to 82-4-233.~~"

Section 9. Section 82-4-235, MCA, is amended to read:

"82-4-235. ~~Inspection of vegetation~~ *Determination of successful revegetation* — final bond release. (1) *Success of revegetation must be judged on the effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the cover occurring in the natural vegetation, and the requirements of 82-4-233. Standards for success are:*

(a) for areas reclaimed for use as cropland, crop production must be at least equal to that achieved prior to mining based on comparison with historical data, comparable reference areas, or United States department of agriculture publications applicable to the area of the operation, as referenced in rules adopted by the board;

(b) for areas reclaimed for use as pastureland or grazing land, the ground cover and production of living plants on the revegetated area must be at least equal to that of a reference area or other standard approved by the department as appropriate for the postmining land use;

(c) for areas reclaimed for use as fish and wildlife habitat, forestry, or recreation, success of revegetation must be determined on the basis of approved tree density standards or shrub density standards, or both, and vegetative ground cover required to achieve the postmining land use;

(d) reestablished vegetation is diverse if multiple plant species meeting the requirements of 82-4-233(1)(b) are present. The department may approve a lesser diversity standard for postmining land uses other than grazing land.

(e) reestablished vegetation is considered effective if the postmining land use is achieved and erosion is controlled;

(f) reestablished vegetation is considered permanent if it is diverse and effective at the end of the 10-year responsibility period specified under subsection (2); and

(g) plant species comprising the reestablished vegetation are considered to have the same seasonal characteristics of growth as the original vegetation, to be capable of regeneration and plant succession, and to be compatible with the plant and animal species of the area if those plant species are native to the area, are introduced species that have become naturalized, or are introduced species approved by the department as desirable and necessary to achieve the postmining land use.

(2) Inspection and evaluation ~~for permanent diverse~~ *of reclaimed* vegetative cover must be made as soon as possible following an application for final bond release to determine if a satisfactory stand has been established. If the department determines that a satisfactory ~~permanent diverse~~ vegetative cover

has been established, it shall release the remaining bond held on the area reclaimed after public notice and an opportunity for hearing as provided in 82-4-232(6). The remaining bond may not be released prior to a period of 10 years after the last year of augmented seeding, fertilizing, irrigation, or other work required under this part for those operations or portions of operations that were seeded after May 2, 1978, or prior to a period of 5 years after initial planting for all exploration activities and all other operations.

~~(2)~~*(3)* (a) Notwithstanding the provision in subsection ~~(1)~~ *(2)*, on land from which coal was removed prior to May 3, 1978, and on land from which coal was not removed and that was not used, disturbed, or redisturbed in connection with this part after May 2, 1978, the department may approve for release a bond on an area of reclaimed vegetation that meets the following criteria:

(i) it was seeded using a seed mixture that was approved by the department under the criteria established pursuant to 82-4-233 and that included introduced species; and

(ii) at least one of the following conditions exists:

(A) the standards of 82-4-233(1) are otherwise achieved;

(B) the operator has demonstrated substantial usefulness of the reclaimed vegetation for grazing of livestock;

(C) the operator demonstrates that the reclaimed vegetation has substantial value as a habitat component for wildlife present in the area; or

(D) the topography and soils are suitable for conversion to cropland or hayland consistent with the standards of ~~82-4-232(8)~~ *82-4-232* and the department approves and the operator completes that conversion.

(b) On lands that meet the criteria described in subsection ~~(2)(a)~~ *(3)(a)*, interseeding or supplemental planting may be performed without reinitiating the liability period provided in subsection ~~(1)~~ *(2)*."

Section 10. Section 82-4-236, MCA, is amended to read:

"82-4-236. Vegetation as property of landowner. All ~~legumes, grasses, shrubs, and trees~~ *vegetation* ~~which are~~ *that is* planted or seeded on the area of land affected as required by this part or rules adopted under this part ~~become~~ *becomes* the property of the landowner after complete release of the bond, unless the operator and the landowner agree otherwise."

Section 11. Permit and reclamation plan application revisions. (1) An applicant may revise an application for a permit, a permit amendment, or a permit revision that is pending on [the effective date of this act], in order to incorporate the provisions of this part.

(2) A permittee may apply to revise and the department may approve an application to incorporate the provisions of this part into a reclamation plan approved before [the effective date of this act]. The reclamation plan may be revised whether or not reclamation has been completed pursuant to the reclamation plan.

Section 12. Codification instruction. [Section 11] is intended to be codified as an integral part of Title 82, chapter 4, part 2, and the provisions of Title 82, chapter 4, part 2, apply to [section 11].

Section 13. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is

invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 14. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 15. Contingent voidness. (1) If any provision of [this act] is disapproved by the United States secretary of the interior pursuant to 30 CFR 732.17, then that portion of [this act] is void.

(2) Within 15 days of the effective date of the disapproval under subsection (1), the department of environmental quality shall notify the code commissioner, certifying that the disapproval under subsection (1) has occurred.

(1) "All-inclusive rate" means a fixed charge that is computed on a daily basis or on the basis of another time period for inpatients, that is computed on a per visit basis for outpatients, and that is applicable uniformly to each patient without regard to the extent of the services required by the patient and without regard to a distinction between physician services and hospital services.

CHAPTER NO. 208

[HB 467]

AN ACT PROVIDING THAT NECESSITY MUST BE SHOWN BEFORE CHANGES TO THE EXISTING WATER QUALITY OF CERTAIN WATERS CAN BE PROHIBITED; REQUIRING THE BOARD OF ENVIRONMENTAL

REVIEW TO MAKE A WRITTEN FINDING WHEN ACCEPTING A PETITION TO CLASSIFY WATERS AS OUTSTANDING RESOURCE WATERS; PROVIDING CRITERIA FOR THE BOARD OF ENVIRONMENTAL REVIEW'S WRITTEN FINDING; PROVIDING A HEARING PROCESS WHEN THE BOARD OF ENVIRONMENTAL REVIEW RECEIVES A PETITION FOR RULEMAKING TO CLASSIFY A WATER AS AN OUTSTANDING RESOURCE WATER; PROVIDING THAT THE COSTS OF THE ENVIRONMENTAL IMPACT STATEMENT MUST BE PAID BY THE PETITIONER; AMENDING SECTIONS 75-5-315 AND 75-5-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-315, MCA, is amended to read:

"75-5-315. Outstanding resource waters — statement of purpose. (1) The legislature, understanding the requirements of applicable federal law and the uniqueness of Montana's water resource, recognizes that certain state waters are of such environmental, ecological, or economic value that the state should, *upon a showing of necessity,* prohibit, to the greatest extent practicable, changes to the existing water quality of those waters. Outstanding resource waters must be afforded the greatest protection feasible under state law, after thorough examination.

(2) The purpose of 75-5-316 and this section is to provide this protection, *when necessary,* and to provide guidance to the board in establishing rules to accomplish that level of protection."

Section 2. Section 75-5-316, MCA, is amended to read:

"75-5-316. Outstanding resource water classification — rules — criteria — limitations — procedure — *definition.* (1) As provided under the provisions of 75-5-301 and this section, the board may adopt rules regarding the classification of waters as outstanding resource waters.

(2) The department may not:

(a) grant an authorization to degrade under 75-5-303 in outstanding resource waters; or

(b) allow a new or increased point source discharge that would result in a permanent change in the water quality of an outstanding resource water.

(3) (a) A person may petition the board for rulemaking to classify *state* waters as outstanding resource waters. The board shall initially review a petition against the criteria identified in subsection (3)(c) to determine whether the petition contains sufficient credible information for the board to accept the petition.

(b) The board may reject a petition without further review if it determines that the petition does not contain the sufficient credible information required by subsection (3)(a). If the board rejects a petition under this subsection (3)(b), it shall specify in writing the reasons for the rejection and the petition's deficiencies.

(c) The board may not adopt a rule classifying state waters as outstanding resource waters until it accepts a petition and ~~finds~~ *makes a written finding containing the provisions enumerated in subsection (3)(d)* that, based on a preponderance of the evidence:

(i) the waters identified in the petition constitute an outstanding resource based on the criteria provided in subsection (4);

(ii) the *increased protection under the* classification is necessary to protect the outstanding resource identified under subsection (3)(a) *because of a finding that the outstanding resource is at risk of having one or more of the criteria provided in subsection (4) compromised as a result of pollution*; and

(iii) *classification as an outstanding resource water is necessary because of a finding that* there is no other effective process available that will achieve the necessary protection.

(d) The written finding provided for in subsection (3)(c) must:

(i) identify the criteria provided in subsection (4) that the board believes serve as justification for the determination that the water is an outstanding resource;

(ii) specifically identify the criteria that are at risk and explain why those criteria are at risk; and

(iii) specifically explain why other available processes, including the requirements of 75-5-303, will not achieve the necessary protection.

(4) The board shall consider the following criteria in determining whether certain state waters are outstanding resource waters. However, the board may determine that compliance with one or more of these criteria is insufficient to warrant classification of the water as an outstanding resource water. The board shall consider:

(a) whether the waters have been designated as wild and scenic;

(b) the presence of endangered or threatened species in the waters;

(c) the presence of an outstanding recreational fishery in the waters;

(d) whether the waters provide the only source of suitable water for a municipality or industry;

(e) whether the waters provide the only source of suitable water for domestic water supply; and

(f) other factors that indicate outstanding environmental or economic values not specifically mentioned in this subsection (4).

(5) Before accepting a petition, the board shall:

(a) publish a notice and brief description of the petition in a daily newspaper of general circulation in the area affected and make copies of the proposal available to the public. The cost of publication must be paid by the petitioner.

(b) provide for a 30-day written public comment period regarding whether the petition contains sufficient credible information, as provided in subsection (3)(b), prior to the hearing required in subsection (5)(c);

(c) hold a public hearing regarding the petition and its contents and allow further written and oral testimony at the hearing;

(d) issue a proposed decision, including:

(i) the written finding provided for in subsection (3)(c); and

(ii) the board's acceptance or rejection of the petition;

(e) provide for a 30-day public comment period regarding the board's proposed decision; and

(f) issue a final decision on acceptance or rejection of the petition, which must include a response to comments that were received by the board, and make copies of this decision available to the public.

~~(5)~~*(6) (a)* After acceptance of a petition, the board shall ~~require the preparation of~~ *direct the department to prepare* an environmental impact statement, as provided under Title 75, chapter 1, part 2, *and this section* ~~when classification as an outstanding resource water may cause significant adverse impacts to the environment, including significant adverse impacts to social or economic values~~.

Section 12. Section 75-20-232, MCA, is amended to read:

"75-20-232. Criteria for identifying proposed facilities that qualify for expedited review. (1) In order for a facility to qualify for expedited review under 75-20-231, the department shall make a significance determination of the impacts associated with a proposed facility. This determination is the basis of the department's decision concerning whether the proposed facility qualifies for expedited review.

(2) The department shall consider the following criteria in determining the significance of each impact that the proposed facility has on the quality of the human environment:

(f) that the facility will serve the public interest, convenience, and necessity;

(g) that the department or board has issued any necessary air or water quality decision, opinion, order, certification, or permit as required by 75-20-216(3); and

(h) that the use of public lands for location of the facility was evaluated and public lands were selected whenever their use is as economically practicable as the use of private lands.

(a) that the facility or alternative incorporates all reasonable, cost-effective mitigation of significant environmental impacts; ~~or~~ *and*

(b) that unmitigated impacts, including those that cannot be reasonably quantified or valued in monetary terms, ~~do not pose any threat of serious injury or damage to~~ *will not result in*:

(b) each county and all local governmental units within each county in which:

(i) a mining permit in accordance with the Montana Strip and Underground Mine Reclamation Act has been granted by the department of environmental quality for a project within the county that will establish a new coal mine to produce at least 300,000 tons a year and that the department of commerce determines will commence production within 2 years;

(iv) ~~a certificate of environmental compatibility and public need in accordance with the Montana Major Facility Siting Act has been granted by the board of environmental review~~ *an air quality permit has been issued by the department of environmental quality* for a new steam-generating or other new coal-burning facility that will consume at least 1 million tons a year of Montana-mined coal and for which the department of commerce determines the construction or operation will commence within 2 years of the designation;

(c) each local governmental unit located within 100 miles, measured over the shortest all-weather public road, of a mine or facility qualifying under subsection (1)(b)(i), (1)(b)(ii), or (1)(b)(iv); and

(d) each local governmental unit in which:

(i) a mine that has produced 300,000 tons or more of coal a year has ceased all significant mining or is scheduled to cease within 1 year; or

(ii) a steam-generating or other coal-burning facility that has operated under ~~a certificate of environmental compatibility and public need in accordance with the Montana Major Facility Siting Act~~ *an air quality permit issued by the department of environmental quality* and that has consumed at least 1 million tons of Montana-mined coal a year has closed or is scheduled to close within 1 year.

(2) Designation under subsection (1) of:

(a) any local governmental unit extends to and includes as a designated unit the county in which it is located; and

(b) a county extends to and includes as a designated unit any local governmental unit in the county that contains at least 10% of the total population of the county.

(3) Except as provided in 90-6-205(4)(b), the board may not award more than 50% of the funds appropriated to it each year for grants to governmental units and state agencies for meeting the needs caused by an increase or decrease in coal development or in the consumption of coal by a coal-using energy complex to local governmental units other than those governmental units designated under subsection (1).

(7) All designations based on an increase in coal development or in the consumption of coal by a coal-using energy complex made under subsection (1)(a), (1)(b), or (1)(c) must be for 1 year. A designation may not continue after the department of commerce determines that the mine, railroad, or facility that provided the basis for a designation is contributing sufficient tax revenue to the designated governmental unit to meet the increased costs of providing the services necessitated by the development of the mine, railroad, or facility. However, nondesignated local governmental units continue to be eligible for coal impact grants of not more than 50% of the funds appropriated to the board for grants in circumstances in which an impact exists in a community or area directly affected by:

Payment of the surcharge must be indicated by placement of a warm water game fish stamp on the fishing license.

(2) A warm water game fish stamp is valid for the license year in which it is purchased.

(9) The department shall prepare a list of all waters into which fish from the Fort Peck multispecies fish hatchery will be planted. The waters designated in the list are the only waters for which a warm water game fish stamp is required."

CHAPTER NO. 230

[HB 557]

AN ACT GENERALLY REVISING PROVISIONS RELATING TO ANATOMICAL GIFTS; PROVIDING FOR THE DEVELOPMENT OF AN ORGAN DONATION REGISTRY SYSTEM; PROVIDING FOR THE TRANSFER OF ORGAN DONOR INFORMATION FROM THE DEPARTMENT OF JUSTICE TO THE FEDERALLY DESIGNATED ORGAN PROCUREMENT ORGANIZATION; LIMITING USES OF ORGAN DONOR INFORMATION; ALLOWING THE DEPARTMENT OF JUSTICE TO RECOVER COSTS; CLARIFYING THAT THE DONOR'S WISHES ARE PARAMOUNT; AND AMENDING SECTIONS 61-5-301 AND 72-17-201, MCA.

WHEREAS, more than 80,000 people are currently waiting for life-saving organ transplants on the national transplant waiting list, of which 1,200 persons live in our region, and 17 people die each day as a result of the shortage of donated organs.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings. (1) The legislature finds that the use of anatomical gifts, including the donation of organs or tissue, for the purpose of transplantation is of great interest to the citizens of Montana and may save or prolong the life or improve the health of extremely ill and dying persons. The creation of a statewide organ and tissue donation registry is crucial to facilitate timely and successful organ and tissue procurement.

(2) The legislature further finds that continuing education of the existence and maintenance of a statewide organ and tissue donation registry is in the best interest of the people of Montana.

Section 2. Statewide organ and tissue donation registry. (1) The department of justice shall electronically transfer to the federally designated organ procurement organization all information that appears on the front of a driver's license, including the name, gender, date of birth, and most recent address of any person who obtains a driver's license and who volunteers to donate organs or tissue upon death, as provided in 61-5-301. The department of justice may charge actual costs for the first transfer of information, as provided in subsection (5). However, all subsequent electronic transfers of donor information must be at no charge to the federally designated organ procurement organization.

(2) Information obtained by the federally designated organ procurement organization must be used for the purpose of establishing a statewide organ and tissue donation registry accessible to in-state, recognized cadaveric organ and cadaveric tissue agencies for the recovery or placement of organs and tissue and to procurement agencies in another state when a Montana resident is a donor of an anatomical gift and is not located in the state at the time of death or immediately before the death of the donor.

(3) An organ or tissue donation organization may not obtain information from the organ and tissue donation registry for the purpose of fundraising. Organ and tissue donation registry information may not be further disseminated unless authorized in this section or by federal law. Dissemination of organ and tissue donation registry information may be made by the organ procurement organization to a recognized, in-state procurement agency for other tissue recovery or to an out-of-state, federally designated organ procurement organization.

(4) The federally designated organ procurement organization may acquire donor information from sources other than the department of justice.

(5) All reasonable costs associated with the creation and maintenance of the organ and tissue donation registry, as determined by the department of justice, must be paid by the organ and tissue procurement organizations. Any money collected by the department of justice must be deposited in an account in the state special revenue fund established by the department of justice for the purpose of the payment of reasonable costs associated with the development and maintenance of the organ and tissue donation registry and necessary for the initial installation and setup for electronic transfer of the donor information.

(6) An individual does not need to participate in the organ and tissue donation registry to be a donor of organs or tissue. The registry is intended to facilitate organ and tissue donation and not inhibit persons from being donors upon death.

Section 3. Section 61-5-301, MCA, is amended to read:

"61-5-301. Indication on driver's license of intent to make anatomical gift. (1) The department of justice shall provide on each driver's license a space for indicating when the licensee has executed a document under 72-17-201 of intent to make a gift of all or part of ~~his~~ *the driver's* body under the Uniform Anatomical Gift Act.

(2) The department shall provide each applicant, at the time of application for a new driver's license or for a renewal, printed information calling the applicant's attention to the provisions of this section. Each applicant must be asked orally ~~whether he~~ *if the applicant* wishes to make an anatomical gift.

(3) Each applicant must be given an opportunity to indicate in the space provided under subsection (1) ~~his~~ *the applicant's* intent to make an anatomical gift.

(4) The department shall issue to ~~every~~ *each* applicant who indicates ~~such~~ an intent *to make an anatomical gift* a statement ~~which~~ *that*, when signed by the licensee in the manner prescribed in 72-17-201, constitutes a document of anatomical gift. This statement must be printed on a sticker that the donor may attach permanently to the back of ~~his~~ *the donor's* driver's license.

(5) ~~The department shall also furnish the licensee a means of revoking the document of gift upon the license.~~ *The department shall electronically transfer the information of all persons who volunteer, upon application for a driver's license or an identification card, to donate organs or tissue to the organ and tissue donation registry created in [sections 1 and 2] and any subsequent changes to the applicant's donor status.*"

Section 4. Section 72-17-201, MCA, is amended to read:

"72-17-201. Making, amending, revoking, and refusing to make anatomical gifts by ~~an~~ individual. (1) An individual who is at least 18 years of age may:

(a) make an anatomical gift for any of the purposes stated in 72-17-202; *or*

(b) limit an anatomical gift to one or more of those purposes~~; or~~

~~(c) refuse to make an anatomical gift~~.

(2) An anatomical gift may be made only by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other, and must state that it has been ~~so~~ signed.

(3) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's license, the document of gift must comply with subsection (2). Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.

(4) A document of gift may designate a particular physician or surgeon to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the

anatomical gift may employ or authorize any physician, surgeon, technician, or enucleator to carry out the appropriate procedures.

(5) An anatomical gift by will takes effect upon the death of the testator, whether or not the will is probated. If, after the testator's death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected. *A gift made in accordance with this section is sufficient legal authority for procurement without additional authority from the donor, donor's family, or estate.*

(6) *(a)* A donor may amend or revoke an anatomical gift not made by will only by:

~~(a)~~*(i)* a signed statement;

~~(b)~~*(ii)* an oral statement made in the presence of two individuals;

~~(c)~~*(iii)* any form of communication during a terminal illness or injury addressed to a physician or surgeon; or

~~(d)~~*(iv)* the delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(b) A donor shall notify the federally designated organ procurement organization of the destruction, cancellation, or mutilation of the document for the purpose of removing the person's name from the organ and tissue donation registry created in [sections 1 and 2].

(7) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills~~,~~ or as provided in subsection (6).

(8) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of any person after the donor's death. *The donor's family or health care provider may not refuse to honor the gift or thwart the procurement of the donation.*

(9) (a) An individual may refuse to make an anatomical gift of the individual's body or part by:

(i) a writing signed in the same manner as a document of gift;

(ii) a statement attached to or imprinted on a donor's motor vehicle operator's license; or

(iii) any other writing used to identify the individual as refusing to make an anatomical gift.

(b) During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under 72-17-214 or on a removal or release of other parts under 72-17-215.

(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9)."

Section 5. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 72, chapter 17, and the provisions of Title 72, chapter 17, apply to [sections 1 and 2].

AN ACT REVISING LAWS RELATING TO THE ENVIRONMENT; PROVIDING THE BOARD OF ENVIRONMENTAL REVIEW WITH AUTHORITY FOR STAYING CERTAIN ACTIONS; ALLOWING THE BOARD TO REQUIRE A WRITTEN UNDERTAKING; AUTHORIZING THE BOARD TO ADOPT RULES FOR REGISTRATION OF SOURCES OF AIR CONTAMINANTS AND GENERAL PERMITS AND MULTIPLE SIMILAR SOURCES; AUTHORIZING THE BOARD OF ENVIRONMENTAL REVIEW TO ADOPT RULES FOR GENERAL PERMITS FOR DISCHARGES FROM CATEGORIES OF POINT SOURCES; AMENDING SECTIONS 75-2-111, 75-2-204, 75-2-211, 75-2-218, 75-2-221, AND 75-5-401, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

(1) adopt, amend, and repeal rules for the administration, implementation, and enforcement of this chapter, for issuing orders under and in accordance with 42 U.S.C. 7419, and for fulfilling the requirements of 42 U.S.C. 7420 and regulations adopted pursuant ~~thereto~~ *to that section*;

(2) hold hearings relating to any aspect of or matter in the administration of this chapter at a place designated by the board. (3) issue orders necessary to effectuate the purposes of this chapter;

(4) by rule require access to records relating to emissions;

(5) by rule adopt a schedule of fees required for permits, ~~and~~ permit applications, *and registrations* consistent with this chapter;

(6) have the power to issue orders under and in accordance with 42 U.S.C. 7419."

Section 2. Section 75-2-204, MCA, is amended to read:

"75-2-204. Rules relating to construction, installation, alteration, operation, or use. The board may by rule prohibit the construction, installation, alteration, operation, or use of a machine, equipment, device, or facility that it finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, unless ~~a permit~~ *the owner or operator* has ~~been~~ obtained *a permit* under this part *or has registered the source of air contaminants with the department if the source is in a category for which only registration is required by the rules adopted to implement this part*."

Section 3. Section 75-2-211, MCA, is amended to read:

"75-2-211. (Temporary) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance,

modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Except as provided in 75-1-208(4)(b) *and [section 7]*, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department except as provided in subsection (12).

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the

purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(c) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall act on the permit application within the time period provided for in 75-2-215(3)(e).

(d) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) *(a)* The department's decision on the application is not final ~~unless~~ *until* 15 days have elapsed from the date of the decision ~~and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board~~.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(i) for a temporary power generation unit or units with a total electrical generation capacity of not more than 125 megawatts, construct the unit or units. Operation of the unit or units may commence upon the department's issuance of a permit under this section.

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued.

(13) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (13)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department. (Terminates July 1, 2005—sec. 4, Ch. 588, L. 2001.)

75-2-211. (Effective July 1, 2005) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the

issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Except as provided in 75-1-208(4)(b) *and [section 7]*, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the

purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(c) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall act on the permit application within the time period provided for in 75-2-215(3)(e).

(d) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) *(a)* The department's decision on the application is not final ~~unless~~ *until* 15 days have elapsed from the date of the decision ~~and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.~~

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (13)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department."

Section 4. Section 75-2-218, MCA, is amended to read:

"75-2-218. Permits for operation — application completeness — action by department — application shield — review by board. (1) An application for an operating permit or renewal is not considered filed until the department has determined that it is complete. An application is complete if all fees required under 75-2-220 and all information and completed application forms required under 75-2-217 have been submitted. A complete application must contain all of the information required for the department to begin processing the application. If the department fails to notify the applicant in writing within 60 days after submittal of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed on the date of the department's receipt of the application. The department may request additional information after a completeness determination has been made. The department shall adopt rules that contain criteria for use in determining both when an application is complete and when additional information is required after a completeness determination has been made.

(2) Except as provided in 75-1-208(4)(b) and subsection (3) of this section, the department shall, consistent with the procedures established under 75-2-217, approve or disapprove a complete application for an operating permit or renewal and shall issue or deny the permit or renewal within 18 months after the date of filing. Failure of the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(3) The board may by rule provide for a transition schedule for both the submittal to the department of initial applications for operating permits by existing sources and action by the department on these initial permit applications. The board may require that one-third of all operating permit applications required for existing sources be submitted within the first calendar year after the adoption of rules implementing an operating permit program under 75-2-217.

(4) If an applicant submits a timely and complete application for an operating permit, the applicant's failure to hold a valid operating permit is not a violation of 75-2-217. If an applicant submits a timely and complete application for an operating permit renewal, the expiration of the applicant's existing operating permit is not a violation of 75-2-217. The applicant shall continue to be subject to the terms and conditions of the expired operating permit until the operating permit is renewed and is subject to the application of 75-2-217. The applicant is not entitled to the protection of this subsection if the delay in final action by the department on the application results from the applicant's failure to submit in a timely manner information requested by the department to process the application.

(5) Except as provided in subsection (8), if the department approves or denies an application for an operating permit or the renewal, modification, or amendment of a permit under 75-2-217 and this section, any person that participated in the public comment process required under 75-2-217(7) may request a hearing before the board. The request for a hearing must be filed within 30 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(6) *(a)* Except as provided in subsection (8), the department's decision on any application is not final until 30 days have elapsed from the date of the decision ~~and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board~~.

(b) Except as provided in subsection (8), the filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for an informal hearing, that:

(i) the person requesting the hearing is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the hearing.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(7) The requirements of subsections (5) and (6) *also* apply to any action initiated by the department to suspend, revoke, modify, or amend an operating permit issued under this section.

(8) The denial by the department of an application under 75-2-217 and this section is not subject to review by the board or judicial review if the basis for denial is the written objection of the appropriate federal agency acting pursuant to the federal Clean Air Act, 42 U.S.C. 7401, et seq.

(9) Compliance with an operating permit granted or renewed under 75-2-217 and this section is considered to be compliance with the requirements of this chapter only if the permit expressly includes those requirements or an

express determination that those requirements are not applicable. This subsection does not apply to general permits provided for under 75-2-217."

Section 5. Section 75-2-221, MCA, is amended to read:

"75-2-221. Deposit of air quality permitting fees. (1) All money collected by the department pursuant to *75-2-111 and* 75-2-220 must be deposited in an account in the state special revenue fund to be appropriated by the legislature to the department for the development and administration of the permitting requirements of this chapter.

(2) Upon request, the expenditure by the department of funds in this account may be audited by a qualified auditor at the end of each fiscal year. The cost of the audit must be paid by the person requesting the audit."

Section 6. Section 75-5-401, MCA, is amended to read:

"75-5-401. Board rules for permits — ground water exclusions. (1) Except as provided in subsection (5), the board shall adopt rules:

(a) governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters, including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems;

(b) governing the issuance, denial, modification, or revocation of permits. The board may not require a permit for a water conveyance structure or for a natural spring if the water discharged to state waters does not contain industrial waste, sewage, or other wastes. Discharge to surface water of ground water that is not altered from its ambient quality does not constitute a discharge requiring a permit under this part if:

(i) the discharge does not contain industrial waste, sewage, or other wastes;

(ii) the water discharged does not cause the receiving waters to exceed applicable standards for any parameters; and

(iii) to the extent that the receiving waters in their ambient state exceed standards for any parameters, the discharge does not increase the concentration of the parameters.

(c) governing authorization to discharge under a general permit for storm water associated with construction activity. These rules must allow an owner or operator to notify the department of the intent to be covered under the general permit. This notice of intent must include a signed pollution prevention plan that requires the applicant to implement best management practices in accordance with the general permit. The rules must authorize the owner or operator to discharge under the general permit on receipt of the notice and plan by the department.

(2) The rules must allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that the rules may allow the issuance of a temporary permit under which pollution may result if the department ensures that the permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.

(3) The rules must provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and

that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible.

(4) The board may adopt rules governing reclamation of sites disturbed by construction, modification, or operation of permitted activities for which a bond is voluntarily filed by a permittee pursuant to 75-5-405, including rules for the establishment of criteria and procedures governing release of the bond or other surety and release of portions of a bond or other surety.

(5) Discharges of sewage, industrial wastes, or other wastes into state ground waters from the following activities or operations are not subject to the ground water permit requirements adopted under subsections (1) through (4):

(a) discharges or activities at wells injecting fluids associated with oil and gas exploration and production regulated under the federal underground injection control program;

(b) disposal by solid waste management systems licensed pursuant to 75-10-221;

(c) individuals disposing of their own normal household wastes on their own property;

(d) hazardous waste management facilities permitted pursuant to 75-10-406;

(e) water injection wells, reserve pits, and produced water pits used in oil and gas field operations and approved pursuant to Title 82, chapter 11;

(f) agricultural irrigation facilities;

(g) storm water disposal or storm water detention facilities;

(h) subsurface disposal systems for sanitary wastes serving individual residences;

(i) in situ mining of uranium facilities controlled under Title 82, chapter 4, part 2;

(j) mining operations subject to operating permits or exploration licenses in compliance with The Strip and Underground Mine Reclamation Act, Title 82, chapter 4, part 2, or the metal mine reclamation laws, Title 82, chapter 4, part 3; or

(k) projects reviewed under the provisions of the Montana Major Facility Siting Act, Title 75, chapter 20.

(6) Notwithstanding the provisions of 75-5-301(4), mixing zones for activities excluded from permit requirements under subsection (5) of this section must be established by the permitting agency for those activities in accordance with 75-5-301(4)(a) through (4)(c).

(7) Notwithstanding the exclusions set forth in subsection (5), any excluded source that the department determines may be causing or is likely to cause violations of ground water quality standards may be required to submit monitoring information pursuant to 75-5-602.

(o) state aeronautics fees pursuant to 67-3-101; and

(p) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for

consolidated local governments. Beginning with calendar year 2004, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - # 2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

Missoula County	Airport Industrial	$4,812
Silver Bow	Ramsay Industrial	597,594;

(ii) for fiscal years 2004 and 2005:

Missoula	County Airport Industrial	$2,406
Silver Bow	Ramsay Industrial	298,797; and

(iii) $0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter

of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(13) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

Section 2. Section 17-4-105, MCA, is amended to read:

"17-4-105. Authority to collect debt — offsets. (1) Once a debt of an agency has been transferred to the department, the department may collect it. The department may contract with commercial collection agents for recovery of debts owed to agencies.

(2) The department shall, when appropriate, offset any amount due an agency from a person or entity against any amount, including refunds of taxes, owing the person or entity by an agency. The department may not exercise this right of offset until the debtor has first been notified by the department and been given an opportunity for a hearing pursuant to 15-1-211. An offset may not be made against any amount paid out as child support collected by the department of public health and human services. The department shall deduct from the claim and draw warrants for the amounts offset in favor of the respective agencies to which the debt is due and for any balance in favor of the claimant. Whenever insufficient to offset all amounts due the agencies, the amount

available must be applied first to debts owed by reason of the nonpayment of child support and then in the manner determined appropriate by the department.

(3) (a) The department may enter into an agreement with the federal government to offset against tax refunds payable by the federal government and pay to this state those taxes or other debts owed to an agency of this state.

(b) (i) The department may enter into an agreement with another state or an agency of another state to offset against tax refunds payable by the other state or agency of the other state and pay to this state those taxes or other debts owed to this state or an agency of this state.

(ii) To facilitate an agreement of the kind authorized by subsection (3)(b)(i), the department may enter into an agreement that allows the other state or agency of the other state to offset against tax refunds payable by this state the whole or part of an amount owed for taxes to the other state or agency of the other state. However, the department may enter into an agreement of the type authorized by this subsection (3)(b)(ii) only if the other state or agency of the other state allows this state or an agency of this state to offset against tax refunds owed by the other state or agency of the other state taxes or other debts owed to this state or an agency of this state.

(c) A state or agency of another state entering into an agreement with the department pursuant to subsection (3)(b)(ii) may not exercise the offset against tax refunds unless the other state or agency of the other state has notified the taxpayer of the taxes due and has given the taxpayer an opportunity for review or appeal of the tax debt. Another state or agency of another state intending to offset taxes shall provide the department with proof of notification and opportunity for review or appeal before the offset is exercised.

(4) (a) A debt owed to the department of public health and human services or being collected by the department of public health and human services on behalf of any person or agency may be offset by the department if the debt is being enforced or collected by the department of public health and human services under Title IV-D of the Social Security Act.

(b) The debt need not be determined to be uncollectible as provided for in 17-4-104 before being transferred to the department for offset. The debt must have accrued through written contract, court judgment, or administrative order.

(c) Within 30 days following the notification provided for in subsection (2), the person owing a debt described in subsection (4)(a) may request a hearing. The request must be in writing and be mailed to the department. The person owing a debt is not entitled to a hearing if the amount of the debt has been the subject matter of any proceeding conducted for the purpose of determining the validity of the debt and a decision made as a result of that proceeding has become final. The hearing must initially be conducted by teleconferencing methods and is subject to the provisions of the Montana Administrative Procedure Act. The department of public health and human services shall adopt rules governing the hearing procedures.

CHAPTER NO. 238

[HB 340]

AN ACT ALLOWING A GUARDIAN TO PROVIDE FOR FINAL DISPOSITION OF A WARD'S PHYSICAL REMAINS AND PERSONAL EFFECTS AFTER THE WARD'S DEATH, UPON ORDER OF A COURT; AMENDING SECTIONS 72-5-231, 72-5-233, 72-5-321, AND 72-5-324, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-5-231, MCA, is amended to read:

"72-5-231. Powers and duties of guardian of minor. Unless otherwise limited by the court, a guardian of a minor has the powers and responsibilities of a parent who has not been deprived of custody of the parent's minor and unemancipated child, except that a guardian is not legally obligated to provide from the guardian's own funds for the ward and is not liable to third persons by reason of the parental relationship for acts of the ward. In particular and without qualifying the foregoing, a guardian has the following powers and duties:

(1) The guardian shall take reasonable care of the ward's personal effects and commence protective proceedings if necessary to protect other property of the ward.

(2) The guardian may receive money payable for the support of the ward to the ward's parent, guardian, or custodian under the terms of any statutory benefit or insurance system or any private contract, devise, trust, conservatorship, or custodianship. The guardian also may receive money or property of the ward paid or delivered by virtue of 72-5-104. Any sums received must be applied to the ward's current needs for support, care, and education. The guardian shall exercise due care to conserve any excess for the ward's future needs unless a conservator has been appointed for the estate of the ward, in

which case the excess must be paid at least annually to the conservator. Sums received by the guardian may not be used for compensation for the guardian's services except as approved by an order of the court or as determined by a duly appointed conservator other than the guardian. A guardian may institute proceedings to compel the performance by any person of a duty to support the ward or to pay sums for the welfare of the ward.

(3) The guardian is empowered to facilitate the ward's education, social, or other activities and to authorize medical or other professional care, treatment, or advice. A guardian is not liable by reason of this consent for injury to the ward resulting from the negligence or acts of third persons unless it would have been illegal for a parent to have consented. A guardian may consent to the marriage or adoption of the ward.

(4) A guardian shall report the condition of the ward and of the ward's estate that has been subject to the guardian's possession or control, as ordered by the court on petition of any person interested in the minor's welfare or as required by court rule.

(5) Upon the death of a guardian's ward, the guardian, upon an order of the court and if there is no personal representative authorized to do so, may make necessary arrangements for the removal, transportation, and final disposition, including burial, entombment, or cremation, of the ward's physical remains and for the receipt and disposition of the ward's clothing, furniture, and other personal effects that may be in the possession of the person in charge of the ward's care, comfort, and maintenance at the time of the ward's death."

Section 2. Section 72-5-233, MCA, is amended to read:

"72-5-233. Termination of appointment — how effected — certain liabilities and obligations not affected. *(1)* A guardian's authority and responsibility terminates upon the death, resignation, or removal of the guardian or upon the minor's death*, except as provided in subsection (2)*, adoption, marriage, or attainment of majority, but termination does not affect ~~his~~ *a guardian's* liability for prior acts or ~~his~~ *a guardian's* obligation to account for funds and assets of ~~his~~ *the guardian's* ward. Resignation of a guardian does not terminate the guardianship until it has been approved by the court. A testamentary appointment under an informally probated will terminates if the will is later denied probate in a formal proceeding.

(2) The guardian's authority and responsibility for a minor who dies while the minor is a ward of the guardian terminates when the guardian has completed arrangements for the final disposition of the ward's physical remains and personal effects as provided in 72-5-231(5)."

Section 3. Section 72-5-321, MCA, is amended to read:

"72-5-321. Powers and duties of guardian of incapacitated person. (1) The powers and duties of a limited guardian are those specified in the order appointing the guardian. The limited guardian is required to report the condition of the incapacitated person and of the estate that has been subject to ~~his~~ *the guardian's* possession and control, as required by the court or by court rule.

(2) A full guardian of an incapacitated person has the same powers, rights, and duties respecting ~~his~~ *the* ward that a parent has respecting ~~his~~ *an* unemancipated minor child, except that a guardian is not liable to third persons for acts of the ward solely by reason of the parental relationship. In particular

and without qualifying the foregoing, a full guardian has the following powers and duties, except as limited by order of the court:

(a) To the extent that it is consistent with the terms of any order by a court of competent jurisdiction relating to detention or commitment of the ward, ~~he~~ *the full guardian* is entitled to custody of the person of ~~his~~ *the* ward and may establish the ward's place of ~~abode~~ *residence* within or ~~without~~ *outside of* this state.

(b) If entitled to custody of ~~his~~ *the* ward, ~~he~~ *the full guardian* shall make provision for the care, comfort, and maintenance of ~~his~~ *the* ward and whenever appropriate arrange for ~~his~~ *the ward's* training and education. Without regard to custodial rights of the ward's person, ~~he~~ *the full guardian* shall take reasonable care of ~~his~~ *the* ward's clothing, furniture, vehicles, and other personal effects and commence protective proceedings if other property of ~~his~~ *the* ward is in need of protection.

(c) A full guardian may give any consents or approvals that may be necessary to enable the ward to receive medical or other professional care, counsel, treatment, or service.

(d) If ~~no~~ *a* conservator for the estate of the ward has *not* been appointed, a full guardian may:

(i) institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform ~~his~~ *that person's* duty;

(ii) receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward~~.~~. ~~but he~~ *However, the full guardian* may not use funds from ~~his~~ *the* ward's estate for room and board ~~which~~ ~~he~~ *that the full guardian,* ~~his~~ *the full guardian's* spouse, parent, or child has furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the incompetent ward, if notice is possible. ~~He~~ *The full guardian* must exercise care to conserve any excess for the ward's needs.

(e) Unless waived by the court, a full guardian is required to report the condition of ~~his~~ *the* ward and of the estate which has been subject to ~~his~~ *the full guardian's* possession or control annually for the preceding year. A copy of the report must be served upon the ward's parent, child, or sibling if that person has made an effective request under 72-5-318.

(f) If a conservator has been appointed, all of the ward's estate received by the full guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this ~~code~~ *chapter*, and the full guardian must account to the conservator for funds expended.

(3) Upon failure, as determined by the clerk of court, of the guardian to file an annual report, the court shall order the guardian to file the report and give good cause for ~~his~~ *the guardian's* failure to file a timely report.

(4) Any full guardian of one for whom a conservator also has been appointed shall control the custody and care of the ward. A limited guardian of a person for whom a conservator has been appointed shall control those aspects of the custody and care of the ward over which ~~he~~ *the limited guardian* is given authority by the order establishing the limited guardianship. The full guardian or limited guardian is entitled to receive reasonable sums for ~~his~~ *the guardian's* services and for room and board furnished to the ward as agreed upon between ~~him~~ *the guardian* and the conservator, provided the amounts agreed upon are

reasonable under the circumstances. The full guardian or limited guardian authorized to oversee ~~such aspects of~~ the incapacitated person's care may request the conservator to expend the ward's estate by payment to third persons or institutions for the ward's care and maintenance.

(5) ~~No~~ *A* full guardian or limited guardian may *not* involuntarily commit for mental health treatment or for treatment of a developmental disability or for observation or evaluation a ward who is ~~himself~~ unwilling or unable to give informed consent to ~~such~~ commitment, except as provided in 72-5-322, unless the procedures for involuntary commitment set forth in Title 53, chapters 20 and 21, are followed. This chapter does not abrogate any of the rights of mentally disabled persons provided for in Title 53, chapters 20 and 21.

(2) The making of a declaration pursuant to 50-9-103 does not affect the sale, procurement, or issuance of any policy of life insurance or annuity, nor does it affect, impair, or modify the terms of an existing policy of life insurance. A policy of life insurance is not legally impaired or invalidated by the withholding or withdrawal of life-sustaining treatment from an insured, notwithstanding any term of the policy to the contrary.

(3) A person may not prohibit or require the execution of a declaration as a condition for being insured for or receiving health care services.

(4) This chapter ~~creates no~~ *does not create a* presumption concerning the intention of an individual who has revoked or has not executed a declaration with respect to the use, withholding, or withdrawal of life-sustaining treatment in the event of a terminal condition.

(5) This chapter does not affect the right of a patient to make decisions regarding use of life-sustaining treatment, so long as the patient is able to do so, or impair or supersede a right or responsibility that any person has to effect the withholding or withdrawal of medical care.

(6) This chapter does not require a~~physician or other~~ health care provider to take action contrary to reasonable medical standards.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-11-307, MCA, is amended to read:

"75-11-307. Reimbursement for expenses caused by a release. (1) Subject to the availability of money from the fund under subsection (5), an owner or operator who is eligible under 75-11-308 and who complies with 75-11-309 and any rules adopted to implement those sections must be reimbursed by the board from the fund for the following eligible costs caused by a release from a petroleum storage tank:

(a) corrective action costs as required by a department-approved corrective action plan, except *that* if the corrective action plan addresses releases of substances other than petroleum products from an eligible petroleum storage tank, the board may reimburse only the costs that would have reasonably been incurred if the only release at the site was the release of the petroleum or petroleum products from the eligible petroleum storage tank; and

(b) compensation paid to third parties for bodily injury or property damage. The board may not reimburse for property damage until the corrective action is completed.

(2) An owner or operator may not be reimbursed from the fund for the following expenses:

(g) expenses exceeding the maximum reimbursements provided for in subsection (4)~~; and~~

If a written request for hearing is filed under 75-11-309, the suspension of the 5-year limitation period is effective from the date of the board's initial eligibility denial to the date on which the initial eligibility denial is overturned or reversed by the board, a district court, or the state supreme court, whichever occurs latest. The board may grant reasonable extensions of this limitation period if it is shown that the need for the extension is not due to the negligence of the owner or operator or agent of the owner or operator.

(3) An owner or operator may designate a person as an agent to receive the reimbursement if the owner or operator remains legally responsible for all costs and liabilities incurred as a result of the release.

(4) Subject to the availability of funds under subsection (5):

(a) for releases eligible for reimbursement from the petroleum tank release cleanup fund that are discovered and reported on or after April 13, 1989, from a tank storing heating oil for consumptive use on the premises where it is stored or from a farm or residential tank with a capacity of 1,100 gallons or less that is used for storing motor fuel for noncommercial purposes, the board shall reimburse an owner or operator for:

CHAPTER NO. 246

[HB 414]

AN ACT PROVIDING A GRACE PERIOD FOR REGISTRATION OF MOTORBOATS, SAILBOATS, PERSONAL WATERCRAFT, SNOWMOBILES, AND OFF-HIGHWAY VEHICLES; AUTHORIZING THE OPERATION OF A MOTORBOAT, SAILBOAT, PERSONAL WATERCRAFT,

SNOWMOBILE, OR OFF-HIGHWAY VEHICLE DURING THE GRACE PERIOD; AMENDING SECTIONS 23-2-511, 23-2-512, 23-2-616, 23-2-618, AND 23-2-817, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 23-2-511, MCA, is amended to read:

"23-2-511. Operation of unnumbered motorboats prohibited — display of decals. (1) ~~Every~~ *Subject to 23-2-512(6), every* motorboat on the waters of this state, propelled by a motor or an engine of any description, must be properly numbered and display valid license decals. ~~No~~ *Subject to 23-2-512(6), a* person may *not* operate or give permission for the operation of any motorboat on ~~such~~ *the* waters *of this state* unless the motorboat is numbered and displays valid license decals in accordance with this part, with applicable federal law, or with a federally approved numbering system of another state and unless:

(a) the certificate of number assigned to the motorboat is in full force and effect;

(b) the identifying number set forth in the certificate of number and the valid license decals are displayed on ~~such~~ *the* motorboat; and

(c) a temporary permit has been obtained from the county in which the boat is being operated if that county requires a temporary permit for out-of-state motorboats, as provided in 7-16-2121.

(2) Upon transfer of ownership of a motorboat from a registered boat dealer or manufacturer, the transferred motorboat may be operated on the waters of this state for 30 consecutive calendar days immediately following the transfer of ownership without displaying the numbers and license decal required by subsection (1) provided that when the motorboat is operated during those 30 consecutive calendar days, a bill of sale or other evidence of transfer reciting the date of the transfer of ownership is retained in the motorboat and is exhibited to a warden or other officer upon request."

Section 2. Section 23-2-512, MCA, is amended to read:

"23-2-512. Identification number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by a fee of $3.50. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft for the current year of certification before the application for certification or recertification may be accepted by the county treasurer.

(3) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within a

reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) Every certificate of number and the license decals assigned under this part continue in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part. *The owner of a motorboat, sailboat, or personal watercraft registered under the provisions of this section may operate the boat between January 1 and February 15 without displaying the certificate of number or license decals for the current year if during that period the owner displays upon the boat the certificate of number or license decals assigned for the previous year. A certificate of number renewed by February 15 may not be considered delinquent.*

(7) In the event of a transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

(8) A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(9) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its

identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification. A number other than the number and license decal assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft.

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

(10) Fees, other than the fee in lieu of tax, collected under this section must be transmitted to the department of revenue, as provided in 15-1-504, for deposit in the state general fund.

(11) An owner of a motorboat, sailboat, or personal watercraft shall within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name when the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, or abandoned or within 60 days after a change of the state of principal use or if a motorboat becomes documented as a vessel of the United States."

Section 3. Section 23-2-616, MCA, is amended to read:

"23-2-616. Registration and decals — application and issuance — use of certain fees. (1) Except for a snowmobile registered under 23-2-621*and except as provided in 23-2-618*, a snowmobile may not be operated on public lands by any person in Montana unless it has been registered and there is displayed in a conspicuous place on both sides of the cowl a decal as visual proof that the fee in lieu of property tax has been paid on it for the current year and the immediately previous year as required by 15-16-202.

(2) Application for registration must be made to the county treasurer upon forms to be furnished by the department of justice for this purpose, which may be obtained at the county treasurer's office in the county where the owner resides. The application must contain the following information:

(a) the name and address of the owner;

(b) the certificate of ownership number;

(c) the make of the snowmobile;

(d) the model name of the snowmobile;

(e) the year of manufacture;

(f) a statement evidencing payment of the fee in lieu of property tax as required by 15-16-202; and

(g) other information that the department of justice may require.

(3) The application must be accompanied by a decal-registration fee of $6.50, and, if the snowmobile has previously been registered, by the registration certificate for the most recent year in which the snowmobile was registered. The treasurer shall sign the application and issue a registration receipt that must contain information considered necessary by the department of justice and a

listing of fees paid. The owner shall retain possession of the registration receipt until it is surrendered to the county treasurer for reregistration or to a purchaser or subsequent owner pursuant to a transfer of ownership.

(4) The county treasurer shall forward the signed application to the department of justice and shall issue to the applicant a decal in the style and design prescribed by the department of justice and of a different color than the preceding year, numbered in sequence.

(5) The county treasurer may not accept any application under this section until the applicant has paid the decal-registration fee and the fee in lieu of property tax on the snowmobile for the current year and the immediately previous year as required by 15-16-202.

(6) All money collected from payment of decal-registration fees and all interest accruing from use of this money must be forwarded to the department of revenue, as provided in 15-1-504, for deposit in the state general fund.

(7) The county treasurer shall credit all fees in lieu of tax collected on snowmobiles to the state general fund."

Section 4. Section 23-2-618, MCA, is amended to read:

"23-2-618. Application for registration and decals to be made annually — grace periods. Application must be made annually to the county treasurer for registration and the issuance of a decal indicating that the fee in lieu of property tax has been paid for the current year. All registrations and decals expire on June 30 of each year. *The owner of a snowmobile registered under the provisions of this section may operate the snowmobile without the registration and decal for the current year between July 1 and August 15 if during that period the owner possesses the registration receipt and decal for the previous year. A snowmobile registered by August 15 is not considered to be delinquent for registration purposes.*"

Section 5. Section 23-2-817, MCA, is amended to read:

"23-2-817. Registration fee — application and issuance — disposition. (1) Each off-highway vehicle is subject to an annual registration fee of $2.

(2) The county treasurer shall collect the annual fee when the fee in lieu of tax is collected.

(3) Application for registration must be made to the county treasurer of the county in which the owner resides, on a form furnished by the department of justice for that purpose. The application must contain:

(a) the name and home mailing address of the owner;

(b) the certificate of ownership number;

(c) the name of the manufacturer of the off-highway vehicle;

(d) the model number or name;

(e) the year of manufacture;

(f) a statement evidencing payment of the fee in lieu of property tax; and

(g) such other information as the department of justice may require.

(4) If the off-highway vehicle was previously registered, the application must be accompanied by the registration certificate for the most recent year in which it was registered. Upon payment of the registration fee, the county treasurer shall sign the application and issue a registration receipt, which must

contain the information considered necessary by the department of justice and a listing of the fees paid. The owner shall retain possession of the registration receipt until it is surrendered to the county treasurer for reregistration or to a purchaser or subsequent owner pursuant to a transfer of ownership.

(5) All registration fees collected must be forwarded to the department of justice and deposited in the general fund.

(6) The owner of an off-highway vehicle registered under the provisions of this section may operate the off-highway vehicle without the registration receipt for the current year for 45 days after the registration is due if during that period the owner possesses the registration receipt for the previous year. An off-highway vehicle registered within the 45-day period is not considered to be delinquent for registration purposes."

AN ACT REVISING THE RECLAMATION REQUIREMENTS FOR METAL MINES BY ELIMINATING A PROVISION NOT REQUIRING BACKFILLING; AMENDING SECTION 82-4-336, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-336, MCA, is amended to read:

"82-4-336. Reclamation plan and specific reclamation requirements. (1) Taking into account the site-specific conditions and circumstances, disturbed lands must be reclaimed consistent with the requirements and standards set forth in this section.

(2) The reclamation plan must provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, must be conducted simultaneously with the operation and in any case must be initiated promptly after completion or abandonment of the operation on those portions of the complex that will not be subject to further disturbance.

(3) In the absence of an order by the department providing a longer period, the plan must provide that reclamation activities must be completed not more than 2 years after completion or abandonment of the operation on that portion of the complex.

(4) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without previously obtaining from the department written approval for the proposed change.

(5) Provision must be made to avoid accumulation of stagnant water in the development area to the extent that it serves as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life.

(6) All final grading must be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the department for a supervised sanitary fill.

(7) When mining has left an open pit exceeding 2 acres of surface area and the composition of the floor or walls of the pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions ("objectionable effluents") on exposure to moisture, the reclamation plan must include provisions that adequately provide for:

(a) insulation of all faces from moisture or water contact by covering the faces with material or fill not susceptible itself to generation of objectionable effluents in order to mitigate the generation of objectionable effluents; or

(b) processing of any objectionable effluents in the pit before they are allowed to flow or be pumped out of the pit to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the department; or

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the department before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and other devices that may reasonably be required by the department.

(8) Provisions for vegetative cover must be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. The reestablished vegetative cover must meet county standards for noxious weed control.

(9) (a) With regard to disturbed land other than open pits and rock faces, the reclamation plan must provide for the reclamation of all disturbed land to comparable utility and stability as that of adjacent areas.

(b) With regard to open pits and rock faces, the reclamation plan must provide for reclamation to a condition:

(i) of stability structurally competent to withstand geologic and climatic conditions without significant failure that would be a threat to public safety and the environment;

(ii) that affords some utility to humans or the environment; and

(iii) that mitigates postreclamation visual contrasts between reclamation lands and adjacent lands.

~~(c) The reclamation of open pits and rock faces does not require backfilling, in whole or in part, except and only to the extent necessary to meet the requirements of the applicable provisions of Title 75, chapters 2 and 5.~~

(10) The reclamation plan must provide sufficient measures to ensure public safety and to prevent the pollution of air or water and the degradation of adjacent lands.

(11) A reclamation plan must be approved by the department if it adequately provides for the accomplishment of the requirements and standards set forth in this section.

(12) The reclamation plan must provide for permanent landscaping and contouring to minimize the amount of precipitation that infiltrates into disturbed areas, including but not limited to tailings impoundments and waste rock dumps. The plan must also provide measures to prevent objectionable postmining ground water discharges."

Section 2. Coordination instruction. If Senate Bill No. 366 and [this act] are both passed and approved, then [this act] is void.

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to permits and permit amendments approved by the department of environmental quality after September 30, 1995.

(1) If, after a hearing held pursuant to the Montana Administrative Procedure Act, the commission finds that any entity has initiated unauthorized charges to be placed on a customer's telephone bill for services or products not provided or authorized or that a billing aggregator has caused unauthorized charges to be forwarded to a billing agent for placement on a telephone bill, the commission may impose a civil fine not to exceed $1,000 for each violation. The fines must be deposited in the state general fund.

(2) If, after a hearing held pursuant to the Montana Administrative Procedure Act, the commission finds that a carrier or service provider has, with a frequency to indicate a general business practice, initiated unauthorized charges to be placed on a customer's telephone bill for services or products not provided or authorized or that a billing aggregator has caused unauthorized charges to be forwarded to a billing agent for placement on a telephone bill, the commission may take any of the following actions:

(a) notify the secretary of state, who shall then suspend or revoke any license, registration, or other filing entitling that carrier or service provider to transact business in this state;

(b) prohibit any billing agent that bills directly on behalf of the service provider determined to have engaged in a pattern of violations from placing the service provider's unauthorized charges on a customer's telephone bill;

(c) prohibit a carrier or service provider determined to have engaged in a pattern of violations from initiating unauthorized charges to be placed on a customer's telephone bill;

(d) prohibit a billing aggregator from forwarding that entity's unauthorized charges to a billing agent;

(e) revoke the registration of the service provider or billing aggregator; or

(f) limit the prohibitions under this subsection (2) to a specific period of time. A prohibition under this subsection (2) may be withdrawn upon a showing of good cause.

(3) The commission shall provide adequate time for a billing agent that is prohibited from billing on behalf of a service provider under this section to terminate contractual agreements with that service provider.

(4) The remedies provided by this section are in addition to any other remedies, including injunctive relief, available by law.

(5) A carrier or service provider that purposely or knowingly initiates unauthorized charges to be placed on a customer's telephone bill for services or products not provided to or authorized by the customer or a billing aggregator that causes unauthorized charges to be forwarded to a billing agent for placement on a telephone bill is guilty of a misdemeanor and upon conviction shall be punished as provided in 46-18-212.

Section 7. Misrepresentation concerning product or service — violations — complaints. (1) An entity may not misrepresent its association or affiliation with a telephone carrier when soliciting, inducing, or otherwise implementing the customer's agreement to purchase the products or services of the entity and to have the charge for the product or service appear on the customer's telephone bill.

(2) If the commission finds that an entity is operating in violation of any provision of this section, the commission may:

(a) order the carrier or a billing agent that bills directly for that entity to terminate the billing and collection services for that entity. The commission shall provide adequate time for the billing agent to terminate contractual agreements with the entity. This section does not preclude a carrier or billing agent from taking action on its own to terminate billing and collection services.

(b) prohibit the entity's billing aggregator from forwarding any charges from an entity operating in violation of this section to a carrier or billing agent for placement on a customer's telephone bill.

(3) Failure by an entity to respond to commission requests for information related to an investigation of a possible violation of this section is grounds for the commission to:

(a) order the carrier, billing aggregator, or billing agent that bills directly for the entity to cease billing and collection services for the service provider; or

(b) prohibit a billing aggregator from forwarding charges to the billing agent to be placed on a customer's telephone bill.

(4) This section does not obligate a billing agent to provide billing and collection services to a billing aggregator or service provider.

(5) A telephone company has a right of indemnity against anyone who has provided it with false information as to the status of charges billed on behalf of a service provider.

Section 8. Registration requirements — prohibitions — revocation. (1) A service provider may not offer a product or service to a customer, the charge for which appears on the bill of a billing agent, unless the service provider is properly registered with the commission.

(2) A billing aggregator may not forward to a billing agent charges for a service or product offered by a service provider unless the billing aggregator is properly registered with the commission.

(3) A billing aggregator may not forward charges to a billing agent from a service provider who is required to be registered under this section and who is not properly registered under this section.

(4) A billing agent may not directly bill on behalf of a service provider that is not the billing agent if the service provider is not properly registered, if registration is required under this section.

(5) The commission shall provide a form for registration and establish the procedure for registering with the commission. A registration remains effective until revoked by the commission or surrendered by the service provider or billing aggregator.

(6) After notice and an opportunity for a hearing, the commission may revoke a registration.

(7) The commission may revoke the registration of a service provider that has:

(a) knowingly or repeatedly billed one or more customers for unauthorized service; or

(b) engaged in any other false or deceptive billing practices.

(8) The commission may revoke the registration of a billing aggregator that has:

(a) knowingly or repeatedly forwarded the charge for a service or product to a billing agent on behalf of a service provider that was required to be registered with the commission and that was not properly registered; or

(b) engaged in any other false or deceptive billing practices.

(9) Immediately following a revocation of registration under this section, the commission shall provide notice of the revocation to all telecommunications carriers and registered billing aggregators doing business in Montana.

Section 9. Submission of list of entities served by billing aggregator required. Each billing aggregator doing business in Montana shall submit to the commission a list of service providers and other entities for which the billing aggregator provides billing services. The commission shall adopt rules that specify information that must be included with the list in order to enforce the provisions of this part. The list must include the name and address of a contact person for each entity.

Section 10. Notice to attorney general. If the commission has reason to believe that any entity has violated any provision of the law for which a criminal penalty is provided or any law regarding fraud or consumer protection, the commission shall notify the attorney general.

Section 11. Codification instruction. [Sections 5 through 10] are intended to be codified as an integral part of Title 69, chapter 3, part 13, and the provisions of Title 69, chapter 3, part 13, apply to [sections 5 through 10].

(2) The department, upon receipt of payment of the fees specified in this section, shall issue a driver's license to each qualifying applicant. The license must contain a full-face photograph of the licensee in the size and form prescribed by the department; a distinguishing number issued to the licensee; the full legal name, date of birth, Montana mailing address, and a brief description of the licensee; and either the licensee's customary signature or a digital reproduction of the licensee's customary signature. (ii) An applicant who renews a driver's license by mail shall submit to the department an approved vision examination and a medical evaluation from a licensed physician in addition to the fees required for renewal.

(iii) If the department does not have a digitized photograph or signature record of the renewal applicant from the expiring license, then the department may require the renewal applicant to submit a personal photograph and signature that meets the requirements prescribed by the department.

(o) state aeronautics fees pursuant to 67-3-101; and

(p) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for consolidated local governments. Beginning with calendar year ~~2004~~ *2002*, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share

pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - # 2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

Missoula County	Airport Industrial	$4,812
Silver Bow	Ramsay Industrial	597,594;

(ii) for fiscal years 2004 and 2005:

Missoula	County Airport Industrial	$2,406
Silver Bow	Ramsay Industrial	298,797; and

(iii) $0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received

from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to December 31, 2001.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-13-301, MCA, is amended to read:

"30-13-301. Definitions. In this part, unless the context requires otherwise, the following definitions apply:

(1) "Abandoned" with respect to a mark, means the occurrence of either of the following:

(a) when a mark's use has been discontinued with intent not to resume use. Intent not to resume may be inferred from circumstances. Nonuse for 2 consecutive years constitutes prima facie evidence of abandonment.

(b) when any course of conduct of the owner, including acts of omission as well as commission, causes the mark to lose its significance as a mark.

~~(1)~~*(2)* "Applicant" means the person filing an application for registration of a ~~trademark~~ *mark* under this part or the person's legal representatives, successors, or assigns.

(3) "Dilution" means the lessening of the capacity of a famous mark to identify and distinguish goods or services, regardless of the presence or absence of:

(a) competition between the owner of the famous mark and other parties; or

(b) likelihood of confusion, mistake, or deception.

~~(6)~~*(8)* "Trade name" means ~~a word, name, symbol, device, or any combination thereof~~ *any name* used by a person to identify ~~the person's~~ *a* business~~,~~ *or* vocation~~, or occupation and distinguish it from the business, vocation, or occupation of others~~ *of that person*.

(10) "Use" means the bona fide use of a mark in the ordinary course of trade and not a use merely to reserve a right in a mark. For the purposes of this part, a mark is considered to be in use:

(a) (i) on goods when it is placed in any manner on the goods or other containers or the displays associated with the goods or on the tags or labels affixed to the goods or, if the nature of the goods makes placement on the goods or containers impracticable, when it is placed on documents associated with the goods or their sale; and

(2) ~~However, nothing in subsection~~ *Subsection* (1)(e) ~~prevents~~ *does not prevent* the registration of a mark used in this state by the applicant ~~which~~ *that* has become distinctive of the applicant's goods or services. The secretary of state may accept as evidence that the mark has become distinctive, ~~as applied to~~ *as used on or in connection with* the applicant's goods or services, proof of continuous use ~~thereof~~ *of the mark or service mark* as a mark by the applicant in this state or elsewhere for the 5 years ~~immediately preceding~~ *before* the date ~~of the filing of the application for registration~~ *on which the claim of distinctiveness is made*."

Section 3. Section 30-13-311, MCA, is amended to read:

~~(d)~~*(c)* the date when the mark was first used anywhere and the date when it was first used in this state by the applicant or ~~the applicant's~~ *a* predecessor in business; *and*

~~(e) a statement that the mark is presently in use in this state by the applicant; and~~

~~(f)~~*(d)* a statement that the applicant is the owner of the mark, *that the mark is in use,* and that*, to the knowledge of the person verifying the application,* no other person *has registered the mark, either federally or in this state, or* has the right to use the mark ~~in this state~~ either in the identical form or in a form that so nearly resembles ~~it that it might be calculated to deceive or might be mistaken~~

(3) The secretary of state may require the applicant to disclaim an unregisterable component of a mark otherwise registerable, and an applicant may voluntarily disclaim a component of a mark sought to be registered. A disclaimer may not prejudice or affect the applicant's or registrant's rights then existing or later arising in the disclaimed matter or the applicant's or registrant's rights of registration on another application if the disclaimed matter is or has become distinctive of the applicant's or registrant's goods or services.

(7) If applications are concurrently being processed by the secretary of state seeking registration of the same or confusingly similar marks for the same or related goods or services, the secretary of state shall grant priority to the applications in order of filing. If a prior application is granted a registration, the other application or applications must be rejected. (1) A person authorized by the law of this state to seek enforcement of a protection order may seek enforcement of a valid foreign protection order in a court of this state. The court shall enforce the terms of the order, including terms that provide relief that a court of this state would lack power to provide but for this section. The court shall enforce the order, whether the order was obtained by independent action or in another proceeding, if it is an order issued in response to a complaint, petition, or motion filed by or on behalf of an individual seeking protection. In a proceeding to enforce a foreign protection order, the court shall follow the procedures of this state for the enforcement of protection orders.

(6) A foreign protection order valid on its face is prima facie evidence of its validity.

(7) Absence of any of the criteria for validity of a foreign protection order is an affirmative defense in an action seeking enforcement of the order.

(8) A court of this state may enforce provisions of a mutual foreign protection order that favor a respondent only if:

(a) the respondent filed a written pleading seeking a protection order from the court of the issuing state; and

(b) the court of the issuing state made specific findings in favor of the respondent."

All individuals performing services within this state for any employing unit that maintains two or more separate establishments within this state are considered to be employed by a single employing unit for all the purposes of this chapter. Each individual employed to perform or assist in performing the work of any agent or employee of an employing unit is considered to be employed by the employing unit for the purposes of this chapter, whether the individual was hired or paid directly by the employing unit or by the agent or employee, provided that the employing unit has actual or constructive knowledge of the work.

(11) "Employment office" means a free public employment office or branch of an office operated by this state or maintained as a part of a state-controlled system of public employment offices or other free public employment offices operated and maintained by the United States government or its instrumentalities as the department may approve.

(1) The access provided to recruiters for the United States armed forces by a public high school must be equal to the access granted to other recruiting groups and organizations. The access must include any directory information that may be released about students pursuant to the Family Educational Rights and Privacy Act of 1974. Parents or legal guardians have the right to inform the high school that they do not wish to have an armed forces recruiter speak to their children.

(2) For purposes of this section, "armed forces" means the United States army, air force, navy, marines, coast guard, and merchant marine, including the United States military reserves of these services, the Montana national guard, and the service academies and training programs for these services.

Section 2. Protection of professional licenses for activated military reservists — rulemaking authority — definitions. (1) For purposes of this section, the following definitions apply:

(a) "Activated reservist" means a member of a reserve component who has received federal military orders to report for federal active duty for at least 90 consecutive days.

(b) "License" has the meaning provided in 37-1-302.

(2) An activated reservist who holds an occupational or professional license may report the reservist's activation to the appropriate professional licensing board or to the department of labor and industry if the licensing requirements are administered by the department. The report must, at a minimum, include a copy of the reservist's orders to federal active duty. The report may request that the reservist's professional license revert to an inactive status.

(3) If an activated reservist has requested that the reservist's license revert to inactive status pursuant to subsection (2), then for the duration of the reservist's active duty service under the orders submitted, the department or licensing board may not:

(a) require the collection of professional licensing fees or continuing education fees from the activated reservist;

(b) require that the activated reservist take continuing education classes or file a report of continuing education classes completed; or

(c) revoke or suspend the activated reservist's professional license, require the license to be forfeited, or allow the license to lapse for failure to pay licensing fees or continuing education fees or for failure to take or report continuing education classes.

(4) (a) Upon release from federal active duty service, the reservist shall send a copy of the reservist's discharge documents to the appropriate professional licensing board or to the department.

(b) The board or department shall evaluate the discharge documents, consider the military position held by the reservist and the duties performed by the reservist during the active duty, and compare the position and duties to the licensing requirements for the profession. The board or department shall also consider the reservist's length of time on federal active duty.

(c) Based on the considerations pursuant to subsection (4)(b) and subject to subsection (5):

(i) the license must be fully restored;

(ii) conditions must be attached to the reservist's continued retention of the license; or

"13-1-112. Rules for determining residence. For registration, voting, or seeking election to the legislature, the residence of an individual must be determined by the following rules as far as they are applicable:

(1) The residence of an individual is where the individual's habitation is fixed and to which, whenever the individual is absent, the individual has the intention of returning.

(2) An individual may not gain or lose a residence while kept involuntarily at any public institution, not necessarily at public expense; as a result of being confined in any prison; or solely as a result of residing on a military reservation.

(3) *(a)* An individual in the armed forces of the United States may not become a resident solely as a result of being stationed at a military facility in the state.

(b) An individual may not acquire a residence solely as a result of being employed or stationed at a training or other transient camp maintained by the United States within the state.

(c) A member of a reserve component of the United States armed forces who is stationed outside of the state but who has no intent of changing residency retains resident status.

(4) An individual does not lose residence if the individual goes into another state or other district of this state for temporary purposes with the intention of returning, unless the individual exercises the election franchise in the other state or district.

(5) An individual may not gain a residence in a county if the individual comes in for temporary purposes without the intention of making that county the individual's home.

(6) If an individual moves to another state with the intention of making it the individual's residence, the individual loses residence in this state.

(7) The place where an individual's family resides is presumed to be that individual's place of residence. However, an individual who takes up or continues a residence at a place other than where the individual's family resides with the intention of remaining is a resident of the place where the individual resides.

(8) A change of residence may be made only by the act of removal joined with intent to remain in another place."

Section 4. Section 27-12-206, MCA, is amended to read:

"27-12-206. Funding. (1) There is a pretrial review fund to be administered by the director for the purposes stated in this chapter. The fund and any income from it must be held in trust, deposited in an account, and invested and reinvested by the director. The fund may not become part of or revert to the

general fund of this state but is subject to auditing by the legislative auditor. Money from the assessments levied under this section must be deposited in the fund.

(2) For each fiscal year, beginning July 1, an annual assessment is levied on all chiropractic physicians. The amount of the assessment must be annually set by the director and equally assessed against all chiropractic physicians. A fund surplus at the end of a fiscal year that is not required for the administration of this chapter must be retained by the director and used to finance the administration of this chapter during the next fiscal year, in which event the director shall reduce the next annual assessment to an amount estimated to be necessary for the proper administration of this chapter during that fiscal year.

(3) The annual assessment must be paid on or before the date that the chiropractic physician's annual renewal fee under 37-12-307 is due. An unpaid assessment bears a late charge fee of $25. The late charge fee is part of the annual assessment. The director has the same powers and duties in connection with the collection of and failure to pay the annual assessment as the department of labor and industry has under 37-12-307 with regard to a chiropractic physician's annual license fee.*However, nothing in this section may be interpreted to conflict with [section 2].*"

"37-1-105. Reporting disciplinary actions against licensees. The department has the authority and shall require that all licensing boards within the department require all applicants for licensure or renewal to report any legal or disciplinary actions against them ~~which~~ *that* relate to the propriety of the applicants' practice of or their fitness to practice the profession or occupation for which they seek licensure. Failure to furnish the required information, *except pursuant to [section 2],* or the filing of false information is grounds for denial or revocation of a license."

Section 6. Section 37-1-136, MCA, is amended to read:

"37-1-136. Disciplinary authority of boards — injunctions. (1) ~~Each~~ *Subject to [section 2], each* licensing board allocated to the department has the authority, in addition to any other penalty or disciplinary action provided by law, to adopt rules specifying grounds for disciplinary action and rules providing for:

(c) suspension of the right to practice for a period not exceeding 1 year;

(d) placing a licensee on probation;

(e) reprimand or censure of a licensee; or

(f) taking any other action in relation to disciplining a licensee as the board in its discretion considers proper.

(2) Any disciplinary action by a board shall be conducted as a contested case hearing under the provisions of the Montana Administrative Procedure Act.

(3) Notwithstanding any other provision of law, a board may maintain an action to enjoin a person from engaging in the practice of the occupation or profession regulated by the board until a license to practice is procured. A person

who has been enjoined and who violates the injunction is punishable for contempt of court."

Section 7. Section 37-3-313, MCA, is amended to read:

"37-3-313. Registration fees — failure to pay — limiting authority to impose registration fees. (1) In addition to the license fees required of applicants, a licensed physician actively practicing medicine in this state shall pay to the department a registration fee as prescribed by the board.

(2) The payments for registration must be made prior to the expiration date of the registration, as set forth in a department rule, and a receipt acknowledging payment of the registration fee must be issued by the department. The department shall mail registration notices at least 60 days before the registration is due.

(3) ~~In~~ *Except as provided in [section 2], in* case of default in the payment of the registration fee by a person licensed to practice medicine who is actively practicing medicine in this state, the underlying certificate to practice medicine may be revoked by the board on 30 days' notice given to the delinquent of the time and place of considering the revocation. A ~~registered or~~ certified letter addressed to the last-known address of the person failing to comply with the requirements of registration, as the address appears on the records of the department, constitutes sufficient notice of intention to revoke the underlying certificate. A certificate may not be revoked for nonpayment if the person authorized to practice medicine, and notified, pays the registration fee before or at the time fixed for consideration of revocation, together with a delinquency penalty prescribed by the board. The department may collect the dues by an action at law.

(4) A registration or license fee may not be imposed on a licensee under this chapter by a municipality or any other subdivision of the state."

(3) (a) ~~In~~ *Except as provided in [section 2], in* case of default in payment of the renewal fee by a licensee, the license must be forfeited by the licensee. The board shall give the licensee 30 days' notice of its proposed forfeiture action. The notice

must be sent by certified letter addressed to the last-known address of the licensee and must contain a statement of the time and place of the meeting at which the forfeiture will be considered.

(b) If the licensee pays the renewal fee, plus a reasonable late fee set by the board, prior to the time set for forfeiture, the license may not be forfeited.

(c) A license forfeited for nonpayment of the renewal fee may be reinstated within 5 years of forfeiture if:

(i) renewal fees are paid for each renewal period that they were unpaid, plus a late penalty fee for each renewal period;

(ii) the applicant produces evidence, satisfactory to the board, of good standing with the dentistry regulatory agencies of any jurisdiction in which the applicant has engaged in the active practice of dentistry since the last payment of a renewal fee under this chapter; and

(3) ~~In~~ *Except as provided in [section 2], in* case of default in payment of the renewal fee by any licensee, the licensee shall forfeit the license.

(a) The board shall give the licensee 30 days' notice of its proposed forfeiture action. The notice must be sent by certified mail to the last-known address of the licensee and must contain a statement of the time and place of the meeting at which the forfeiture will be considered.

(b) The payment of the renewal fee on or before the time set for forfeiture, with a reasonable late fee set by the board, excuses the default.

(c) A license forfeited for nonpayment of the renewal fee may be reinstated within 5 years of forfeiture if:

(i) renewal fees are paid for each period that they were unpaid, plus a late penalty for each period;

(ii) the applicant produces evidence, satisfactory to the board, of good standing with the dental hygiene regulatory agencies of any jurisdiction in which the applicant has engaged in the active practice of dental hygiene since the last payment of a renewal fee under this chapter; and

(2) ~~The~~ *Subject to subsection (3), the* certificate to practice under this chapter automatically becomes void when the renewal fee is not paid at the time named. However, the board may reinstate a practitioner whose certificate has lapsed on payment of back renewal fees or on payment of a maximum fee prescribed by the board if the lapsed fees exceed the maximum fee.

(3) This section may not be interpreted to conflict with [section 2]."

Renewal fee. *(1)* A person licensed and registered by the board shall pay to the board on or before the license expiration date set by board rule a renewal of registration fee prescribed by the board. A default in the payment of a renewal fee after the date it is due increases the renewal fee as prescribed by the board. It is unlawful for a person who refuses or fails to pay the renewal fee to

practice pharmacy in this state. A certificate and renewal expires at the time prescribed by board rule. A ~~defaulter in~~ *person who defaults in the payment of* a renewal fee may be reinstated within 1 year of the default without examination on payment of the arrears and compliance with other requirements prescribed by law.

(2) This section may not be interpreted to conflict with [section 2]."

Section 14. Section 37-8-431, MCA, is amended to read:

The certificate of renewal renders the holder a legal practitioner of nursing for the period stated in the certificate of renewal.

(3) A licensee who allows the license to lapse by failing to renew the license may be reinstated by the board on satisfactory explanation for the failure to renew the license and on payment of the current renewal fee prescribed by the board.

(4) A person practicing nursing during the time following the date the license has expired is an illegal practitioner and is subject to the penalties provided for violations of this chapter.

(5) The board may establish a reasonable late fee for licensees who fail to renew their license by the renewal date.

Renewals of registrations or licenses must be granted as a matter of course. However, if the board finds, after notice and hearing, that the applicant has acted or failed to act in a manner or under circumstances that would constitute grounds for discipline, it may not issue the renewal."

Section 16. Section 37-10-307, MCA, is amended to read:

"37-10-307. Renewal — fee. *(1)* A registered optometrist who desires to continue the practice of optometry in this state shall, before the license expiration date established by rule of the department, pay to the department a renewal fee prescribed by the board in return for which a renewal of registration must be issued. ~~If~~ *Subject to subsection (2), if* a person fails or neglects to procure a renewal of registration, the person's certificate of registration must be revoked

(4) The department shall, during the month of April every year in which the renewal of licenses is required, compile a list of licensed physical therapists authorized to practice physical therapy in the state and shall mail, upon request, a copy of that list to the superintendent of every known hospital and every person licensed to practice medicine and surgery in the state. An interested person in the state is entitled to obtain a copy of the list on application to the department and payment of an amount not in excess of the cost of the list.

(c) the application of the proceeds of the refunding obligations.

(2) The proceeds of bonds, less any proceeds applied to payment of costs of issuance or refunding, must be deposited in a sinking fund account irrevocably appropriated to the payment of principal of and interest on the refunding obligations until the crossover date. The sinking fund account must be maintained as an escrow account with a suitable financial institution within or outside the state and amounts in it must be invested in securities that are direct obligations of the United States or on which the payment of the principal and interest is guaranteed by the United States. In the resolution authorizing the issuance of the bonds, the governing body may pledge to their payment any source of payment of the obligations to be refunded. In the case of general obligation bonds, property taxes must be levied and appropriated to the sinking fund account in the amounts needed, together with estimated investment income from money in the sinking fund account and any other ~~revenues~~ *revenue* available upon discharge of the obligations to be refunded, to pay when due the principal of and interest on the bonds. Funds pledged to the credit of the sinking fund for the obligations to be refunded and not required on the crossover date for the payment of principal, premium, or interest on the obligations to be refunded may be appropriated by the public body to the sinking fund account for the bonds.

(3) The public body may pay the reasonable costs and expenses of issuing bonds and of establishing and maintaining the escrow account.

Section 21. Section 20-9-412, MCA, is amended to read:

"20-9-412. Issuance of refunding bonds without election. (1) Bonds of a school district issued for the purpose of providing the money needed to redeem outstanding bonds may be issued without submitting the proposition to the electorate at an election. In order to issue refunding bonds, the trustees, at a regular meeting or a special meeting, shall adopt a resolution setting forth:

(a) the facts regarding the outstanding bonds that are to be redeemed;

(b) the reasons for issuing new bonds; and

(c) the term and details of the new bond issue.

(2) After the adoption of the resolution, the trustees shall:

(b) at their option, give notice of the sale of the new bonds in the same manner that notice is required to be given for the sale of bonds authorized at a school election and sell the new bonds in open competitive bidding, by written bids or by sealed bids.

(3) Except for bonds refunded by a school district under the provisions of Title 17, chapter 5, part 16, including any variable rate finance program ~~so~~ *that is* authorized, bonds may not be refunded by the issuance of new bonds unless the rate of interest offered on the new bonds is at least 1/2 of 1% a year less than the rate of interest in the bonds to be refunded or redeemed.

(5) Refunding bonds may be issued in a principal amount greater than the principal amount of the outstanding bonds if there is a reduction of total debt service cost to the district.

(6) *(a)* Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which the bonds mature or are subject to redemption, provided *that* the proceeds of the refunding bonds, less any accrued interest or premium received upon the sale of the bonds, are deposited with other funds appropriated to the payment of the outstanding bonds in escrow with a suitable banking institution in or ~~out~~ *outside* of the state. ~~Funds~~

(b) Except as provided in subsection (6)(c), funds deposited must be invested in securities that are general obligations of the United States or the principal and interest of which are guaranteed by the United States and that mature or are callable at the option of the holder on the dates and bear interest at the rates and *are* payable on the dates *that are* required to provide funds sufficient, with any cash retained in the escrow account, to pay when due the interest to accrue on each ~~refunded~~ bond *being refunded* to its maturity or redemption date, if called for redemption, to pay the principal of the bond at maturity or upon the redemption date, and to pay any redemption premium.

(c) If the funds initially deposited in escrow are sufficient, without regard to any investment income on those funds, to redeem in full the bonds being refunded as of their redemption date and to pay the principal of and interest and premium on the bonds being refunded at their stated maturities, the funds may be invested in the securities described in subsection (6)(b) or in a money market fund

composed exclusively of eligible securities described in 7-6-202 and that otherwise satisfies the requirements of 7-6-202(3).

(d) The escrow account must be irrevocably appropriated to the payment of the principal of and interest and redemption premium~~, if any,~~ on the ~~refunded~~ bonds *being refunded*. Funds ~~to the credit of~~ *in* the debt service fund for the payment of the ~~refunded~~ bonds *being refunded* and not required for the payment of principal of or interest on the bonds *being refunded* due prior to issuance of the refunding bonds may be appropriated by the district to the escrow account. The school district may pay the reasonable costs and expenses of printing the refunding bonds and of establishing and maintaining the escrow account. Bonds *that are* refunded pursuant to this part are not to be considered outstanding for purposes of 20-9-406 or any other debt limitation."

AN ACT REPEALING THE TRANSITION SECTION OF THE DISTRICTING AND APPORTIONMENT PLAN THAT ASSIGNS HOLDOVER SENATORS TO NEW DISTRICTS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

WHEREAS, the Montana Constitution and the verbatim transcripts of the 1972 Constitutional Convention do not address the assignment of holdover senators to districts following the drawing of new legislative districts pursuant to Article V, section 14, of the Montana Constitution; and

WHEREAS, the Montana Supreme Court has consistently held that the Constitution is a limit on rather than a grant of legislative authority, beginning with State ex rel. Evans v. Stewart, 53 Mont. 18, 161 P. 309 (1916); and

WHEREAS, in spite of the lack of a constitutional limit on legislative authority, the Legislature has acquiesced in the assignment of holdover senators by the Districting and Apportionment Commission because of the fair and nonpartisan assignments that have traditionally occurred; and

WHEREAS, the districting plan submitted to the 58th Legislature for review and comment proposed to assign holdover senators on partisan basis for future partisan gain; and

WHEREAS, the Legislature enacted Senate Bill No. 258 as Chapter 4, Laws of 2003, to authorize the Legislature to assign holdover senators and prohibit the Districting and Apportionment Commission from assigning holdover

senators prior to the Districting and Apportionment Commission's adoption of its final plan.

[HB 474]

AN ACT PROVIDING THAT AN ADJUSTMENT OF THE RENTAL PRICE OF A MOTOR VEHICLE, TRAILER, OR SEMITRAILER, BASED ON THE AMOUNT REALIZED UPON THE SALE OR DISPOSITION OF THE MOTOR VEHICLE, TRAILER, OR SEMITRAILER, DOES NOT CREATE A SALE OR SECURITY INTEREST.

Be it enacted by the Legislature of the State of Montana:

Section 1. Contract rental price adjustment — not sale or security interest. In the case of a motor vehicle, trailer, or semitrailer, a transaction does not create a sale or security interest solely because it permits or requires that the rental price be adjusted either upward or downward under the agreement by reference to the amount realized upon the sale or other disposition of the motor vehicle, trailer, or semitrailer. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-301, MCA, is amended to read:

"61-3-301. Registration — license plate required — display. (1) Except as otherwise provided in this chapter, a person may not operate a motor vehicle upon the public highways of Montana unless the vehicle is properly registered and has the proper number plates conspicuously displayed, one on the front and one on the rear of the vehicle, each securely fastened to prevent it from swinging and unobstructed from plain view, except that vehicles authorized to display demonstrator plates under 61-4-125 or 61-4-129 may have only one number plate conspicuously displayed on the rear. A person may not display on a vehicle at the same time a number assigned to it under any motor vehicle law except as provided in this chapter. A junk vehicle, as defined in Title 75, chapter 10, part 5, being driven or towed to an auto wrecking graveyard for disposal is exempt from the provisions of this section.

(2) A person may not purchase or display on a vehicle a license plate bearing the number assigned to any county, as provided in 61-3-332, other than the county of the person's permanent residence at the time of application for registration. However, the owner of a motor vehicle requiring a license plate on a motor vehicle used in the public transportation of persons or property may make application for the license in any county through which the motor vehicle passes in its regularly scheduled route, and the license plate issued bearing the number assigned to that county may be displayed on the motor vehicle in any other county of the state.

(3) It is unlawful to ~~use~~*:*

(4) This section does not apply to a vehicle exempt from taxation under 15-6-215 or subject to the registration fee or fee in lieu of tax under 61-3-520.

(5) A person violating these provisions is guilty of a misdemeanor and *is* subject to the penalty prescribed in 61-3-601.

(6) For the purposes of this section, "conspicuously displayed" means that the required license plates are obviously visible and firmly attached to:

(a) the front and the rear bumper of a motor vehicle equipped with front and rear bumpers; or

(b) other clearly visible locations on the front and the rear exteriors of a motor vehicle."

Section 2. Section 61-3-321, MCA, is amended to read:

"61-3-321. Registration fees of vehicles — certain vehicles exempt from license or registration fees — disposition of fees. (1) Registration or license fees must be paid upon registration or reregistration of motor vehicles, trailers, and semitrailers, in accordance with this chapter, as follows:

(a) light vehicles under 2,850 pounds, $13.75;

(b) trailers with a declared weight of less than 2,500 pounds and semitrailers, $8.25;

(c) motor vehicles registered pursuant to 61-3-411 that are:

(i) ~~over~~ 2,850 pounds *and over*, $10; and

(ii) under 2,850 pounds, $5;

(d) off-highway vehicles registered pursuant to 23-2-817, $9;

(e) light vehicles over 2,850 pounds, trucks and buses less than 1 ton, and heavy trucks in excess of 1 ton, $18.75;

(k) travel trailers, $11.75; and

(l) recreational vehicles, $3.50.

(2) If a motor vehicle, trailer, or semitrailer is originally registered 6 months after the time of registration as set by law, the registration or license fee for the remainder of the year is one-half of the regular fee.

(3) An additional fee of $5 must be collected for the registration of each motorcycle as a safety fee and must be deposited in the state motorcycle safety account provided for in 20-25-1002.

(4) A fee of ~~$2~~ *$5* for each set of new number plates must be collected when number plates provided for under 61-3-332(2) are issued.

(5) The provisions of this part with respect to the payment of registration fees do not apply to and are not binding upon motor vehicles, trailers, semitrailers, or tractors owned or controlled by the United States of America or any state, county, city, or special district, as defined in 18-8-202.

(6) (a) Except as provided in 61-3-562 and subsection (6)(b) of this section, a fee of 25 cents a year for each registration of a vehicle must be collected when a vehicle is registered or reregistered. The revenue derived from this fee must be forwarded by the county treasurer for deposit in the general fund for transfer to the credit of the senior citizens and persons with disabilities transportation services account provided for in 7-14-112.

(b) The following vehicles are not subject to the fee imposed in subsection (6)(a):

(i) trailers and semitrailers registered in other jurisdictions and registered through a proportional registration agreement; and

(ii) travel trailers, recreational vehicles, and off-highway vehicles registered pursuant to 23-2-817.

(7) The provisions of this section relating to the payment of registration fees or new number plate fees do not apply when number plates are transferred to a replacement vehicle under 61-3-317, 61-3-332, or 61-3-335.

(8) A person qualifying under 61-3-332(10)(d) is exempt from the fees required under this section.

(9) Except as otherwise provided in this section, revenue collected under this section must be deposited in the state general fund."

Section 3. Section 61-3-332, MCA, is amended to read:

"61-3-332. ~~(Temporary)~~ Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle.

(2) In addition to special license plates, collegiate license plates, and generic specialty license plates authorized under this chapter, a separate series of number plates must be issued, in the manner specified, for each of the following vehicle or dealer types:

(a) passenger vehicles, including automobiles, vans, and sport utility vehicles;

(b) motorcycles and quadricycles, bearing the letters "MC" or "CYCLE";

(c) trucks, bearing the letter "T" or the word "TRUCK";

(d) trailers, bearing the letters "TR" or the word "TRAILER";

(e) dealers of new, or new and used, motor vehicles, including trucks and trailers, bearing the letter "D" or the word "DEALER";

(f) dealers of used motor vehicles only, including trucks and trailers, bearing the letters "UD" or the letter "U" and the word "DEALER";

(g) dealers of motorcycles or quadricycles, bearing the letters "MCD" or the letters "MC" and the word "DEALER";

(h) dealers of trailers or semitrailers, bearing the letters "DTR" or the letters "TR" and the word "DEALER"; and

(i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in 61-3-479 and subsections (4)(c) and (4)(d) of this section, all number plates for motor vehicles must be issued for a ~~maximum~~ *minimum* period of 4 years, bear a distinctive marking, and be furnished by the department. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall

manufacture the newly designed number plates for issuance after December 31, ~~1999~~ *2005*, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1,~~2000~~ *2006*, the department shall manufacture and issue new number plates ~~every~~ *after the existing plates have been used for a minimum period of* 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) In the case of passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" must be placed on each plate. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, and generic specialty license plates, the distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must

begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (6), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

(a) (i) An active member of the Montana national guard may be issued special license plates with a design or decal displaying the letters “NG”. The adjutant general shall issue to each active member of the Montana national guard a certificate authorizing the department to issue national guard plates, numbered in sets of two with a different number on each set, and the member shall surrender the plates to the department upon becoming ineligible to use them.

(ii) The department may issue national guard veteran plates, bearing a design or decal displaying the Montana national guard insignia and the words “National Guard veteran” and numbered in sets of two with a different number on each set, to an applicant who presents to the department a copy of certification of national guard retirement eligibility issued by the appropriate authorities for the applicant or the applicant’s deceased spouse and who pays, in addition to all taxes and fees required by parts 3 and 5 of this chapter, a national

Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. (8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is $75. This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is $125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of

vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) the combined trailer length may not exceed 95 feet;

(c) an individual cargo unit of the combination may not exceed 28 1/2 feet in length and 102 inches in width;

(d) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(e) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(f) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(g) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a “nondivisible load” is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

(b) on interstate highways, a load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

(i) compromise the intended use of the vehicle;

(ii) destroy the value of the load or vehicle; or

(iii) require more than 8 work hours to dismantle using appropriate equipment."

Section 2. Contingent voidness. If the department of transportation receives notice that the increase in the combined trailer length that is allowed for a Rocky Mountain double carrying baled hay will threaten federal highway funding, then [this act] is void. The department shall notify the code commissioner that the department has received a notice and the date upon which the notice was received.

CHAPTER NO. 286

[HB 546]

AN ACT INCREASING FROM 2 YEARS TO 10 YEARS THE MAXIMUM INCARCERATION FOR THE OFFENSE OF FAILURE TO PROVIDE SUPPORT FOR 6 MONTHS OR FAILURE TO PROVIDE SUPPORT IN A CUMULATIVE AMOUNT EQUAL TO OR IN EXCESS OF 6 MONTHS' SUPPORT; AMENDING SECTION 45-5-621, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 45-5-621, MCA, is amended to read:

"45-5-621. Nonsupport. (1) A person commits the offense of nonsupport if the person fails to provide support that the person can provide and that the person knows the person is legally obliged to provide to a spouse, child, or other dependent.

(2) (a) A person commits the offense of aggravated nonsupport if the person has:

(i) left the state without making reasonable provisions for the support of a spouse, child, or other dependent; or

(ii) been previously convicted of the offense of nonsupport.

(b) For purposes of this section, "conviction" means a conviction, as defined in 45-2-101, in this state, conviction for a violation of a statute similar to this section in another state, or a forfeiture of bail or collateral deposited to secure a person's appearance in court in this state or another state, which forfeiture has not been vacated.

(3) If a defense to the charge of nonsupport is inability to pay, the person's inability must be the result of circumstances over which the person had no control. In determining ability to pay, after an allowance for the person's minimal subsistence needs, the support of a spouse, child, or other dependent has priority over any other obligations of the person.

(4) When a person is ordered to pay support by a court or administrative agency with jurisdiction to enter the order, the support order is prima facie evidence of the person's legal obligation to provide support.

(5) Payment records maintained by the court or administrative agency that issued the support order are prima facie evidence of the amount of support paid and the arrearages that have accrued.

(6) It is not a defense to a charge of nonsupport that any other person, organization, or agency furnishes necessary food, clothing, shelter, medical attention, or other essential needs for the support of the spouse, child, or other dependent.

(7) (a) Except as provided in subsection (7)(b) or (7)(c), a person convicted of nonsupport shall be fined *an amount* not to exceed $500 or be imprisoned in the county jail for a term not to exceed 6 months, or both.

(b) A person convicted of nonsupport who has failed to provide support under a court or administrative order for 6 months or more or who has failed to provide support in a cumulative amount equal to or in excess of 6 months' support shall be fined *an amount* not to exceed $5,000 or be imprisoned in the state prison for a term not to exceed ~~2~~ *10* years*, all but 2 years of which must be suspended, with the person placed on probation for the remainder of the imprisonment term,* or both.

(c) A person convicted of aggravated nonsupport shall be fined *an amount* not to exceed $50,000 or be imprisoned in the state prison for a term not to exceed 10 years, or both.

(8) Before trial with the consent of the defendant, on entry of a plea of guilty or nolo contendere, or after conviction, instead of the penalty provided in subsection (7) or in addition to that penalty, the defendant may post a bond, undertaking, or other security. This security must be for a period of ~~2 years or, in the case of aggravated nonsupport, for a period of~~ 10 years. The court shall fix the sum of the security in an amount sufficient to ensure payment of support by the defendant. After the security is posted, the court shall release the defendant on the condition that the defendant comply with any order for support. If there is no order for support, the court shall order the defendant to pay support to the spouse, child, or other dependent in an amount that is consistent with the defendant's ability to pay and, if applicable, the child support guidelines adopted under 40-5-209.

(9) The bond, undertaking, or other security posted pursuant to subsection (8) is forfeited if the defendant fails to pay support as ordered, and the court may proceed to try the defendant upon the original charge of nonsupport, sentence the defendant under the original plea or conviction, or enforce a suspended sentence.

(10) As part of any prosecution under this section, the court shall also order the offender to make restitution to the spouse, the child's caretaker, or any other dependent or to the person or agency that provided support to the spouse, child, or other dependent. The amount of restitution is the sum of the arrearages payable under a support order or, if there is no support order, an amount determined reasonable by the court. The terms for payment of restitution must be determined by the court.

(11) The court may order, in its discretion, any fine levied or any bond forfeited upon a charge of nonsupport paid to or for the benefit of any person that the offender has failed to support. A bond, undertaking, or other security forfeited under subsection (9) must be paid to the person or agency entitled to receive support from the offender.

(12) When a payment of public assistance money has been made for the benefit of a child by the department of public health and human services under the provisions of Title 53, a representative of the department may sign a

criminal complaint against the person obligated by law to support the child who received the public assistance.

(13) The court may order that a term of imprisonment imposed under this section be served in another facility made available by the county and approved by the sentencing court. The offender, if financially able, shall bear the expense of the imprisonment. The court may impose restrictions on the offender's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject an offender referred by the sentencing court."

[HB 617]

AN ACT REVISING THE METAL MINE RECLAMATION LAWS; PROHIBITING AN INCREASE IN A MINE RECLAMATION BOND UNTIL A MINE OPERATING PERMIT MODIFICATION IS COMPLETE; AMENDING SECTION 82-4-337, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-337, MCA, is amended to read:

"82-4-337. Inspection — issuance of operating permit — modification, amendment, or revision. (1) (a) The department shall review all applications for operating permits for completeness within 60 days of receipt of the initial application and within 30 days of receipt of responses to notices of deficiencies. The initial completeness notice must note all deficiency issues, and the department may not in a later completeness notice raise an issue pertaining to the initial application that was not raised in the initial notice. The department may, however, raise any deficiency during the adequacy review pursuant to subsection (1)(b). The department shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within the appropriate review period.

(b) Except as provided in 75-1-208(4)(b), unless the review period is extended as provided in this section, the department shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the department does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of operation within the time period, the operating permit must be issued upon receipt of the bond as required in 82-4-338 and pursuant to the requirements of subsection (1)(c). The department shall promptly notify the applicant of the form and amount of bond that will be required.

(c) A permit may not be issued until:

(i) sufficient bond has been submitted pursuant to 82-4-338;

(ii) the information and certification have been submitted pursuant to 82-4-335(9); and

(iii) the department has found that permit issuance is not prohibited by 82-4-335(8) or 82-4-341(7).

(d) (i) Prior to issuance of a permit, the department shall inspect the site unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible because of extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department shall serve written notice of extension upon the applicant in person or by certified mail, and any extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed for analysis to determine whether a detailed environmental impact statement is necessary under 75-1-201, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 75 days to permit reasonable analysis. The applicant may by written waiver extend this period.

(iii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 365 days in order to permit reasonable review. The applicant may by written waiver extend this time period.

(iv) If the department decides to hire a third-party contractor to prepare an environmental impact statement on the application, the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

(v) Failure of the department to act upon a complete application within the extension period constitutes approval of the application, and the permit must be issued promptly upon receipt of the bond as required in 82-4-338.

(2) The operating permit must be granted for the period required to complete the operation and is valid until the operation authorized by the permit is completed or abandoned unless the permit is suspended or revoked by the department as provided in this part.

(3) The operating permit must provide that the reclamation plan may be modified by the department, upon proper application of the permittee or after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so that they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations are revealed by field inspection.

(4) (a) The modification of an operating permit may be a major or minor permit amendment or a permit revision. A modification of the operating permit, including a modification necessary to conform to the requirements of existing law as interpreted by a court of competent jurisdiction, must be processed in accordance with the procedures for an application for a permit amendment or revision that are established pursuant to 82-4-342 and this section, including any environmental analysis required by Title 75, chapter 1, part 2.

(b) The modification of an operating permit may not be finalized and an existing bond amount may not be increased until the permit modification procedures and analysis described in subsection (4)(a) are completed.

~~(4)~~*(5)* During the term of an operating permit, an operator may apply for an amendment or revision to the permit. The operator may not apply for an amendment to delete disturbed acreage from the permit.

~~(5)~~*(6)* Applications for major amendments must be processed in the same manner as applications for new permits.

~~(6)~~*(7)* Major amendments are those that may significantly affect the environment. Minor amendments are those that will not significantly affect the environment. The board may by rule establish criteria for classification of amendments as major or minor. The rules must establish requirements for the content of applications for amendments and revisions and procedures for processing of minor amendments.

~~(7)~~*(8)* If the department demonstrates that a revision may result in a significant environmental impact that was not previously and substantially evaluated in an environmental impact statement, the application must be processed in the same manner as is provided for new permits. Except as provided in 75-1-208(4)(b), applications for minor amendments and other revisions must be processed within 30 days of receipt of an application."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to permits and permit amendments that were approved by the department of environmental quality after September 30, 1995.

[SB 77]

AN ACT EXTENDING UNIVERSAL SYSTEM BENEFITS CHARGE RATES BY 2 1/2 YEARS THROUGH DECEMBER 2005; AMENDING SECTION 69-8-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-8-402, MCA, is amended to read:

"69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance during the transition period and into the future.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. Except as provided in subsection (7), these universal system benefits charge rates must remain in effect ~~until~~ *through* ~~July 1, 2003~~ *December 31, 2005*.

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) Utilities must receive credit toward annual funding requirements for a utility's internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers' programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility's distribution services provider at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer's distribution services provider shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income related expenditures, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility's transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) A utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) $500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the transition advisory committee provided for in 69-8-501. A cooperative utility shall prepare and

submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the transition advisory committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and to the transition advisory committee. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

(a) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

(b) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

(c) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

(9) A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

(10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

(1) A "bona fide resident of Montana" is a person who, at the time of employment and immediately prior to the time of employment, has lived in this state in a manner and for a time that is sufficient to clearly justify the conclusion that the person's past habitation in this state has been coupled with an intention

to make it the person's home. Persons who come to Montana solely in pursuance of any contract or agreement to perform labor may not be considered to be bona fide residents of Montana within the meaning and for the purpose of this part.

(2) "Commissioner" means the commissioner of labor and industry provided for in 2-15-1701.

(3) (a) "Construction services" means work performed by an individual in construction, heavy construction, highway construction, and remodeling work.

(b) The term does not include:

(8) "Heavy and highway construction wage rates" means wage rates, including fringe benefits for health and welfare and pension contributions, that meet the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor and zone pay and travel allowance that are determined and established statewide for heavy and highway construction projects, such as alteration or repair of roads, streets, highways, alleys, runways, trails, parking areas, utility rights-of-way, staging yards located on or off the right-of-way, or new or reopened pits that produce aggregate, asphalt, concrete, or backfill when the pit does not normally sell to the general public.

(9) "Nonconstruction services" means work performed by an individual, not including management, office, or clerical work, for:

The nonconstruction services classification does not apply to any school district that at any time prior to April 27, 1999, contracted with a private contractor for the provision of nonconstruction services on behalf of the district.

(b) The term does not include contracts entered into by the department of public health and human services for the provision of human services.

(12) "Special circumstances" means all work performed at a facility that is built or developed for a specific Montana public works project and that is located in a prevailing wage district that contains the project location or that is located in a contiguous prevailing wage district.

(13) (a) "Standard prevailing rate of wages" or "standard prevailing wage" means:

(i) the heavy and highway construction wage rates applicable to heavy and highway construction projects; or

(ii) those wages, other than heavy and highway construction wages, including fringe benefits for health and welfare and pension contributions, that meet the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and travel allowance that are paid in the district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part. In each district, the standard prevailing rate of wages must be computed by the department based on work performed by *electrical contractors who are licensed under Title 37, chapter 68, master plumbers who are licensed under Title 37, chapter 69, part 3, and* Montana contractors who are registered under Title 39, chapter 9, and whose work is performed according to commercial building codes. In setting the prevailing wages from the survey for each craft, the department shall use the weighted average wage for each craft, except in those cases in which the survey shows that 50% of the craftspersons are receiving the same wage. When the survey shows that 50% of the craftspersons are receiving the same wage, that wage is the prevailing wage for that craft. The work performed must be work of a similar character to the work performed in the district unless the annual survey of construction contractors and the biennial survey of nonconstruction service employers in the district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages. The commissioner shall establish by rule the method or methods by which the standard prevailing rate of wages is determined. The rules must establish a process for determining if there is insufficient data generated by the

survey of employers in the district that requires the use of other methods of determining the standard prevailing rate of wages. The rules must identify the amount of data that constitutes insufficient data and require the commissioner of labor to use other methods of determining the standard prevailing rate of wages when insufficient data exists. The alternative methods of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character that is conducted as near as possible to the original district.

(b) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that meets the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and the rate of travel allowance must be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.

(14) "Work of a similar character" means work on private commercial projects as well as work on public projects."

(4) The department of natural resources and conservation may determine the dollar portions for each project identified with an asterisk (*).

(5) For grant projects for which the department of natural resources and conservation also has recommended a loan, the authorization for the loan is contained in House Bill No. 8.

(6) The funding provided to the projects approved in this section and identified with an asterisk (*) following the applicant's name is eligible for and may be designated for use as a nonfederal match for the federal funding required for the settlement of the Fort Belknap/Montana Water Right Compact.

(7) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 2005 biennium pursuant to 17-7-302.

Section 2. Condition of grants. Disbursement of funds under [sections 1 through 4] for grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Changes in the project scope of work or budget that reduce the public or natural resource benefits as presented in department reports and applicant testimony to the 58th legislature will result in the proportional reduction in grant amount.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource grant and loan program project recommendations and biennium report submitted to the 58th legislature for the 2005 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved grant authority;

(4) execution of a grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal to the legislature.

Section 3. Conditions for grants. Notwithstanding the conditions described in [section 2], grant funds are disbursed in the order of priority listed in [section 1] as resource indemnity trust account interest income revenue is received. A project approved by [section 1] is not entitled to receive grant funds that are not collected and allocated to the renewable resource grant and loan program state special revenue account.

Section 4. Appropriations established. (1) For any entity of state government that receives a grant under [sections 1 through 3], an appropriation is established for the amount of the grant listed in [section 1(3)]. Grants to state entities from prior biennia are reauthorized for completion of contract work.

(2) Any funds in excess of the amount appropriated for grants under [sections 1 through 3] are available for appropriation for authorized purposes from the renewable resource grant and loan state special revenue account.

Section 5. Review of previously authorized grants. Recipients of renewable resource grants authorized by previous legislatures that have not completed startup conditions must be notified by the department of natural resources and conservation that the legislature, at the next regular session, will review renewable resource grants to determine if the commitment of the renewable resource grant should be withdrawn.

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

Section 8. Effective dates. (1) [Sections 2 through 7 and this section] are effective on passage and approval.

(2) [Section 1] is effective July 1, 2003.

The projects described in this section are reauthorized. The department of natural resources and conservation is authorized to make loans to the political subdivisions of state government and local governments listed below in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(2) GROUP A: The interest rate for the projects in this group may be 2% below the long-term bond rate at which the state bonds are sold for the first 5 years of an anticipated 20-year term and must be at the rate at which the state bonds are sold for the remaining 15 years.

Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed $11,729,290, of which $10,662,991 is to be used to finance the projects approved in [sections 1 and 2] and up to $1,066,299 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the renewable resource grant and loan state special revenue account.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 4. Condition of loans. (1) Disbursement of funds under [sections 1 through 7] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report for the biennium;

(d) execution of a loan agreement with the department; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. Private and discount purchase of loans. Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 6. Appropriation established. For any entity of state government that receives a loan under [sections 1 through 7], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 7. Creation of state debt — appropriation of coal severance tax — bonding provisions. (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

(2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective July 1, 2003.

An applicant may use more than one location to display vehicles for sale if the maximum distance between each display lot does not exceed 200 feet and if the distance between a display lot and the building in which vehicle sales records are stored does not exceed 1,000 feet.

(e) for each geographic location specified in the application, evidence of the applicant's compliance with applicable local land use planning, zoning, and business permitting requirements, if any. Evidence of compliance may be documented by means of a written verification of compliance signed by the authorized representative of the local land use planning or zoning board or the local business permitting agency.

(iii) verification that the applicant otherwise meets the requirements of part 2 of this chapter; and

(i) if the applicant is applying for a new recreational vehicle dealer's license, certification that the person is recognized by a manufacturer, importer, or distributor as a dealer in new recreational vehicles.

(5) If an applicant for a new motor vehicle or used motor vehicle, new or used recreational vehicle, or trailer dealer's license wants to maintain more than one established place of business, the applicant shall file a separate license application for each proposed place of business and otherwise qualify for licensure at each place separately.

(b) $25 for a used motor vehicle dealer's license;

(c) $25 for a new or used recreational vehicle dealer's license; or

Applicants for a motorcycle dealer's license shall file a bond in the sum of ~~$10,000~~ *$15,000*. All bonds must be conditioned that the applicant shall conduct the business in accordance with the requirements of the law. The bond may extend to any other type of dealer license issued to the applicant at the same geographic location if all types of licenses are indicated on the face of the bond. All bonds must be approved by the department, must be filed in its office, and must be renewed annually."

Section 4. Section 61-4-102, MCA, is amended to read:

"61-4-102. Dealer's license numbers — assignment, numbering, and limitation of dealer plates — restriction of use — fees. (1) Upon the licensing of a dealer, the department shall assign to the dealer a distinctive serial license number as a dealer and furnish the dealer with one or more sets of numbered dealer plates in accordance with the provisions of this section.

(2) (a) Dealer plates designed by the department must be similar to the numbered plates furnished to owners of motor vehicles under 61-3-332, but they must bear:

(i) the license number assigned to the dealer;

(ii) an abbreviation for the vehicle type of the dealer's license issued, as follows:

(A) the letter "D" for a new motor vehicle dealer;

(B) the letters "UD" for a used motor vehicle dealer; or

(C) the letters "RV" for a new or used recreational vehicle dealer; and

(iii) the actual number of sets of dealer plates issued to the dealer.

(b) Dealer plates may not be issued to a motorcycle or trailer dealer or a wholesaler.

(3) Dealer plates must contain the prefix of the county in which the dealer's established place of business is located, followed by the dealer's license type abbreviation, the dealer's license number, and the number of sets of dealer plates issued to that dealer. For example, new motor vehicle dealer number 4 in Lewis and Clark County would be numbered 5D-4, and if the dealer were issued three sets of dealer plates, they would be numbered consecutively as follows, 5D-4-1, 5D-4-2, and 5D-4-3.

(4) (a) In addition to the fees required under the provisions of 61-4-101 and 61-4-124, an applicant for a dealer's license shall pay an annual fee of $25~~,~~ for each set of numbered dealer plates requested and issued.

(b) The number of dealer plates that may be issued to a dealer must be determined as follows:

(i) a dealer is entitled to one set of dealer plates upon the issuance of an original license or a renewed license;

(ii) an applicant qualified for a license renewal is entitled to additional sets of numbered plates based on the following formula:

(A) 5% of the first 100 vehicle sales for the previous year; plus

(B) 3% of the next 100 vehicle sales for the previous year; plus

(C) 2% of vehicle sales in excess of 200 for the previous year; and

(iii) a dealer is entitled to additional sets of dealer plates during a license term as the dealer's sales incrementally meet or exceed the requirements of the formula established in subsection (4)(b)(ii). However, the aggregate number of sets of dealer plates issued to a dealer under this subsection (4)(b)(iii) may not exceed the combined number allowed under subsections (4)(b)(i) and (4)(b)(ii).

(5) (a) A dealer is authorized to use and display dealer plates on a motor vehicle held for bona fide sale by the dealer and that is operated by or under the control of the dealer, the dealer's spouse, officers, or employees.

(b) For purposes of this subsection (5):

(i) the term "officers" includes only the persons listed on the manufacturer's franchise agreement or the importer's distribution agreement and the term "employees" means persons upon whom the dealer has paid social security taxes as a full-time employee; and

(ii) the display of a Monroney label or a buyer's guide label, as required by 61-4-123(2), on a vehicle bearing dealer plates is prima facie evidence that the vehicle is offered for bona fide sale by the dealer.

(6) Dealer plates may not be used or displayed on vehicles used for hire, lease, or rental.

(7) (a) A dealer is accountable for each set of numbered dealer plates issued and, *except as provided in subsection (7)(b),* shall file ~~a quarterly~~ *an annual* report with the department certifying the disposition of each set of dealer plates assigned to the dealer and specifying the name, address, and occupation of the person primarily using each set of plates.

~~(b) A dealer who fails to submit an accountability report within 30 days of the end of the calendar quarter may be subject to the imposition of a civil penalty under 61-4-105.~~

(b) Upon reassignment of one or more sets of dealer plates to another person, within 15 days of the reassignment, the dealer shall notify the department, in a manner prescribed by the department, of the name, address, and occupation of the person to whom the plates were assigned.

(8) *(a)* All numbered dealer plates expire on December 31 of the year of issue and ~~are subject to renewal in accordance with the provisions of 61-4-124 and this section~~ *must be renewed annually*.

(b) A dealer who files the annual report required under 61-4-124 on or before December 31 of the calendar year may display or use dealer plates assigned and registered for the prior calendar year through the last day of February of the following year, as provided in 61-4-124(5)."

Section 5. Section 61-4-104, MCA, is amended to read:

"61-4-104. Record of purchase or sale. *(1) (a)* A dealer or wholesaler licensed under 61-4-101 shall keep a book or record of the purchases, sales or exchanges, or receipts for the purpose of sale of used vehicles and a description of the vehicles, together with the *date of purchase, sale, or consignment and the* name and address of ~~the seller, of the purchaser, and of the alleged owner or other person from whom each vehicle was purchased or received or to whom it was sold or delivered, as the case may be~~ *:*

(i) the person from whom the dealer or wholesaler acquired the vehicle's ownership or, if consigned, possessory interest in the vehicle;

(ii) the person to whom the dealer or wholesaler assigned the vehicle; and

(iii) a secured party with a perfected security interest in the vehicle to which the dealer or wholesaler's interest is subordinate, if any.

(b) The *vehicle* description ~~in the case of motor vehicles~~ must also include the vehicle identification number and engine number, if any, and must include a statement that a number has been obliterated, defaced, or changed if that has occurred. In the case of a trailer, semitrailer, or special mobile equipment, the record must include the manufacturer's number and other numbers or identification marks that appear on the trailer, semitrailer, or special mobile equipment.

(2) The dealer or wholesaler must also have a duly assigned certificate of ownership from the owner of the motor vehicle to the dealer or wholesaler from the time the motor vehicle is delivered to the dealer or wholesaler until it has been disposed of by the dealer or wholesaler. It is a violation of this part for a dealer or wholesaler to fail to take assignment of all certificates of ownership or manufacturer's certificates of origin for vehicles acquired by the licensee or to fail to assign the certificate of ownership or manufacturer's certificate of origin for vehicles sold.

(3) All records required to be kept in accordance with this section, in addition to the required retention of odometer disclosure information under 61-3-206(4),

must be physically located and maintained within the building referred to in 61-4-101. An authorized representative of the department, upon presentation of the representative's credentials, may inspect and have access to and copy any records required under this chapter."

Section 6. Section 61-4-105, MCA, is amended to read:

"61-4-105. Criminal penalty — civil penalty imposed by agency. (1) Except as provided in 61-4-143, a person violating the provisions of this part is guilty of a misdemeanor and subject to a fine in an amount of not less than $250 and not more than $500. For the purposes of this section, every sale of a motor vehicle in violation of the provisions of this part is a separate offense.

(2) In addition to all other penalties created by this part, the department is authorized to take appropriate enforcement action on its own initiative. Except as provided in 61-4-143, a person violating the provisions of this part may be subject to administrative action, in accordance with the contested case procedures of Title 2, chapter 4, as follows:

(a) a civil penalty not to exceed $1,000 for each violation;

(b) suspension of the motor vehicle dealer, wholesaler, or auto auction license not to exceed ~~5 working~~ *7* days;

(c) revocation ~~or denial~~ of the motor vehicle dealer, wholesaler, or auto auction license; or

(d) any combination of subsections (2)(a) through (2)(c)."

Section 7. Section 61-4-107, MCA, is amended to read:

"61-4-107. Cease and desist order. (1) When the department has reasonable cause to believe, from information furnished to it or from an investigation made by it, that a person is engaged in any business regulated by this part without being licensed as required *or if a dealer licensed under this part is conducting an off-premises sale without a permit, as required by 61-4-123(4)*, it shall immediately issue and serve upon the person, *in person or* by certified mail, a cease and desist order requiring the person to cease and desist from further engaging in that business *or from conducting an off-premises sale without a permit*. If the person fails to comply with the order, the department shall file an action in the district court of Lewis and Clark County to restrain and enjoin the person from engaging in the business. The court shall proceed in the action as in other actions for injunctions.

~~(2) The sale of more than three motor vehicles or the offering for sale of more than three motor vehicles, if the certificates of ownership are not held in the offeror's name, in any calendar year is prima facie evidence that the offeror is engaged in the business of dealing motor vehicles and must be licensed under this chapter.~~

~~(3)~~*(2)* When the department has reasonable cause to believe, from an investigation made by it or information furnished to it by a law enforcement officer, that a dealer or wholesaler has been improperly licensed, has used a dealer's license in a manner other than as authorized in this title, has provided a material misstatement of fact in an application for a license, is not qualified as a dealer or wholesaler under the requirements of this title, or has engaged in criminal conduct that renders the dealer or wholesaler unfit for licensure, the department may revoke the dealer's or wholesaler's license."

Section 8. Section 61-4-111, MCA, is amended to read:

"61-4-111. Used motor vehicles — transfer to and from dealers. (1) ~~A~~ *Except as provided in 61-4-124(6), a* licensed dealer, broker, or wholesaler who intends to resell a used motor vehicle and who operates the vehicle only for demonstration purposes:

(a) is exempt from registration under 61-3-201(2) when applying for a certificate of ownership; and

(b) may transfer or receive ownership of a motor vehicle by use of a dealer reassignment section on a certificate of ownership; however, when the allotted number of dealer reassignment sections on a certificate of ownership has been completed, ownership of the vehicle may not be transferred until an application for a certificate of ownership has been submitted by the dealer to the department and a new certificate of ownership has been issued.

(2) Upon the transfer of a used motor vehicle to a person other than a licensed dealer, broker, or wholesaler, the following acts are required of the dealer on or before the times set forth in this subsection:

(a) Prior to delivery of the vehicle to the purchaser, the dealer shall issue and affix to the rear window of the vehicle a 20-day permit in a form to be prescribed by the department and containing the name and address of the purchaser, date of sale, name and address of the dealer, and a description of the vehicle, including its serial number. There must be imprinted on the permit in bold letters the following statement: "IT IS UNLAWFUL TO PLACE LICENSE PLATES UPON THIS VEHICLE UNTIL REGISTERED AT THE OFFICE OF THE COUNTY TREASURER". One copy of the permit must be delivered by the dealer to the county treasurer in the manner prescribed in subsection (2)(b), and a copy must be retained by the dealer for the dealer's file. It is unlawful for the dealer to issue more than one permit per vehicle sale.

(b) Within 4 working days following the date of delivery of the vehicle, the dealer shall forward to the county treasurer of the county where the purchaser resides the certificate of ownership and certificate of registration (if the certificates are then in the dealer's possession), with an application for registration executed by the new owner in accordance with the provisions of 61-3-322, and a copy of the permit affixed to the vehicle by the dealer. The department, upon receipt of the documents from the county treasurer, together with the conditional sales contract or other lien, if any, shall issue a new certificate of ownership and certificate of registration, together with a statement of any conditional sales contract, mortgage, or other lien as provided in 61-3-202. Transmission of the documents by the dealer to the county treasurer may be accomplished either by personal delivery or by first-class mail, in which event they are considered to have been delivered at the time of mailing.

(c) If the dealer is unable to forward the certificate of ownership or certificate of registration within the time set forth in subsection (2)(b) because the certificate is lost, is in the possession of third parties, or is in the process of reissuance in this state or elsewhere, the dealer shall comply in all other respects with the provisions of subsection (2)(b) and shall forward the missing document or documents to the county treasurer, either personally or by first-class mail, within 3 days after receipt.

(3) Upon compliance by the dealer with the requirements in this section, title to the motor vehicle is considered to have passed to the purchaser as of the date of the delivery of the vehicle to the purchaser by the dealer, and the dealer has no further liability or responsibility with respect to the processing of registration.

(4) For purposes of this section, "motor vehicle" includes a trailer as defined in 61-1-111."

Section 9. Section 61-4-120, MCA, is amended to read:

"61-4-120. Application for auto auction license — general regulations. (1) A person, firm, association, or corporation that takes possession of a motor vehicle owned by another person through consignment, bailment, or any other arrangement for the purpose of selling the motor vehicle to the highest bidder when all buyers are licensed motor vehicle dealers, wholesalers, or wrecking facilities shall file by mail or otherwise in the office of the department a verified application for licensure as an auto auction. The application must be made in the following manner:

(a) Each application and all of the information contained in it must be verified by the department or an authorized representative of the department on a form to be furnished by the department for that purpose. The application must provide the following information:

(i) the name in which the business is to be conducted and the location of premises, including street address, city, county, and state, where records are kept, sales are made, and motor vehicle stock is displayed as an established place of business that displays a sign indicating the firm name and that vehicles are offered for sale. The letters on the sign must be clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(ii) the name and address of all owners or persons having an interest in the business. In the case of a corporation, the names and addresses of the president and secretary are sufficient.

(iii) a statement that the applicant is authorized to auction used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, motorcycles, and quadricycles under one license. A licensed auto auction may not auction a new motor vehicle except when authorized by a new motor vehicle manufacturer, importer, distributor, or representative, for the purpose of conducting a closed-factory fleet sale to dispose of new motor vehicles by the franchisor (manufacturer, distributor, or importer) to franchisee purchasers when the purchasers are licensed new motor vehicle dealers purchasing new motor vehicle line-makes authorized by their respective franchise, sales, or distributor agreements. An auto auction licensed under the provisions of this section shall notify and update the department with current fleet sale agreements between the auto auction and franchisor. An auto auction may not conduct a factory fleet sale unless authorized or appointed by a franchisor licensed under part 2 of this chapter.

(b) Each application must be accompanied by a bond of ~~$35,000~~ *$50,000* and must be conditioned that the applicant shall conduct business in accordance with the requirements of the law. All bonds must run to the state of Montana, must be approved by the department and filed in its office, and must be renewed annually.

(2) An auto auction's license must be renewed and paid for annually to the department, and an application for relicensure must be filed by January 1 of each year. The fee required for each first-time applicant is $500 and for subsequent renewal applications is $100 each year. Upon receipt of a properly completed application, fee, and bond, the department shall issue the auto auction license and assign an auto auction license number for each applicant in

a manner determined by the department. Auto auctions dealing in motor vehicles may sell only to licensed dealers and wholesalers.

(3) Auto auctions that are licensed under this section and that hold a current license number may issue temporary permits, which may be displayed and used by a buyer to operate an unregistered vehicle purchased from the auto auction. The temporary permit is valid for a period of 72 hours from the time of purchase and may be used only for the purpose of driving or transporting a vehicle from the auction premises to the purchaser's established place of business or point of destination. Temporary permits must be on a form prescribed by the department and must contain the name, address, and license number of the purchaser, the date of sale, the name, address, license number, and authorized signature of the auto auction, and a description of the vehicle, including its serial number. The department shall collect a fee of $10 from the auto auction for each temporary permit, and the auto auction may charge a vehicle purchaser no more than $10 for the issuance of each permit to offset the cost of the permit. It is unlawful for the auto auction to issue more than one temporary permit per vehicle sale.

(4) A licensed auto auction may apply for and may be authorized by the department to purchase and use license plates of a type and amount approved by the department, upon payment of a fee to the department to offset the cost of production. Licensed auto auctions may use the license plates to transport inventory vehicles *to and* from a point of storage or a point of delivery in this state *and* to *and from* the auto auction's place of business, for road testing authorized vehicles, or for moving vehicles for purposes of repairing, painting, upholstering, polishing, and related activities. One license plate is required to be conspicuously displayed on the rear of the vehicle. Auto auctions may appoint designated persons, partnerships, corporations, service stations, or repair garages to use the license plate only when conducting work for the auto auction involving repairing, painting, upholstering, polishing, or performing similar types of work upon a vehicle. Upon application for an auto auction license, the applicant, if requesting the license plates, shall submit a sworn affidavit on a form prescribed by the department, listing each authorized person designated by the auction to use the license plates. The auto auction is responsible for reporting any changes to the affidavit within 72 hours after the amendment has occurred. An auto auction licensed under the provisions of this section is liable for the proper use of the license plates, which may not be used for private purposes. The department may revoke an auto auction's 72-hour temporary permit and license plate privileges if an auction issues, authorizes the use of, or uses a temporary permit or the license plate in violation of the provisions of this section.

(5) (a) Each auto auction shall keep a book or record, in a form and manner subject to approval by the department, of the purchases, sales, or exchanges or the receipts for the purpose of sale of any motor vehicle, a properly completed copy of a temporary permit issued to a vehicle purchaser, the date of title transfer, and a description of the motor vehicle, together with the name and address of the seller, the purchaser, and the alleged owner or other person from whom the motor vehicle was purchased or received or to whom it was sold or delivered. The description in the case of a motor vehicle must include:

(i) the vehicle identification number and engine number, if any; and

(ii) a statement that a number has been obliterated, defaced, or changed, if it has.

(b) An auto auction licensed under this section shall validate the sale of a motor vehicle through its auction by stamping its name and license number upon the certificate of ownership at a location on the front or back of the certificate, at the margin in the assignment section as executed between the transferor and transferee. An auto auction's stamp must be legible and may not interfere with the information recorded on the certificate between the transferor and transferee. If the certificate of ownership lacks adequate space for the auto auction to place its stamp, the auction may provide the transferee a copy of the auction invoice bearing the:

(i) name and license number of the auction, along with an indication of the vehicle year, make, model, and identification number;

(ii) name, address, and signature of the transferor;

(iii) name, license number, and signature of the transferee; and

(iv) date the vehicle was sold through the auction.

(c) The invoice must be attached to the certificate of ownership and must be presented to the department with any application for title.

(d) An auto auction shall retain, for 5 years, odometer disclosure information, including the name of the owner on the date the auto auction took possession of the motor vehicle, the name of the buyer, the vehicle identification number, and the odometer reading on the date the auto auction took possession of the motor vehicle. The odometer information may be retained in any way that is systematically retrievable and is not required to be maintained on any special disclosure form. The information may be part of the auction receipt or invoice or be maintained as a portion of a computer database or manual file. An auto auction that executes a transfer of ownership as an agent on behalf of a seller or buyer is liable for providing an odometer disclosure statement for the seller or an odometer disclosure acknowledgment for the buyer under the provisions of 61-3-206."

Section 10. Section 61-4-123, MCA, is amended to read:

"61-4-123. Dealer requirements and restrictions. (1) A dealer may not offer for sale, trade, or consignment any vehicle type not authorized by the license issued to the dealer by the department or use a dealer or demonstrator plate on a vehicle of a type for which the dealer is not licensed.

The department may require proof from the dealer that the location proposed for the

off-premises display and sale is in compliance with local zoning ordinances. Except for recreational vehicle dealers, an off-premises display and sale must be conducted within the county of the dealer's licensed location. The display and sale may not exceed 10 consecutive days, and a licensed dealer may not conduct more than 10 off-premises displays and sales during any 1 calendar year.

(b) A dealer may display one or more vehicles inside an airport terminal or shopping mall without obtaining an off-premises display and sale permit if no actual sales are made, or could be made, at the terminal or mall.

(c) Upon prior written notice to the department, a dealer may display one vehicle at a geographic location other than that of the dealer's established place of business as listed on the dealer's license if no actual sales are made, or could be made, at the display location and the display:

A display under this subsection (4)(c)(ii) may not exceed 90 days.

(5) If more than one dealer displays vehicles and maintains an established place of business at the same geographic location, each dealer shall ensure that all vehicle records, office facilities, and inventory, if applicable, are physically segregated from those of the other dealer and clearly identified and attributed to the appropriate dealer.

(6) A dealer shall install and maintain telephone service at the dealer's established place of business. The telephone service must be listed in the directory assistance that applies to the area in which the business is located.

(7) A dealer shall conspicuously post at the dealer's established place of business written notice indicating the regular and customary office hours maintained by the dealer.

(8) *(a) A dealer shall carry and continuously maintain a general liability insurance policy that covers any vehicle bearing a set of dealer plates or a demonstrator plate that is offered for demonstration or loan to, or otherwise may be operated by, a customer in the regular course of the dealer's business operations.*

~~(b)~~*(c)* This subsection (8) does not relieve a dealer of the mandatory vehicle liability insurance obligation imposed under chapter 6 of this title.

(9) A dealer shall display at the dealer's established place of business at least one sign stating the name of the business and indicating that vehicles are offered for sale, trade, or consignment. The letters of the sign must be at least 6

inches in height and clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet."

(ii) develop a procedure for certifying private entities as driver rehabilitation and improvement course providers;

(iii) establish the criteria that private entities must meet in order to be certified by the department; and

(3) Notwithstanding any provision of this part inconsistent with any other law of the state of Montana, the enforcement of any suspension or revocation order that constitutes the basis for any person's participation in the driver rehabilitation and improvement program provided for in this section may be stayed if that person complies with the requirements established for the driver rehabilitation and improvement program and meets the eligibility requirements of subsection (2).

(4) In the event that a person's driver's license has been surrendered before the person's selection for participation in the driver rehabilitation and improvement program, the license may be returned upon receipt of the person's agreement to participate in the program.

(5) The stay of enforcement of any suspension or revocation order must be terminated and the order of suspension or revocation enforced if a person declines to participate in the driver rehabilitation and improvement program or fails to meet the attendance or other requirements established for participation in the program.

(6) This part does not create a right to be included in any program established under this part.

(7) The department and the entity with which the department contracts under subsection (1)(b) shall establish separate fee schedules that may be charged to those persons participating in the driver improvement and rehabilitation program. The fees must be collected separately by the department and by the entity with which the department contracts under subsection (1)(b).

(8) The fees collected by the department under subsection (7) must be used to help defray costs incurred by the department in administering the program and in contracting with private entities as provided in subsection (1). AN ACT CHANGING THE AMOUNT THAT MAY BE CHARGED FOR A PAST-DUE LOAN PAYMENT FROM 5 PERCENT OF THE AMOUNT PAST DUE TO THE GREATER OF 5 PERCENT OF THE AMOUNT PAST DUE OR $15; AND AMENDING SECTION 32-5-301, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 32-5-301, MCA, is amended to read:

"32-5-301. Charges, refunds, penalties, filing fees. (1) A licensee or holder of a supplementary license under this part may contract for and receive on any loan of money interest charges as provided under 31-1-112.

(2) Charges in subsection (1) must be computed at the applicable rates on the full, original principal amount of the loan from the date of the loan to the due date of the final scheduled installment irrespective of the fact that the loan is payable in installments. The charges must be added to the principal of the loan and may not be discounted or deducted from the principal or paid or received at the time the loan is made. For the purpose of computing charges for a fraction of a month, a day is considered one-thirtieth of a month.

(3) (a) When any loan contract, new loan, renewal, or otherwise for a period of not more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges that is due the borrower as determined by schedules prepared under the rule of 78ths or sum of the digits principle as follows: the amount of the refund or credit must be as great a proportion of the total charges originally contracted for as the sum of the consecutive monthly balances of the contract scheduled to follow the date of prepayment bears to the sum of all the consecutive monthly balances of the contract, both sums to be determined according to the payment schedule originally contracted for.

(b) When any loan contract, new loan, renewal, or otherwise for a period of more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges that is due the borrower that is applicable to all fully unexpired months in the contract as originally scheduled or, if deferred, as deferred, following the date of prepayment. For this purpose the applicable charge is the charge that would have been earned for that contract if charges had not been precomputed, by applying to the unpaid principal balance, by the actuarial method, the annual percentage rate disclosed pursuant to federal law, based on the assumption that all payments were made as originally scheduled.

For all loans that may be subject to this section, charges are computed initially in the same manner used to determine the annual percentage rate.

(4) If the contract so provides, the additional charge for any amount past due according to the original terms of the contract, whether by reason of default or extension agreement, may be *the greater of* 5% of the amount past due *or $15*, and that amount may be charged only once.

(5) (a) The licensee may include in the principal amount of any loan:

(i) the actual fees paid a public official or agency of the state for filing, recording, or releasing any instrument securing the loan; or

(ii) the premium for insurance in lieu of filing or recording any instrument securing the loan to the extent that the premium does not exceed the fees that would otherwise be payable for filing, recording, or releasing any instrument securing the loan.

(b) The licensee may include in the principal amount of any loan bona fide charges related to real estate security and paid to third parties, including:

(i) fees or premiums for title examination, title insurance, or similar purposes, including survey;

(ii) fees for preparation of a deed, settlement statement, or other documents;

(iii) fees for notarizing deeds and other documents;

(iv) appraisal fees;

(v) fees for credit reports; and

(vi) fees paid to a trustee for release of a trust deed.

(6) Further or other charges may not be directly or indirectly contracted for or received by any licensee except those specifically authorized by this chapter. A licensee may not divide into separate parts any contract made for the purpose of or with the effect of obtaining charges in excess of those authorized by this chapter. If any amount in excess of the charges permitted by this chapter is charged, contracted for, and received, except as the result of an accidental and bona fide error of computation, the licensee may not collect or receive any charges.

(7) Subsections (2), (3), and (6) of this section apply only to loans on which charges are made on an add-on basis and do not apply to loans on which charges are made on an interest-bearing basis.

(8) If a consumer loan is prepaid in whole or in part for any reason, including after a default, prior to the final payment due date and the amount of prepayment exceeds 10% of the then-outstanding principal balance of the loan, a licensee may charge a prepayment charge as follows:

(a) 10% of the then-outstanding principal balance of the loan if the prepayment occurs during the first 6 months after the date of the loan;

(b) 7% of the then-outstanding principal balance of the loan if the prepayment occurs more than 6 months after the date of the loan, but on or before 18 months after the date of the loan; or

(c) 3.5% of the then-outstanding principal balance of the loan if the prepayment occurs more than 18 months after the date of the loan, but before 61 months after the date of the loan.

(9) A prepayment charge may not be collected if:

(a) the prepayment results solely because of the enforcement of a "due on sale" clause in a real estate mortgage or deed of trust that secures the loan;

(b) the loan provided is prepaid by another loan made by the same licensee or an affiliate of the licensee; or

(c) prepayment occurs as a result of a payment made by a credit life insurance policy or other insurance policy."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-121, MCA, is amended to read:

"40-4-121. Temporary order for maintenance or support, temporary injunction, or temporary restraining order. (1) In a proceeding for dissolution of marriage or for legal separation or in a proceeding for disposition of property or for maintenance or support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, either party may move for temporary maintenance, temporary support of a child of the marriage entitled to support, or a temporary family support order. When a party is receiving public assistance, as defined in 40-5-201~~(12)~~, for the minor children at issue or when a party receives public assistance during the life of a temporary family support order, the temporary family support order must designate separately the amounts of temporary child support and temporary maintenance, if any. The temporary child support order or the designated child support portion of the family support order must be determined as required in 40-4-204. The motion must be accompanied by an affidavit setting forth the factual basis for the motion, the amounts requested, a list of marital estate liabilities, a statement of sources of income of the parties and of a child of the marriage entitled to support, and, in the case of a motion for a temporary family support order, a proposal designating the party responsible for paying each liability. If ordered by a court, a temporary family support order must, without prejudice, direct one or both parties to pay, out of certain income sources, liabilities of the marital estate during the pendency of the action, including maintenance liabilities for a party or support of a child of the marriage entitled to support. If income sources are insufficient to meet the marital estate periodic liabilities, the temporary family support order may direct that certain liabilities

be paid from assets of the marital estate. At any time during the proceedings, the court may order any temporary family support payments to be designated as temporary maintenance, temporary child support, or partial property distribution, retroactive to the date of the motion for a temporary family support order. When a party obtains public assistance, as defined in 40-5-201~~(12)~~, or applies for services under Title IV-D of the Social Security Act, after the court has issued a temporary family support order, the petitioner shall promptly move the court for designation of the parts, if any, of the temporary family support order that are maintenance and child support and the court shall promptly so designate, determining the child support obligation as required in 40-4-204.

(2) As a part of a motion for temporary maintenance, temporary support of a child, or a temporary family support order or by independent motion accompanied by affidavit, either party may request *that* the court ~~to~~ issue a temporary injunction for any of the following relief:

(a) restraining a person from transferring, encumbering, concealing, or otherwise disposing of any property, except in the usual course of business or for the necessities of life, and~~,~~ if so restrained, requiring the person to notify the moving party of any proposed extraordinary expenditures made after the order is issued;

(b) restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability coverage held for the benefit of a party or a child of a party for whom support may be ordered;

(c) enjoining a party from molesting or disturbing the peace of the other party or of any family member or from stalking, as defined in 45-5-220;

(d) excluding a party from the family home or from the home of the other party upon a showing that physical or emotional harm would otherwise result;

(e) enjoining a party from removing a child from the jurisdiction of the court;

(f) ordering a party to complete counseling, including alcohol or chemical dependency counseling or treatment;

(g) providing other injunctive relief proper in the circumstances; and

(h) providing additional relief available under Title 40, chapter 15.

(3) When the clerk of the district court issues a summons pursuant to this chapter, the clerk shall issue and include with the summons a temporary restraining order:

(a) restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether jointly or separately held, without either the consent of the other party or an order of the court, except in the usual course of business or for the necessities of life. The restraining order must require each party to notify the other party of any proposed extraordinary expenditures at least 5 business days before incurring the expenditures and to account to the court for all extraordinary expenditures made after service of the summons. However, the restraining order may not preclude either party from using any property to pay reasonable attorney fees in order to retain counsel in the proceeding.

(b) restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability coverage held for the benefit of a party or a child of a party for whom support may be ordered.

However, nothing in this subsection (3) adversely affects the rights, title, or interest of a purchaser, encumbrancer, or lessee for value if the purchaser, encumbrancer, or lessee does not have actual knowledge of the restraining order.

(4) A person may seek the relief provided for in subsection (2) without filing a petition under this part for a dissolution of marriage or legal separation by filing a verified petition requesting relief under Title 27, chapter 19, part 3. Any temporary injunction entered under this subsection must be for a fixed period of time, not to exceed 1 year, and may be modified as provided in Title 27, chapter 19, part 4, and 40-4-208, as appropriate.

(5) The court may issue a temporary restraining order for a period not to exceed 20 days without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury will result to the moving party if an order is not issued until the time for responding has elapsed.

(6) *The party against whom a temporary injunction is sought must be served with notice and a copy of the motion and is entitled to a hearing on the motion.* A response may be filed within 20 days after service of notice of motion or at the time specified in the temporary restraining order.

(7) At the time of the hearing, the court shall*:*

(a) inform both parties that the temporary injunction may contain a provision or provisions that limit the rights of one or both parties relating to firearms under state law or a provision or provisions that may subject one or both parties to state or federal laws that limit their rights relating to firearms; and

(b) determine whether good cause exists for the injunction to continue for 1 year.

(8) On the basis of the showing made and in conformity with 40-4-203 and 40-4-204, the court may issue a temporary injunction and an order for temporary maintenance, temporary child support, or temporary family support in amounts and on terms just and proper in the circumstance.

(9) A temporary order or injunction, entered pursuant to Title 40, chapter 15, or this section:

(a) may be revoked or modified on a showing by affidavit of the facts necessary to revocation or modification of a final decree under 40-4-208;

(b) terminates upon order of the court or when the petition is voluntarily dismissed and, in the case of a temporary family support order, upon entry of the decree of dissolution; and

(c) when issued under this section, must conspicuously bear the following: "Violation of this order is a criminal offense under 45-5-220 or 45-5-626."

(10) When the petitioner has fled the parties' residence, notice of the petitioner's new residence must be withheld except by order of the court for good cause shown."

Section 2. Section 46-7-102, MCA, is amended to read:

"46-7-102. Duty of court. (1) The judge shall inform the defendant:

(a) of the charge or charges against the defendant;

(c) of the defendant's right to have counsel assigned by a court of record in accordance with the provisions of 46-8-101;

(d) of the general circumstances under which the defendant may obtain pretrial release;

(e) of the defendant's right to refuse to make a statement and the fact that any statement made by the defendant may be offered in evidence at the defendant's trial; ~~and~~

(f) that conviction may result in the loss of various rights regarding firearms under state and federal law; and

~~(f)~~*(g)* of the defendant's right to a judicial determination of whether probable cause exists if the charge is made by a complaint alleging the commission of a felony.

AN ACT CHANGING THE WAY UNDIVIDED OWNERSHIP INTERESTS IN PROPERTY ARE ASSESSED FOR PROPERTY TAX PURPOSES; PROVIDING THAT THE OWNERS OF UNDIVIDED INTERESTS MAY BE ASSESSED SEPARATELY UPON REQUEST; PROVIDING THAT PAYMENT OF THE TOTAL PROPERTY TAX DUE BY A SINGLE OWNER MAY BE PAYMENT ON BEHALF OF ALL OF THE OWNERS OR THAT A PAYING CO-OWNER MAY, AFTER 3 YEARS OF PAYMENTS AND NOTICES TO THE NONPAYING CO-OWNER, TAKE A PROPERTY TAX LIEN ON THE

NONPAYING CO-OWNER'S INTEREST; PROVIDING THAT NONPAYMENT BY A SEPARATELY ASSESSED CO-OWNER SUBJECTS ONLY THE NONPAYING CO-OWNER'S INTEREST TO A TAX SALE; AND AMENDING SECTIONS 15-7-138 AND 15-16-102, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Common undivided ownership interest — separate assessment — property tax payments. (1) Except as provided in subsection (2), payment of all property taxes on a parcel by any co-owner is considered payment by all owners, whether or not the property is assessed and taxed separately to co-owners or to a single owner. Any payment by a co-owner in excess of the amount assessed to the co-owner must be the total amount due on the parcel or a partial payment amounting to a year of deficiency, as provided in 15-16-102(5)(a). The nonpayment of taxes by a co-owner who is separately assessed and taxed subjects only the interest of the nonpaying co-owner to a tax sale.

(2) (a) A co-owner may receive a tax lien on property in which the co-owner has an undivided interest if:

(i) the co-owner pays the proportional amount of taxes on that co-owner's interest and on another co-owner's interest;

(ii) the paying co-owner has notified the nonpaying co-owner of the property tax payments and annually demands reimbursement in writing by certified mail, return receipt requested, addressed to the nonpaying co-owner's last-known mailing address; and

(iii) the paying co-owner has paid the property taxes for 3 consecutive years without reimbursement.

(b) Upon proof that a co-owner has complied with the provisions of this subsection (2), the paying co-owner is considered the purchaser of a tax lien on the ownership interest of the nonpaying co-owner and the county treasurer shall prepare a tax sale certificate with the paying co-owner as the purchaser. The certificate shall conform to the provisions of 15-17-212, except the certificate need not contain the information required in 15-17-212(1)(a) and (1)(b). The treasurer shall comply with the provisions of 15-17-212(2) regarding the certificate.

(c) For the purposes of this subsection (2), if there are more than two co-owners, single and multiple paying co-owners can receive a tax lien on the undivided interests of single and multiple nonpaying co-owners.

Section 2. Section 15-7-138, MCA, is amended to read:

"15-7-138. Notice of classification and appraisal to single address for owners of undivided interest. (1) (a) *(i)* Subject to subsection (2), in the case of multiple, undivided interests in a parcel of land, the department shall send the notice of classification and appraisal required by 15-7-102 to a single owner of the land, as provided in this section.

(ii) For multiple undivided interests that are mining claims, upon request of all the owners, the department shall send the notice of classification and appraisal required by 15-7-102 and separate assessments to each owner of an undivided interest.

(iii) Requests for separate assessment and receipt of separate notice under subsection (1)(a)(ii) are limited to mining claims as the multiple undivided

interests existed on or prior to April 30, 2001. Additional division of interests after April 30, 2001, may not result in additional separate assessments.

(b) Except as provided in subsection (1)(c), the owners of the land shall provide to the department the name and address of the owner to whom the notice is to be sent and shall notify the department of a change in name or address. If an address is not provided, then the department shall send the notice to the address to which previous notices were sent.

(c) In the case of multiple, undivided interests in a parcel of land created after April 30, 2001, the department shall send the notice to the name and address shown on the recorded document creating the multiple, undivided interests in the land. If more than one name and address is shown on the document, the department shall send the notice to the first name and address shown on the document.

(2) A copy of the notice must be sent to other persons upon request of an owner of the land. If a parcel of land is located within the boundaries of a federally recognized Indian reservation, each individual fee patent, even when it is an undivided interest, will be treated as a separate assessment and receive a separate notice of classification and appraisal."

Section 3. Section 15-16-102, MCA, is amended to read:

"15-16-102. Time for payment — penalty for delinquency. Unless suspended or canceled under the provisions of Title 15, chapter 24, part 17, all taxes levied and assessed in the state of Montana, except assessments made for special improvements in cities and towns payable under 15-16-103, are payable as follows:

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year are delinquent and draw interest at the rate of 5/6 of 1% a month from and after the delinquency until paid, and 2% must be added to the delinquent taxes as a penalty.

(4) (a) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(b) If taxes on property qualifying under the low-income property tax assistance provisions of 15-6-134(1)(c) and 15-6-191 are paid within 20 calendar days of the date on which the taxes are due, the taxes may be paid without penalty or interest. If a tax payment is made later than 20 days after the taxes were due, the penalty must be paid and interest accrues from the date on which the taxes were due.

(5) *(a)* A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full~~taxable~~ *tax* years~~, provided that~~ *if* taxes for both halves of the current tax year have been

paid. Payment of taxes for delinquent taxes must be applied to the taxes that have been delinquent the longest. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(b) A payment by a co-owner of an undivided ownership interest that is subject to a separate assessment otherwise meeting the requirements of subsection (5)(a) is not a partial payment.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

WHEREAS, in August 1996, President Clinton announced an agreement between the federal government and Crown Butte Mines, Incorporated, that

resulted in Crown Butte abandoning further development efforts of a gold mine near Yellowstone National Park in exchange for unspecified federal assets; and

WHEREAS, in October 1997, Congress passed legislation providing $65 million to purchase the Crown Butte holdings and authorizing the transfer of $10 million of federal mineral properties or the federal mineral rights to the State of Montana as compensation for the economic opportunity lost to the people of Montana as a result of the Crown Butte agreement; and

WHEREAS, the State of Montana notified Secretary of the Interior Babbitt on February 24, 1999, of the State of Montana's selection of certain mineral tracts; and

WHEREAS, given the proximity of the property interests acquired from the federal government in the Crown Butte land exchange to the Northern Cheyenne Indian Reservation, the State of Montana should continue to work with the Northern Cheyenne in facilitating the development of the state coal interests acquired from the federal government in the Crown Butte land exchange; and

WHEREAS, the State of Montana recognizes the opportunities to export coal to coal-fueled generating plants in order to address Montana's current flat coal export market and the projected decline in coal severance tax revenue; and

WHEREAS, the State of Montana recognizes the need to develop new sources of electric power for Montana's consumers, industry, state institutions, rural cooperatives, and export to sustain economic stability and growth; and

WHEREAS, the State of Montana and the Northern Cheyenne have worked together and negotiated the Otter Creek Settlement Agreement, and the state recognizes the importance of involving the Northern Cheyenne in cultural resource inventories and assessments; and

interfere with the ability to judge the sufficiency of signatures on the petition do not render a petition void.

(2) Petition sheets may not exceed 8 1/2 x 14 inches in size. Separate sheets of a petition may be fastened in sections of not more than 25 sheets. Near the top of each sheet containing signature lines must be printed the title of the statute or constitutional amendment proposed or the measure to be referred or a statement that the petition is for the purpose of calling a constitutional convention. If signature lines are printed on both the front and back of a petition sheet, the information required above must appear on both the front and back of the sheet. The complete text of the measure proposed or referred must be attached to or contained within each signature sheet if sheets are circulated separately. The text of the measure must be in the bill form provided in the most recent issue of the bill drafting manual furnished by the legislative services division. If sheets are circulated in sections, the complete text of the measure must be attached to each section.

(3) An internet posting of petition language must include a statement that the petition language and format may not be modified. An internet posting must include an affidavit in substantially the same form as prescribed by the secretary of state pursuant to 13-27-302."

Section 3. Section 13-27-202, MCA, is amended to read:

"13-27-202. Recommendations — approval of form required. (1) Before submission of a sample sheet to the secretary of state pursuant to subsection (3), the following requirements must be fulfilled:

(2) The legislative services division shall furnish a copy of the correspondence provided for in subsection (1) to the secretary of state, who shall make a copy of the correspondence available to any person upon request.

(3) Before a petition may be circulated for signatures, a sample sheet containing the text of the proposed measure must be submitted to the secretary of state in the form in which it will be circulated. The sample petition may not be submitted to the secretary of state more than 1 year prior to the final date for filing the signed petition with the county election administrator. The secretary of state shall refer a copy of the petition sheet to the attorney general for approval. The secretary of state and attorney general shall each review the petition for sufficiency as to form and approve or reject the form of the petition, stating the reasons for rejection, if any. The attorney general shall also review the petition as to its legal sufficiency. If the attorney general determines that the petition is legally deficient, the attorney general shall notify the secretary of

state of that fact and provide a copy of the determination to the secretary of state and to the petitioner within the time provided in 13-27-312(8). As used in this section, "legal sufficiency" means that the petition complies with the statutory prerequisites to submission of the proposed measure to the electors and that the text of the proposed measure complies with constitutional requirements governing submission of ballot measures to the electorate. Review of a petition for legal sufficiency does not include consideration of the merits or application of the measure if adopted by the voters. The secretary of state or the attorney general may not reject the petition solely because the text contains material not submitted to the legislative services division unless the material not submitted to the legislative services division is a substantive change not suggested by the legislative services division.

(4) (a) The secretary of state shall review the comments and statements of the attorney general received pursuant to 13-27-312 and make a final decision as to the approval or rejection of the petition.

(b) The secretary of state shall send written notice to the person who submitted the petition sheet of the approval or rejection of the form of the petition within 28 days after submission of the petition sheet.

(c) If an action is filed challenging the validity of the petition, the secretary of state shall immediately notify the person who submitted the petition sheet.

(5) A petition with technical defects in form may be approved with the condition that those defects will be corrected before the petition is circulated for signatures.

(6) The secretary of state shall upon request provide the person submitting the petition with a sample petition form, including the text of the proposed measure, the statement of purpose, and the statements of implications, all as approved by the secretary of state and the attorney general. The petition may be circulated *by a signature gatherer* in the form of the sample prepared by the secretary of state. The petition may be circulated *by a signature gatherer* upon approval of the form of the petition by the secretary of state and the attorney general pending a final determination of its legal sufficiency."

(b) The health maintenance organization will effectively provide or arrange for the provision of basic health care services, *except as provided in [section 2],* on a prepaid basis, through insurance or otherwise, except to the extent of reasonable requirements for copayments. (c) The health maintenance organization is financially responsible and can reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner may consider:

(e) Nothing in the proposed method of operation, as shown by the information submitted pursuant to 33-31-201 or by independent investigation, violates any provision of this chapter or rules adopted by the commissioner.

(2) The commissioner may deny a certificate of authority only if the requirements of 33-31-404 are complied with.

(3) The commissioner shall examine each health maintenance organization applying for an initial certificate of authority to do business in this state. In lieu of making an examination under this part of any health maintenance organization domiciled in another state, the commissioner may accept an examination report on the organization prepared by the insurance department of the organization's state of domicile."

Section 9. Section 33-31-301, MCA, is amended to read:

"33-31-301. Evidence of coverage — schedule of charges for health care services. (1) Each enrollee residing in this state is entitled to an evidence of coverage. The health maintenance organization shall issue the evidence of coverage, except that if the enrollee obtains coverage through an insurance policy issued by an insurer or a contract issued by a health service corporation, whether by option or otherwise, the insurer or the health service corporation shall issue the evidence of coverage.

(2) A health maintenance organization may not issue or deliver an enrollment form, an evidence of coverage, or an amendment to an approved enrollment form or evidence of coverage to a person in this state before a copy of the enrollment form, the evidence of coverage, or the amendment to the approved enrollment form or evidence of coverage is filed with and approved by the commissioner.

(iv) the total amount of payment for health care services and the indemnity or service benefits, if any, that the enrollee is obligated to pay with respect to individual contracts; and

(v) a clear and understandable description of the health maintenance organization's method for resolving enrollee complaints;

(b) definitions of geographical service area, emergency care, urgent care, out-of-area services, dependent, and primary provider if these terms or terms of similar meaning are used in the evidence of coverage and have an effect on the benefits covered by the plan. The definition of geographical service area need not be stated in the text of the evidence of coverage if the definition is adequately described in an attachment that is given to each enrollee along with the evidence of coverage.

(c) clear disclosure of each provision that limits benefits or access to service in the exclusions, limitations, and exceptions sections of the evidence of coverage. The exclusions, limitations, and exceptions that must be disclosed include but are not limited to:

(g) *except as provided in [section 2]*, a provision requiring medical treatment and referral services to appropriate ancillary services for mental illness and for the abuse of or addiction to alcohol or drugs in accordance with the limits and coverage provided in Title 33, chapter 22, part 7; however:

(i) after the primary care physician refers an enrollee for treatment of and appropriate ancillary services for mental illness, alcoholism, or drug addiction, the health maintenance organization may not limit the enrollee to a health maintenance organization provider for the treatment of and appropriate ancillary services for mental illness, alcoholism, or drug addiction;

(ii) if an enrollee chooses a provider other than the health maintenance organization provider for treatment and referral services, the enrollee's designated provider shall limit treatment and services to the scope of the referral in order to receive payment from the health maintenance organization;

(iii) the amount paid by the health maintenance organization to the enrollee's designated provider may not exceed the amount paid by the health maintenance organization to one of its providers for equivalent treatment or services;

(iv) the provisions of this subsection (3)(g) do not apply to services for mental illness provided under the Montana medicaid program as established in Title 53, chapter 6;

(h) a provision as follows:

"Conformity With State Statutes: Any provision of this evidence of coverage that on its effective date is in conflict with the statutes of the state in which the insured resides on that date is amended to conform to the minimum requirements of those statutes."

(j) a provision that clearly describes the amount of money an enrollee shall pay to the health maintenance organization to be covered for basic health care services.

(4) A health maintenance organization may amend an enrollment form or an evidence of coverage in a separate document if the separate document is filed with and approved by the commissioner and issued to the enrollee.

(5) (a) ~~A~~ *Except as provided in [section 2], a* health maintenance organization shall provide the same coverage for newborn infants, required by subsection (3)(e), as it provides for enrollees, except that for newborn infants, there may be no waiting or elimination periods. A health maintenance organization may not assess a deductible or reduce benefits applicable to the coverage for newborn infants unless the deductible or reduction in benefits is consistent with the deductible or reduction in benefits applicable to all covered persons.

(b) ~~A~~ *Except as provided in [section 2], a* health maintenance organization may not issue or amend an evidence of coverage in this state if it contains any disclaimer, waiver, or other limitation of coverage relative to the accident and sickness coverage or insurability of newborn infants of an enrollee or dependents from and after the moment of birth.

(c) If a health maintenance organization requires payment of a specific fee to provide coverage of a newborn infant beyond 31 days of the date of birth of the infant, the evidence of coverage may contain a provision that requires notification to the health maintenance organization, within 31 days after the date of birth, of the birth of an infant and payment of the required fee.

(7) The commissioner may require a health maintenance organization to submit any relevant information considered necessary in determining whether to approve or disapprove a filing made pursuant to this section."

Section 10. Section 33-36-201, MCA, is amended to read:

"33-36-201. Network adequacy — standards — access plan required. (1) A health carrier offering a managed care plan in this state shall maintain a network that is sufficient in numbers and types of providers to ensure that all services to covered persons are accessible without unreasonable delay. Sufficiency in number and type of provider is determined in accordance with the requirements of this section. ~~Covered~~ *Except as provided in [section 2], covered* persons must have access to emergency care 24 hours a day, 7 days a week. A health carrier providing a managed care plan shall use reasonable criteria to determine sufficiency. The criteria may include but are not limited to:

(a) a ratio of specialty care providers to covered persons;

(b) a ratio of primary care providers to covered persons;

(c) geographic accessibility;

(d) waiting times for appointments with participating providers;

(e) hours of operation; or

(f) the volume of technological and specialty services available to serve the needs of covered persons requiring technologically advanced or specialty care.

(2) Whenever a health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the covered person obtains the covered benefit at no greater cost to the covered person than if the covered benefit were obtained from participating providers or shall make other arrangements acceptable to the department.

(3) The health carrier shall establish and maintain adequate provider networks to ensure reasonable proximity of participating providers to the businesses or personal residences of covered persons. In determining whether a health carrier has complied with this requirement, consideration must be given to the relative availability of health care providers in the service area under consideration.

(4) ~~A health carrier offering a managed care plan in this state on October 1, 1999, shall file with the department on October 1, 1999, an access plan complying with subsection (6) and the rules of the department.~~ A health carrier offering a managed care plan in this state ~~for the first time after October 1, 1999,~~ shall file with the department an access plan meeting the requirements of

subsection (6) and the rules of the department before offering the managed care plan. A plan must be filed with the department in a manner and form complying with the rules of the department. A health carrier shall file any subsequent material changes in its access plan with the department within 30 days of implementation of the change.

(5) A health carrier may request the department to designate parts of its access plan as proprietary or competitive information, and when designated, that part may not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information would cause the health carrier's competitors to obtain valuable business information. A health carrier shall make the access plans, absent proprietary information, available on its business premises and shall provide a copy of the plan upon request.

(6) An access plan for each managed care plan offered in this state must describe or contain at least the following:

(a) a listing of the names and specialties of the health carrier's participating providers;

(b) the health carrier's procedures for making referrals within and outside its network;

(c) the health carrier's process for monitoring and ensuring on an ongoing basis the sufficiency of the network to meet the health care needs of populations that enroll in the managed care plan;

(d) the health carrier's efforts to address the needs of covered persons with limited English proficiency and illiteracy, with diverse cultural and ethnic backgrounds, and with physical and mental disabilities;

(e) the health carrier's methods for assessing the health care needs of covered persons and their satisfaction with services;

(f) the health carrier's method of informing covered persons of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;

(g) the health carrier's system for ensuring the coordination and continuity of care for covered persons referred to specialty physicians and for covered persons using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;

(h) the health carrier's process for enabling covered persons to change primary care professionals;

(i) the health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and a participating provider or in the event of the health carrier's insolvency or other inability to continue operations. The description must explain how covered persons will be notified of the contract termination or the health carrier's insolvency or other cessation of operations and be transferred to other providers in a timely manner.

(j) any other information required by the department to determine compliance with this part and the rules implementing this part.

(7) The department shall ensure timely and expedited review and approval of the access plan and other requirements in this section."

Section 11. Section 33-36-205, MCA, is amended to read:

"33-36-205. Emergency services — *exception*. (1) A health carrier offering a managed care plan shall provide or pay for emergency services screening and emergency services and may not require prior authorization for either of those services. If an emergency services screening determines that emergency services or emergency services of a particular type are unnecessary for a covered person, emergency services or emergency services of the type determined unnecessary by the screening need not be covered by the health carrier unless otherwise covered under the health benefit plan. However, if screening determines that emergency services or emergency services of a particular type are necessary, those services must be covered by the health carrier. A health carrier shall cover emergency services if the health carrier, acting through a participating provider or other authorized representative, has authorized the provision of emergency services.

(2) A health carrier shall provide or pay for emergency services obtained from a nonnetwork provider within the service area of a managed care plan and may not require prior authorization of those services if use of a participating provider would result in a delay that would worsen the medical condition of the covered person or if a provision of federal, state, or local law requires the use of a specific provider.

(3) If a participating provider or other authorized representative of a health carrier authorizes emergency services, the health carrier may not subsequently retract its authorization after the emergency services have been provided or reduce payment for an item or health care services furnished in reliance on approval unless the approval was based on a material misrepresentation about the covered person's medical condition made by the provider of emergency services.

(4) Coverage of emergency services is subject to applicable coinsurance, copayments, and deductibles.

(5) For postevaluation or poststabilization services required immediately after receipt of emergency services, a health carrier shall provide access to an authorized representative 24 hours a day, 7 days a week, to facilitate review.

(6) The provisions of this section do not apply to a limited coverage individual managed care plan as provided in [sections 1 through 3]."

revoke the license or driving privilege of the person for a period of 1 year and, upon issuance of any restricted probationary license during the period of revocation, restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device. If the 1-year period passes and the person has not completed a chemical dependency education course, treatment, or both, as ordered by the sentencing court, the license revocation remains in effect until the course, treatment, or both, are completed.

(c) For the purposes of subsection (2)(b), a person is considered to have committed a second, third, or subsequent offense if fewer than 5 years have passed between the date of an offense that resulted in a prior conviction and the date of the offense that resulted in the most recent conviction.

(3) (a) If a person pays the reinstatement fee required in 61-2-107 and provides the department proof of compliance with an ignition interlock restriction imposed under 61-8-442, the department shall stay the license suspension of a person who has been convicted of a violation of 61-8-401 or 61-8-406 and return the person's driver's license. The stay must remain in effect until the period of suspension has expired and any required chemical dependency education course, treatment, or both, have been completed.

(b) If the department receives notice from a court, peace officer, or ignition interlock vendor that the person has violated the court-imposed ignition interlock restriction by, including but not limited to operating a motor vehicle not equipped with the device, tampering with the device, or removing the device before the period of restriction has expired, the department shall lift the stay and reinstate the license suspension for the remainder of the time period. The department may not issue a probationary driver's license to a person whose license suspension has been reinstated because of violation of an ignition interlock restriction.

(4) The period for all revocations made mandatory by 61-5-205 is 1 year except as provided in subsection (2).

(3) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate a vehicle has been diminished.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the person's blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than ~~0.10~~ *0.08*, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of ~~0.10~~ *0.08* or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(7) Absolute liability as provided in 45-2-104 will be imposed for a violation of this section."

Section 4. Section 61-8-406, MCA, is amended to read:

"61-8-406. Operation of noncommercial vehicle by person with alcohol concentration of ~~0.10~~ *0.08* or more — operation of commercial vehicle by person with alcohol concentration of 0.04 or more. (1) It is unlawful and punishable as provided in 61-8-442, 61-8-722, 61-8-723, and 61-8-731 through 61-8-734 for any person to drive or be in actual physical control of:

(a) a noncommercial vehicle upon the ways of this state open to the public while the person's alcohol concentration, as shown by analysis of the person's blood, breath, or urine, is ~~0.10~~ *0.08* or more; or

(b) a commercial motor vehicle upon the ways of this state open to the public while the person's alcohol concentration, as shown by analysis of the person's blood or breath, is 0.04 or more.

(2) Absolute liability, as provided in 45-2-104, will be imposed for a violation of this section."

Section 5. Section 61-8-442, MCA, is amended to read:

"61-8-442. Driving under ~~the~~ influence of alcohol or drugs — driving with excessive alcohol concentration — ignition interlock device discretionary on first offense. (1) In addition to the punishments provided in 61-8-714 and 61-8-722, regardless of disposition, the court may restrict a defendant to driving only a motor vehicle equipped with a functioning ignition interlock device and require the defendant to pay the reasonable cost of leasing, installing, and maintaining the device if:

(a) the court determines that approved ignition interlock devices are reasonably available;

(b) the defendant's blood alcohol concentration at the time of the arrest was ~~0.18%~~ *0.16* or greater; and

(c) the defendant has not been previously convicted of a violation of 61-8-401 or 61-8-406.

(2) Any restriction imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person's driving record maintained by the department in accordance with 61-11-102.

(3) The duration of a restriction imposed under this section must run parallel to the time period for suspension of the driver's license of the defendant in accordance with 61-2-107, 61-5-205, and 61-5-208 and must be monitored by the department."

Section 6. Section 61-11-203, MCA, is amended to read:

"61-11-203. Definitions. As used in this part, the following definitions apply:

(1) "Conviction" means a finding of guilt by duly constituted judicial authority, a plea of guilty or nolo contendere, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any offense relating to the use or operation of a motor vehicle that is prohibited by law, ordinance, or administrative order.

(2) "Driver in need of rehabilitation and improvement" means a person who within a 2-year period accumulates 18 or more conviction points according to the schedule specified in subsection (3).

CHAPTER NO. 330

[SB 34]

AN ACT AUTHORIZING THE DEPARTMENT OF TRANSPORTATION TO IMPLEMENT AN EXPEDITED ACQUISITION PROCESS FOR ACQUIRING PROPERTY UNDER CERTAIN CONDITIONS; AMENDING SECTIONS

60-4-104, 70-30-302, AND 70-30-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 60-4-104, MCA, is amended to read:

"60-4-104. Exercise of right of eminent domain — presumption. (1) *Subject to subsections (4) and (5), whenever* ~~Whenever~~ the department cannot acquire lands or other property or interests in the lands or property at a price or cost ~~which~~ *that* it considers reasonable, it may direct the attorney general or any county attorney to procure the interests by proceedings to be instituted as provided in Title 70, chapter 30, against all nonaccepting landholders.

(2) ~~It shall~~ *The department may* not ~~so~~ direct the attorney general or any county attorney *to procure the interests* until it adopts an order declaring that:

(a) public interest and necessity require the construction or completion by the state of the highway or improvement for one of the purposes set forth in 60-4-103;

(b) the interest described in the order and sought to be condemned is necessary for the highway or improvement;

(c) the highway or improvement is planned and located in a manner ~~which~~ *that* will be compatible with the greatest public good and the least private injury.

(3) The order creates and establishes a disputable presumption:

(a) of the public necessity of the proposed highway or improvement;

(b) that the taking of the interest sought is necessary ~~therefor~~ *for the project*;

(c) that the proposed highway or improvement is planned or located in a manner ~~which~~ *that* will be most compatible with the greatest public good and the least private injury.

(4) (a) Once the department has acquired at least three-fourths of all the parcels needed to construct a project that has been selected by the commission, it may use the procedures outlined in subsection (5) and this subsection (4) to acquire the remaining parcels required for the project.

(b) Not less than 30 days or more than 45 days after service of the summons and complaint provided for in 70-30-203, the department shall deposit into an account and in the manner provided for in 70-30-302 the estimated fair market value of the property that is to be acquired and that is described in the complaint. Once the funds are deposited, the department may request, by motion filed with the court, an order to show cause why the property should not be placed in the possession of the department as requested in the complaint.

(5) (a) If the condemnee does not file an objection to the motion within 10 days, the court shall issue the preliminary condemnation order as provided in 70-30-206 and place the condemnor in possession of the property as provided in 70-30-311.

(b) If the condemnee files an objection to the motion, the court shall schedule a hearing at which the condemnee shall appear and show cause why the property should not be placed in the possession of the department as requested in the complaint. The hearing must take place not less than 20 days or more than 30 days after the objection is filed. The court shall rule on the condemnor's motion as

soon after the hearing as possible. However, the time between the hearing and the court's decision may not exceed 30 days.

(c) The motion shall include a notice specifying that the order sought is a final order on the issue of possession of the property described in the complaint."

Section 2. Section 70-30-302, MCA, is amended to read:

"70-30-302. Assessing compensation — date and measure — interest. (1) For the purpose of assessing compensation, the right to compensation is considered to have accrued at the date of the service of the summons, and the property's current fair market value as of that date is the measure of compensation for all property to be actually taken and the basis of depreciation in the current fair market value of property not actually taken but injuriously affected. This subsection may not be construed to limit the amount of compensation payable by the department of transportation under the provisions of any legislation enacted pursuant to the federal Highway Beautification Act of 1965.

(2) If an order is made allowing the condemnor to take possession, as provided in *60-4-104(4) and (5) and* 70-30-311, the full amount finally awarded must draw interest at the rate of 10% a year from the date of the service of the summons to the earlier of the following dates:

(a) the date on which the right to appeal to the Montana supreme court expires or, if an appeal is filed, the date of final decision by the supreme court; or

(b) the date on which the condemnee withdraws from the court the full amount finally awarded.

(3) If the condemnee withdraws from the court a fraction of the amount finally awarded, interest on that fraction ceases on the date it is withdrawn but interest on the remainder of the amount finally awarded continues to the earlier of the dates referred to in subsections (2)(a) and (2)(b) until the full amount is withdrawn from the court.

(4) None of the amount finally awarded draws interest after the date on which the right to appeal to the Montana supreme court expires.

(5) Improvements put upon the property subsequent to the date of the service of summons may not be included in the assessment of compensation or depreciation in current fair market value and may not be used as the basis of computing compensation or depreciation."

Section 3. Section 70-30-311, MCA, is amended to read:

"70-30-311. Putting condemnor in possession. (1) At any time after the filing of the preliminary condemnation order *pursuant to 70-30-206 or an order as provided in 60-4-104(4) and (5)* and while it retains jurisdiction, the court upon application of the condemnor may make an order that~~,~~*:*

(a) upon payment into court of the amount of compensation claimed by the condemnee in the condemnee's statement of claim of just compensation under 70-30-207 or the amount assessed either by the commissioners or by the jury, the condemnor is authorized:

~~(a)~~*(i)* if already in possession of the property of the condemnee that is sought to be taken, to continue in possession; or

~~(b)~~*(ii)* if not in possession, to take possession of the property and use and possess the property during the pendency and until the final conclusion of the proceedings and litigation*;* and ~~that~~

(b) all actions and proceedings against the condemnor on account of the possession are stayed until ~~that time~~ *the final conclusion of the proceedings and litigation*.

(2) If the condemnee fails to file a statement of claim of just compensation within the time specified in 70-30-207, the condemnor may obtain an order for possession provided for in subsection (1), subject to the condition subsequent that a condemnor's payment into court must be made within 10 days of receipt of the condemnee's statement of claim.

(3) However, when an appeal is taken by the condemnee, the court may require the condemnor before continuing or taking possession, in addition to paying into court the amount assessed, to give a bond or undertaking with sufficient sureties approved by the court and in an amount that the court may direct, conditioned to pay the condemnee any additional damages and costs above the amount assessed, which is finally determined as the amount that the condemnee is entitled to for the taking of the property, and all damages that the condemnee may sustain if for any cause the property is not finally taken for public use.

(4) The amount assessed by the commissioners or by the jury on appeal is considered, for the purposes of this section and until reassessed or changed in the further proceedings, as just compensation for the property taken. However, the condemnor, by payment into court of the amount claimed in the answer or the amount assessed or by giving security as provided in subsection (3), may not be prevented from appealing from the assessment but may appeal in the same manner and with the same effect as if money had not been deposited or security had not been given.

(5) (a) Subject to subsection (5)(b), in all cases in which the condemnor deposits the amount of the assessment and continues in possession or takes possession of the property, as provided in this section, the condemnee, if there is no dispute as to the ownership of the property, may at any time demand and receive upon order of the court all or any part of the money deposited. The demand or receipt may not preclude the condemnee's right of appeal from the assessment. However, if the amount of the assessment is finally reduced on appeal by either party, the condemnee who has received all or any part of the amount deposited is liable to the condemnor for any excess of the amount received over the amount finally assessed, with legal interest on the excess from the time the condemnee received the money deposited. The excess, plus interest, may be recovered by a civil action. Upon any appeal from an assessment by the commissioners to a jury, the jury may make a finding for any amount that it considers appropriate.

(b) The court may not order the delivery to any condemnee of more than 75% of the money deposited on the condemnee's account except upon posting of bond by the condemnee equal to the amount in excess of 75%, with sureties to be approved by the court, to repay to the condemnor amounts withdrawn that are in excess of the condemnee's final award in the proceedings."

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Applicability. [This act] applies to actions initiated on or after [the effective date of this act].

CHAPTER NO. 332

[SB 86]

AN ACT REVISING ACCOUNTING, BUDGETING, AND APPROPRIATION LAWS; AUTHORIZING STATE SPECIAL AND OTHER FEDERAL FUND SWITCHES; CHANGING THE DATE FOR STATE AGENCIES TO ANNUALLY REPORT ACCOUNTING INFORMATION TO THE LEGISLATIVE FINANCE COMMITTEE; CLARIFYING THE CALCULATION OF BALANCED FINANCIAL PLANS THAT REDUCE THE PROPOSED BASE BUDGET FOR AGENCIES WITH MORE THAN 20 FTE; PROVIDING BUDGET AMENDMENT EXCEPTIONS FOR STATE SPECIAL REVENUE; AMENDING SECTIONS 17-2-108, 17-2-304, 17-7-111, AND 17-7-402, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-108, MCA, is amended to read:

"17-2-108. Expenditure of nongeneral fund money first. (1) Except for the exemptions applicable to the Montana historical society in 22-3-114(5) and the Montana state library in 22-1-226(5), an office or entity of the executive, legislative, or judicial branch of state government shall apply expenditures against appropriated nongeneral fund money whenever possible before using general fund appropriations.

(2) The approving authority, as defined in 17-7-102, shall authorize the decrease of the general fund appropriation of an agency by the amount of money received from federal sources in excess of the appropriation in an appropriation act unless the decrease is contrary to federal law, federal rule, or a contract or unless the approving authority certifies that the services to be funded by the additional money are significantly different than those for which the agency received the general fund appropriation. If directed by an appropriation act, the approving authority shall decrease the general fund appropriation of an agency by the amount of money received from nonfederal sources in excess of the appropriation unless the decrease is contrary to state law, state rule, or a

contract or unless the approving authority certifies that the services to be funded by the additional money are significantly different than those for which the agency received the general fund appropriation. If the general fund appropriation of an agency is decreased pursuant to this section, the appropriation for the fund in which the money is received is increased in the amount of the general fund decrease.

(3) If directed by an appropriation act, the approving authority may decrease a state special revenue, proprietary, or other funds appropriation of an agency by the amount of money received from federal sources in excess of the appropriation unless the decrease is contrary to state or federal law or federal rule. The appropriation for the fund in which the money is received is decreased by the amount of the federal special revenue increase allowed by law, rule, or contract and approved for the purpose."

Section 2. Section 17-2-304, MCA, is amended to read:

"17-2-304. Reports required. (1) The approving authority for a state agency shall annually report in writing to the legislative finance committee by ~~August 1~~ *September 15*:

(a) each state agency that had a cash balance in a state charge for services fund contrary to the limitation provided in 17-2-302(1) during the previous 12 months;

(b) the facts certified for each state agency by the approving authority pursuant to 17-2-302(2);

(c) each state agency that has complied with the requirements of 17-2-303 and the circumstances of the agency's compliance; and

(d) each state agency that has not complied with 17-2-303 and the circumstances of the agency's noncompliance.

(2) The director of the department of administration shall report to the legislature at the time and in the manner required by 5-11-210 a list of each local government entity that had a balance in a local charge for services fund contrary to the limitation provided by 17-2-302(1) or that failed to reduce the charge as provided in 17-2-303, or both, during the previous 12 months."

Section 3. Section 17-7-111, MCA, is amended to read:

"17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state's budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency's budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation or enterprise funds that transfer profits to the general fund or to an account subject to appropriation for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. *Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund.* The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; and

(h) other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide summary of recommendations for information technology projects and new initiatives. Each recommendation must be presented by institution, agency, or branch and by funding source, and recommendations for major new information technology projects must contain the information identified in 2-17-526.

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

(d) agency proposals for the use of cultural and aesthetic project grants under Title 22, chapter 2, part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and development grants program under Title 90, chapter 2, part 11, and the treasure state endowment program under Title 90, chapter 6, part 7.

(5) The board of regents shall submit, with its budget request for each university unit in accordance with 17-7-112, a report on the university system bonded indebtedness and related finances as provided in this subsection (5). The report must include the following information for each year of the biennium, contrasted with the same information for the last completed fiscal year and the fiscal year in progress:

(a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

(b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal funding requirements for each bond indenture; and

(c) a schedule showing the total funds available from each bond indenture and its associated accounts, with a list of commitments and planned expenditures from such accounts, itemized by revenue source and project for each year of the current and ensuing bienniums.

(6) The budget director may not obtain copies of individual income tax records protected under 15-30-303. The department of revenue shall make individual income tax data available by removing names, addresses, occupations, social security numbers, and taxpayer identification numbers. The

department of revenue may not alter the data in any other way. The data is subject to the same restrictions on disclosure as are individual income tax returns."

Section 4. Section 17-7-402, MCA, is amended to read:

"17-7-402. Budget amendment requirements. (1) Except as provided in subsection (7), a budget amendment may not be approved:

(a) by the approving authority, except a budget amendment to spend:

(ix) revenue collected for the Drinking Water State Revolving Fund Act under the provisions of Title 75, chapter 6, part 2; or

(x) state special revenue adjustments required to allocate costs for leave or terminal leave within an agency in accordance with federal circular A-87;

(b) by the approving authority if the budget amendment contains any significant ascertainable commitment for any present or future increased general fund support;

(c) by the approving authority for the expenditure of money in the state special revenue fund unless an emergency justifies the expenditure or the expenditure is exempt under subsection (5);

(d) by the approving authority unless it will provide additional services;

(e) by the approving authority for any matter of which the requesting agency had knowledge at a time when the proposal could have been presented to an appropriation subcommittee, the house appropriations committee, or the senate finance and claims committee of the most recent legislative session open to that matter, except when the legislative finance committee is given specific notice by the approving authority that significant identifiable events, specific to Montana and pursuant to provisions or requirements of Montana state law, have occurred since the matter was raised with or presented for consideration by the legislature; or

(f) to extend beyond June 30 of the last year of any biennium, except that budget amendments for federal funds may extend to the end of the federal fiscal year.

(2) A general fund loan made pursuant to 17-2-107 does not constitute a significant ascertainable commitment of present general fund support.

(3) Subject to subsection (1)(f), all budget amendments must itemize planned expenditures by fiscal year.

(4) Each budget amendment must be submitted by the approving authority to the budget director and the legislative fiscal analyst.

(5) Money from nonstate or nonfederal sources that would be deposited in the state special revenue fund and that is restricted by law or by the terms of a written agreement, such as a contract, trust agreement, or donation, is exempt from the requirements of this part.

AN ACT CLARIFYING APPOINTMENT BY COUNTY COMMISSIONERS TO A VACANCY IN THE LEGISLATURE; CLARIFYING THE ROLE OF THE COUNTY CENTRAL COMMITTEE; REVISING THE TIMEFRAME FOR NOTIFICATIONS AND APPOINTMENT; CLARIFYING THE BEGINNING OF A TERM OF OFFICE FILLED BY AN APPOINTMENT; ALLOWING AN APPOINTMENT PRIOR TO AN ELECTION IF A SPECIAL LEGISLATIVE SESSION IS CALLED; AMENDING SECTIONS 5-2-402, 5-2-403, 5-2-404, 5-2-406, AND 5-2-407, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 5-2-402, MCA, is amended to read:

"5-2-402. Appointment by board of county commissioners — *county central committee role — timeframes.* (1) ~~When~~ *Except as provided in subsection (5) or as otherwise provided by law, whenever* a vacancy occurs in the legislature, the vacancy ~~shall~~ *must* be filled by appointment by the board of county commissioners or, in the event of a multicounty district, the boards of county commissioners *of the counties* comprising the district sitting as one appointing board.

(2) (a) Whenever a vacancy is within a single county, the board of county commissioners shall make the appointment as described in 5-2-403, 5-2-404, or 5-2-406.

~~(2)~~*(b)* Whenever *a vacancy is within a multicounty district, the* boards of county commissioners *shall* sit as one appointing board~~,~~. *The* selection of an individual to fill the vacancy must be as follows:

~~(a)~~*(i)* The ~~chairman~~ *presiding officer* of the board of county commissioners of the county in which the person resided whose vacancy is to be filled shall call a meeting for the purpose of appointing the member of the legislature~~,~~ and ~~he~~ shall ~~act as the presiding officer of~~ *preside at* the meeting.

~~(b)~~*(ii)* Each commissioner's vote is determined by the following formula: 100 multiplied by (A divided by B) multiplied by (1 divided by C), where*:*

(A) A is the total votes cast in the respective county for the person vacating the legislative seat or, if ~~such~~ *the vacating* person was not ~~himself~~ elected, the votes cast for the last person to be elected for the current term~~,~~*;*

(B) B is the total votes cast for that person in the legislative district~~,~~*;* and

(C) C is the number of authorized commissioners on the board of the commissioner whose vote is being determined.

(iii) The person selected to fill the vacancy is the one who receives the highest number above 50 that results from the calculation in subsection (2)(b)(ii). If none of the candidates receives a number higher than 50 from that calculation, the selection board shall cast its votes again in the same manner for the persons receiving the two highest numbers. If neither vote results in a candidate receiving a number higher than 50 from the calculation provided in subsection (2)(b)(ii), then 5-2-404 applies.

(c) If a vacancy occurs in a holdover senate seat after holdover senators have been assigned to new districts under each reapportionment, the formula *in*

subsection (2)(b)(ii) must be applied using the votes cast for the senatorial candidates at the last election in which ~~such~~ votes were cast *for a senate candidate*. ~~Such~~ *Only the number of* votes ~~shall include only those~~ cast by electors residing in the new senate district for senate candidates of the party to which the person vacating the seat belonged *may be counted*. The secretary of state shall provide an estimate of the number of votes ~~so~~ cast~~,~~ *for each party* by county or portion ~~thereof~~ *of a county*. *The selection process is the same as provided in subsection (2)(b)(iii).*

~~(c) The person selected to fill the vacancy is the one who receives the highest number above 50 that results from the calculation required by this subsection (2). If no candidate receives a number higher than 50 from that calculation, the selection board shall cast its votes again in the same manner for the persons receiving the two highest numbers.~~

(3) The appointment ~~of a legislator~~ *process to fill a vacant legislative seat* under this section ~~must take place within 15 days after the vacancy occurs.~~ *is as follows:*

(a) Within 7 days of being notified of a vacancy as described in 2-16-501, the secretary of state shall notify the board of county commissioners and the county central committee of the county where the vacating legislator is a resident, if the legislative seat is within one county, or the boards of county commissioners and the corresponding county central committees if the legislative seat is in a multicounty district. If the legislator is an independent or belongs to a party for which there is no county central committee, the notification of county commissioners suffices.

(b) The county central committee or committees, upon receipt of notification of a vacancy, have 45 days to propose a list of prospective appointees, pursuant to 5-2-403(1). The county central committee or the county central committees, acting together, shall forward the list of names to the appointing board within the 45 days.

(c) The appointing board shall make and confirm an appointment and notify the secretary of state within 15 days:

(ii) after 45 days have expired after the notification of vacancy if the county central committee or committees have not provided a list of prospective appointees; or

(iii) after notification of a vacancy if the legislator vacating the seat is an independent.

(4) If the legislature is in session, the notification process in subsection (3)(a) must be followed within 5 days. The process described in subsection (3)(b) must take place in 5 days. The process described in subsection (3)(c) must take place in 5 days.

(5) Notwithstanding subsection (6), if a vacancy occurs prior to a primary election, 13-10-326 applies. If a vacancy occurs after a primary and prior to a general election, 13-10-327 applies.

Section 2. Section 5-2-403, MCA, is amended to read:

"5-2-403. Appointee to be of same political party. (1) Whenever ~~his~~ *an appointee's* predecessor served as a member of a political party, the appointee named under 5-2-402 ~~shall~~ *must* be a member of the same political party and ~~shall~~ *must* be selected from a list of three individuals provided*:*

(a) by the *county central committee in a district within a single county; or*

(b) by the county central committees, acting together, *in a multicounty district, as described in 5-2-402* ~~of the counties wherein a portion of the senate district lies~~.

However, the appointment may run only until a person* ~~shall be~~ *is* elected to complete the term at ~~that~~ *the upcoming* general election *and sworn into office*. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs 75 days or more prior to the primary election during the second year, the same procedure as is used for senators who will be elected to full 4-year terms at that general election ~~shall~~ *must* be utilized.

(b) Whenever the vacancy occurs on or after the 75th day prior to the primary election, any political party desiring to enter a candidate in the general election shall select a candidate as provided in 13-10-327 and 13-38-204. (2) Whenever a vacancy occurs on or after the 85th day prior to the general election held during the second year of the term, the person appointed by the board under 5-2-402 shall serve until the end of the term."

[SB 315]

AN ACT PROVIDING FOR A FEASIBILITY STUDY TO ASSESS CONDITIONS AFFECTING RAIL FREIGHT COMPETITION IN MONTANA AND TO ANALYZE POSSIBILITIES TO IMPROVE RAIL FREIGHT COMPETITION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, 63 Class I freight railroads competed in the United States in 1976 and today only 8 Class I railroads traverse this country with limited competition and the control of more than 91% of all U.S. rail freight revenue; and

WHEREAS, in 2001 one railroad posted more than 97% of revenue earned in Montana from rail freight movement in and out of the state, as reported to the Public Service Commission; and

WHEREAS, railroads have seen an overall dwindling of their customer base in part because of business decisions linked to competition from other freight transporters; and

WHEREAS, three of Montana's major industries ship bulk quantities of mining, timber, and agricultural products out of state to compete in regional, national, and world markets against products on which pricing may benefit from lower variable costs in part because of competition in freight rates; and

WHEREAS, the Legislature considers greater understanding of the economic benefits of rail freight competition and the barriers to rail freight competition to be a key step forward in finding ways to promote economic development of Montana.

Be it enacted by the Legislature of the State of Montana:

Section 1. Feasibility study on rail freight competition. (1) The office of economic development, established in 2-15-218, shall, subject to subsection (3), present a report to the 59th legislature, as provided in 5-11-210, concerning the status of rail freight competition and its impacts on economic development in Montana. (b) benchmarks as provided through a comparison of rail freight rates and competition in the region;

(c) an analysis of the benefits of rail freight competition on economic development in Montana;

(d) an analysis of the potential for public or private investment in improved rail freight competition;

(e) proposals for various methods to improve rail freight competition in areas where competition is nonexistent or minimal and an analysis of each method's feasibility; and

(f) analysis of the costs and the benefits of state-owned infrastructure compared with privately owned infrastructure associated with additional rail lines intended to promote greater rail freight competition.

(2) The office of economic development may convene a task force of economists, members of the transportation industry, members of natural resource industries that use various forms of freight transportation to ship products to market, and experts in related fields to provide guidelines for the feasibility study.

(3) The office of economic development shall secure funding from federal and private sources to cover the costs of the feasibility study. If funding is insufficient, the requirements for the study are void.

CHAPTER NO. 345

[HB 170]

AN ACT REVISING THE LAW RELATING TO REVOCATION OF A SUSPENDED OR DEFERRED SENTENCE BY PROVIDING THAT RECENT LEGISLATIVE CHANGES TO THE REVOCATION LAW APPLY RETROACTIVELY; AMENDING SECTION 46-18-203, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence or any condition of a deferred imposition of sentence, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified, unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence. However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any lesser sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit, however, must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to offenders in the custody of or under the supervision of the department of corrections on [the effective date of this act].

(b) the court has informed the defendant of the consequences of the plea and of the maximum penalty provided by law that may be imposed upon acceptance of the plea.

plea of guilty or nolo contendere to be withdrawn and a plea of not guilty substituted. *A judgment becomes final for purposes of this subsection (2):*

(a) when the time for appeal to the Montana supreme court expires;

(b) if an appeal is taken to the Montana supreme court, when the time for petitioning the United States supreme court for review expires; or

(c) if review is sought in the United States supreme court, on the date that that court issues its final order in the case.

(3) For purposes of this section, in cases in which the defendant is charged with a misdemeanor offense, an entry of a plea of guilty or nolo contendere through the use of two-way electronic audio-video communication, allowing all of the participants to be observed and heard in the courtroom by all present, is considered to be an entry of a plea of guilty or nolo contendere in open court. Audio-video communication may be used if neither party objects and the court agrees to its use. The audio-video communication must operate as provided in 46-12-201."

Section 2. Effective date. [This act] is effective July 1, 2003.

Section 3. Applicability. [This act] applies to all offenders who plead guilty on or after [the effective date of this act].

Be it enacted by the Legislature of the State of Montana:

Section 1. Small tract petition to exclude land from future services, assessments, and liability of irrigation district. (1) (a) Subject to subsection (1)(b), whenever a tract of record that is 3 acres or smaller in size is located within an irrigation district, is not served and has not been served for the previous 5 years by any district system, facility, or other undertaking, and cannot be served without an unreasonable burden being placed on the owner of the tract or the district, the owner of the tract may:

(c) A tract owner may file a request with the district to exclude a tract from future services, assessments, and liability of the district. The district may agree with the tract owner on any amount determined appropriate for that exclusion.

(g) a request that the tract be excluded from future services, assessments, and liability of the irrigation district; and

(3) (a) Subject to subsection (3)(b), the severance fee that must be paid by an owner of a tract petitioning the district court to exclude a tract from future services, assessments, and liability of the irrigation district must be determined by adding the following:

(i) the present value of existing irrigation district debt apportioned to the petitioned tract; and

(4) Upon filing the petition with the court, the petitioner shall mail a copy of the completed petition by certified mail to the irrigation district that is subject to the petition.

(5) The petitioner shall file the petition, proof of mailing pursuant to subsection (4), and a $20 fee with the clerk of the district court for the county in which the irrigation district was created.

(6) Within 45 days of the date of the filing of the petition, the irrigation district may file an objection to the petition. To be valid, the objection must provide sufficient evidence that the provisions of subsection (1) do not apply.

(7) If a valid objection is filed, the district court may hold a hearing if necessary to resolve the facts stated in the petition.

(8) The court shall grant the petition to exclude the tract from future services, assessments, and liability:

(a) if no objections are filed within 45 days of filing the petition; or

(b) upon determination of the district court that the petition is sufficient.

(9) The district court shall forward to the irrigation district:

(a) a copy of the order granting the exclusion; and

(b) the severance fee.

(10) A petition granted pursuant to this section excludes the owner of the petitioned tract from:

(a) irrigation district services, assessments, and liability;

(b) holding an office on the district board;

(c) participating in future district administrative matters; and

(d) objecting to a petition by the district to remove the acreage from the district boundaries as provided in 85-7-1802.

(11) Once a petition is granted, services, assessments, administrative fees, miscellaneous fees, and charges may not be collected from the owner of the petitioned tract and the owner is exempt from future liability of the district.

(2) On a two-lane highway where passing is unsafe because of *oncoming* traffic ~~in the opposite direction~~ or other conditions, *the operator of* a slow-moving vehicle~~, including a passenger vehicle,~~ behind which four or more vehicles are formed in line shall turn off the roadway at the nearest ~~place designated as a turnout by signs erected by the authority having jurisdiction over the highway or wherever sufficient~~ area ~~for a~~ *where a sufficient and* safe turnout exists in order to permit the vehicles following it to proceed. If the shoulder of the highway to the right of the ~~overtaken~~ *slow-moving* vehicle is wide enough and is in a condition allowing safe travel, the ~~driver~~ *operator* of the ~~overtaken~~ *slow-moving* vehicle may drive onto the shoulder and proceed at a safe speed until passed. As used in this section, a slow-moving vehicle is one ~~which~~ *that* is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. The department of transportation is authorized to designate and construct ~~such~~ turnouts and to erect ~~signs~~ *official traffic control devices* at appropriate places advising motorists of this statute.

(3) If the department of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway ~~consistently~~ impede the normal and reasonable movement of traffic, the commission or the local authority may set a minimum speed limit below which a person may not ~~drive~~ *operate* a vehicle except when necessary for safe operation or in compliance with law."

When giving way to the right on a two-lane highway, the ~~driver~~ *operator* of the vehicle being overtaken may travel upon the shoulder at a safe speed until passed if the shoulder is wide enough and is in a condition allowing safe travel."

Section 8. Section 61-8-324, MCA, is amended to read:

ahead to permit ~~such~~ *the* overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. ~~In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction.~~

(2) ~~No~~ *A* vehicle ~~shall at any time~~ *may not* be driven to the left side of the roadway under the following conditions:

(a) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within ~~such~~ *a* distance ~~as to create~~ *that creates* a hazard in the event *that* another vehicle might approach from the opposite direction;

(b) when approaching within 100 feet of or traversing any intersection or railroad grade crossing, *unless otherwise indicated by an official traffic control device*; *or*

(c) when the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(2) Upon a roadway that is divided into three lanes *and that provides for two-way movement of traffic*, a vehicle may not be ~~driven~~ *operated* in the center lane except:

(a) when overtaking and passing another vehicle ~~where the roadway is clearly visible~~ *traveling in the same direction where passing is allowed* and *where* the center lane is clear of traffic within a safe distance;

~~(b) in preparation for a left turn;~~ or
